NEWCASTLE, MAY 6th, 1908

NEWCASTLE CAN

HANDLE THE ORE

We trust that the public-spirited
citizens of Newcastle will be able to
show the companies that have pre-
empted iron mining claims on the
Nepisiguit and North West Miramichi
that Newcastle is the most accessible
and desirable point for smelting and
shipping the ore that will be produc-
ed from the said mines. We have
excellent deep water facilities here,
and lots of wharf room. It will pay
the Drummond people to investigate
well our advantages before making
arrangements elsewhere.

THE MIRAMICHI'S TURN.

We hope that the Chatham and
Newcastle delegation now at Ottawa
will be able to persuade the govern-
ment to send the exhibition grant
next year to the Miramichi. It
would only be fair to this section of
the province for St. John, Moncton
and Fredericton to forego their claims
this time, and allow the Miramichi to
take the position to which her popu-
lation and industry entitles her.
Within a radius of five miles we have
this river a population of 10,000
souls, a number about as great as
Fredericton, Maryville and Gibson
can muster, and Moncton and its sub-
urbs can show. Since subsidies are
going, it is clearly our turn to partici-
pate in the advantages accruing
therefrom.

THE TOWN COUNCIL.

The Newcastle Town Council show
a disposition to devote considerable
time and thought to civic affairs, and
so long as they continue to do so they
should have the hearty support and
co-operation of all good citizens.

The Alderman's lot is not an easy
one by any means. He gets no re-
muneration for his services, other
than the gratitude of the citizens,
which in many cases is grudgingly
given, or entirely withheld, or foolishly
misplaced. He must devote to
public affairs much of the time and
energy needed, in these days of fierce
and reckless competition, in his private
business. All criticism of the
Council or of individual aldermen
should be based on facts and not on
inference or hearsay, and should be
open and aboveboard. From the
complexion of the committee, it
would look as if the Town's business
might be conducted along pretty
much the same lines as last year and
fairly well.

THE SPEECH FROM

THE THRONE

The speech from the throne, read
by the Lieutenant Governor at the
opening of the House of Assembly on
the 30th ultimo, promises lots of
legislation for the present session.

A measure will be introduced for
the purpose of securing a more
thorough audit of the public accounts
than has hitherto existed, and of
vesting the Auditor-General with
greater power than he has hitherto
enjoyed. Another will deal with
the question of Highways, with the
idea of placing large control over the
roads in the hands of the Municipal
Councils. A measure will be intro-
duced providing for a commission to
investigate the receipts and expendi-
ture, and all matters connected with
the construction and operation of the
railway from Ncton to Minto. Ar-
other section promises negotiations
with publishers for obtaining cheaper
school books. Bills, having for their
object the development of the agricul-
tural interests of the province; to
amend "Workmen's Compensation
for Injuries Act," and other measures
are also promised. Altogether the
session will be a busy one.

Brilliant Opening
of Legislature

Donald Morrison Unanimously
Elected Speaker of New
House.

FREDERICTON, Thursday. — The
opening of the first session of the
fifth legislature of New Brunswick
which took place this afternoon was
without doubt one of the most bril-
liant ceremonials of the kind which
has taken place for many years past.
Upwards of one half of the members
are new to the business and the ma-
jority of them spent the morning in
getting used to their surroundings.
At noon the Chief Justice attended in
the Assembly chamber for the pur-
pose of swearing in the new members
and the proceedings were watched with
interest by a large number of spec-
tators. About half past two the
guard of honor from the 71st Regi-
ment, assembled and accompanied by
their band marched to the Legislative
buildings to await the arrival of the
Lieut.-Governor. On His Honor's ar-
rival he was greeted with a salute
from the guns of the detachment of
artillery and the playing of the Na-
tional anthem by the band. Inside
the Assembly chamber was a scene
of great brilliancy. The day being
fine, the ladies were adorned with cos-
tumes of gorgeous hues and these
with the uniforms of the military staff
presented a scene of unusual splendor.
The first business was the election of
a speaker and the Premier in a few
well chosen words moved that Mr.
Donald Morrison, of Northumberland,
do take the chair as Speaker. This
was seconded by Provincial Secretary
Fleming, and after Mr. C. W.
Robinson had added a few congratu-
latory words, Mr. Morrison was de-
clared elected and was escorted to the
chair by his proposer and seconder.
His Honor the Lieut.-Governor having
now arrived the speaker elect pre-
sented himself to His Honor for his ap-
proval, which was signified in the cus-
tomary manner. His Honor then de-
livered his speech.

