SAD DEATHS AT LOGGIEVILLE.

Wife Of Dr. J. B. McKenzie Dies Suddenly. And Her Friend Mrs. Gillis drops dead at funeral.

Just as she was entering the house of death to attend the funeral of her young friend, Mrs. William Gillis, of Loggieville, daughter of Mr. and Mrs. James Jones of Strathadam, was stricken suddenly on Saturday evening and died a few minutes later. The sudden death of the two young women under such sad circumstances has cast a gloom over Loggieville and messages of sympathy are being poured in upon the bereaved husbands. Less than a year ago, Dr. J. B. McKenzie brought his bride home to Loggieville. She was a Miss Moffatt, of Tide Head, Restigouche County. On Thursday she gave birth to a child which died the same day. Mrs. McKenzie sank gradually and passed away at 2 o'clock on Saturday morning.

The sad news spread rapidly and expressions of sympathy were heard on all sides. One of those most affected was Mr. Gillis, who lives next door to the McKenzies and she took the loss of her young friend very much to heart. The neighbors gathered at an evening service at the lamented bride's home prior to the body being taken to Restigouche for burial. About 7.45 o'clock Mrs. Gillis entered the house and before she got through the hall into the room where the body lay, she fell dying. Never in robust health the fearful strain and burden of grief so weighed her down that endurance passed all bounds. She leaves her husband and two small children. With the sense of sorrow deepened the sad service under the leadership of Rev. Mr. Fraser continued and the body of Mrs. McKenzie was taken to her late home.

HON. THOMAS GREENWAY DEAD.

OTTAWA, Ont., Friday.—Hon. Thomas Greenway, ex-premier of Manitoba, and member for L'Ange, in the last house, died this morning, at the Windsor Hotel here.

Hon. Mr. Greenway, six weeks ago, was appointed a railway commissioner for Canada.

He arrived at Ottawa on October 9th, but never sat on the board, a severe attack of asthma confining him to his room since the Astoria and heart trouble led him to his final collapse this morning.

His remains will be sent west tonight for interment in Crystal City, Manitoba.

MAGISTRATE ACQUITS THOS. FOX OF MANSLAUGHTER.

OTTAWA, Ont., Friday.—Thomas Fox, who was in a measure responsible for the death of D. J. Reardon, last month, came before Magistrate O'Keefe this morning on a charge of manslaughter, and was dismissed.

The evidence showed that Reardon had insulted him, and attempted to use violence with a young woman with whom Fox had been in company. Fox seized Reardon, and in the struggle the two men fell over a high cliff. Reardon was killed and Fox was injured. This morning in dismissing Fox, the magistrate expressed his disapproval of what Fox had done.

KENT COUNTY TEACHERS' INSTITUTE.

Harcourt, Oct. 31.—The annual meeting of the Kent County Teachers' Institute was held in the Superior school building, Buctouche, Oct. 29th and 30th.

In the absence of the President, Inspector Hebert presided. The Institute was one of the largest ever held in the County, fifty-three teachers being enrolled. Mr. Hebert introduced a pamphlet prepared by the inspectors to aid in Nature Study, and requiring the teachers to report on its benefit in their schools. Miss Legeve, Vice-Pres., gave an interesting and encouraging address which was discussed by the president. Miss Florence Bourque then read her paper on "First Steps in Reading," commenting on the letter, phonic, word and sentence methods, claiming superiority for the latter. This paper was discussed by the president, Miss Aye, Miss Buckley, Miss Thurber, and Miss Chrystal.

During the second session, Mr. Starrak read an instructive and much-appreciated paper on Botany which was discussed by Miss McInerney, Miss Ferguson, Mr. Hetherington, Inspector Hebert and others. Mr. Robertson's paper on "Oral Geography" was read, in her absence, by Miss Buckley and favorably commented on by Miss Ferguson, Miss Chrystal and others. C. M. McCann read a well prepared and interesting paper on "Fractions," which aroused a lively discussion by Messrs. Hetherington, Starrak and Belyea, Misses Aye, McInerney, Murray and others. Mr. A. L. Pearson, not being present, his paper on "Errors" was read by R. Hetherington. Mr. Pearson's paper showed a number of errors in our British History text book.

Institute then divided into two sections, French and English, the former presided over by Inspector Hebert, discussed "Difficulties in the French Readers" and the latter, led by Mr. McCann, had a spirited talk on "Division of Fractions and Physical Geography."

An excellent paper on History by L. R. Hetherington and discussed by a number of the teachers.

An interesting feature of the Institute was a Question Box, which was opened during the last session. Much help was given by Inspector Hebert, answering questions concerning school discipline.

On Thursday evening a public meeting was held in the Convent Hall. Short addresses were made by Mr. Hebert, R. A. Irving, Rev. Fathers Hebert and LeBlanc, Rev. Mr. Opie, Col. Sheridan, M. P. P., and Hon. Dr. McCann. A very enjoyable program of vocal and instrumental music was carried out.

Repton was chosen as the next place of meeting and the following officers were elected: Miss Oaulie McInerney, President. Miss Amanda Bourque, Vice-Pres. C. M. McCann, Secretary. Miss Wright, Executive Committee.

Official Santa Claus to Brazil.

For Seventeen Years Captain Balano Has Sailed From Boston to Rio Janeiro.

BOSTON, Wednesday.—Captain Jas