The address in reply was moved by
Dr. McInerney, St. John, and seconded
by Mr. F. M. Sproul, Kings, in
eloquent speech. Mr. C. W. Robi-
nson moved the adjournment of the
debate. After the Auditor-General's
and other reports and various returns
from municipalities had been laid on
the table, the House adjourned till
tomorrow at 3 p. m.

"THE NEW BRUNSWICKER."

The above is the title of Mr. W. I.
Skillen's magazine, which is nicely
printed, well illustrated and contains
a number of readable articles, stories
and other matter usually found in
monthly publications, with of course,
special references to New Brunswick
interests and developments. A depart-
ment of photography is to be a month-
ly feature, which will be helpful to
the amateur. Mr. Skillen says that
the pages of his magazine will be open
for the discussion of topics of general
interest which treated fairly and inde-
pendently; and he asks particularly
articles bearing upon mineral and
industrial development and technical
education. The reader who looks
through the pages of "The New
Brunswicker" will have a very kindly
feeling for doing it. The subscription
price is one dollar a year.—Published
in St. Martins, N. B.

THE MILLS.

W. A. Hickson's mill started Mon-
day morning. John McKane's resum-
ed operations yesterday. D. & J.
Ritchie's may start before the end of
the week, and also J. W. Vander-
beck's of Millerton. Burchill's and
Lynch's at Nelson will not start for a
few days yet. The Rensou Lumber
company started sawing the frame for
the Beveridge paper mill, which will
be constructed as fast as possible.

THE DERBY JCT. VICTIMS.

The gentlemen hurt in the recent
wreck at Derby Jct. are now progress-
ing favorably towards recovery.

A mother's appeal to her buy your

Town Electrician Follonsbee has
been confined to his home the last day
or two by illness.

Men who have seen our line of neck
ties that just arrived this week say they
are the trappest things they have seen.
The city price is 75 cents, our price is

It's easy for a defeated candidate
who was promised the support of his
friends to believe King David was
right when he said "All men are liars."

Well, well, well, the boys are just
ceasing us moving and why? When we
carry everything a man requires, the
prices, the goods, the dealings are all
right.

Does Your
Heart Beat

Yes, 100,000 times each day.
Does it send out good blood
or bad blood? You know, for
good blood is good health;
bad blood, bad health. And
you know precisely what to
take for bad blood—Ayer's
Sarsaparilla. Doctors have
endorsed it for 60 years.

One frequent cause of bad blood is a sluggish
liver. This produces constipation. Pimples
appear on the face and about the head.
Keep the bowels open with Ayer's Pills.

W. C. T. U. MEETING.

Society or not. After this, the Union

Skin Eruptions
And Pimples

Disappear Under a Treatment
With Dr. Williams' Pink
Pills

There can be health and vigor only
when the blood is rich and red. There
are thousands of young men just
approaching manhood who need the
rich, red blood that only Dr. Williams'
Pink Pills can make. They
are thousands of young men who
exhaustion, and who feel by the time
they have done their day's work, as
though the day was a week long. In
some cases there is a further sign of
weakness in the form of skin eruptions
which break out on the face. These
are certain signs that
blood is out of order and that a
complete breakdown may result. In
this emergency Dr. Williams' Pink
Pills is the medicine these young men
should take. These pills actually
make rich, red blood. They clear
the skin of pimples and eruptions and
bring health, strength and energy.

Here is the experience of Adolph
Roland, of St. Jerome, Que., a young
man 19 years of age, who says: "For
more than a year I suffered from
general weakness, and I gradually
grew so weak that I was forced to
abandon my work as a clerk. My
appetite failed me, I had violent
headaches and I began to suffer from
indigestion. I was failing so rapidly
that I began to fear that consumption
was fastening itself upon me. Our
family doctor treated me, but I did
not gain under his care. I was in a
very discouraged state when a friend
from Montreal came to see me. He
strongly advised me to try Dr.
Williams' Pink Pills. I did so, and
inside of three weeks I began to feel
better; my appetite began to improve
and I seemed to have a feeling of new
courage. I continued the pills till I
had taken ten boxes and I am now
enjoying the best health I ever had.
My cure surprised many of my friends
who began to regard me as incurable,
and I strongly advise other young
men who are weak to follow my
example and give Dr. Williams' Pink
Pills a fair trial." Bad blood is the
cause of all common diseases like
anemia, heartaches, neuralgia, rheu-
matism, sciatica, indigestion, all
nervous troubles, general weakness
and the special ailments that only
women folk know. Dr. Williams'
Pink Pills are the cure, because they
go right to the root of the trouble in
the blood. They change the
bad blood into good blood, and
bring health, strength and
energy. You can get these pills from
any medicine dealer, or by mail at 50¢
a box, or six boxes for \$2.50 from the
Dr. Williams' Medicine Co., Brock-
ville, Ont.

ROYAL SCOTS CONCERT.

Small audiences, but wonderfully
well satisfied that they had not
missed the opportunity of hearing the
Royal Scots Concert Co., attended the
Opera House on the 28th and 30th ult.
We venture to say that never had a
Newcastle audience greater reason to
be satisfied with their entertainment.
Mr. Colburn, accompanist, is a
most accomplished pianist. His
playing left nothing to be desired.
Mr. Howard proved himself to be
what advanced notices said—the
Prince of entertainers. His ventri-
loquial performances cannot well be
surpassed, his puppets speaking so
naturally as almost to deceive the
hearer. As an instrumental musician,
Mr. Howard takes a very high place.
Mr. Neil, tenor, and Miss Donaldson,
soprano, were singers such as it is an
inspiration to hear. They carried the
listeners away with them whether
they would—now merry and hopeful,
now gloomy and sad, as the spirit of
the songs required.

Among Miss Donaldson's most
noteworthy pieces were "Over the
Sea to Yae," "A Hundred Pipers,"
"Home, Sweet Home," etc.; and
among Mr. Neil's, "The Maid of
Malcolm," "North, the Pride of Kil-
dare," etc. As duets they sang
"Hunting Tower," "Bonnie Doon,"
"The Crookit Lawbee," "The Keel
Row," etc., most charmingly. Those
who were not present missed a rare
treat.

MRS. WM. MACDONALD.

The many friends of Mrs. William
MacDonald were shocked to learn of
her death, of heart failure, Monday
April 13th, at her ranch home near
Gunnison.

She was born in Newcastle, Canada,
52 years ago, at Chatham, N. B.
1856. Wm. MacDonald and Miss Jane
Johnson plighted their troth. Four
sons blessed the union, Fred, Finley,
Herbert and James, who with their
father are prominent and prosperous
ranchmen and cattlemen of the
Gunnison valley. They came to
Denver in 1870 and located in Gun-
nison in 1882 where the family are well
and favorably known.

Mrs. MacDonald was a life long
christian, a member of the Presby-
terian church. The funeral was
largely attended by the ranchmen and
their families from all over the
country, interment at Mason's and
Oddfellow's Cemetery. The casket
was covered with beautiful flowers
laid on by sorrowing friends and
neighbors. The friends of the family
extend sympathy to the bereaved
husband in this hour of sorrow.

PROTECTION OF
WOMEN AND CHILDREN.

The first time in history that the
British public ever asked parliament
for law to protect women and children
was in the year 1800, after an epidemic
of fever among the underground
workers. The protection which par-
liament accorded was to restrict the
hours of labor for children to 12, and
to set the age at 9 years when the
child might be employed. This action
was the real beginning of organized
protest on the part of the English
unions against established customs.
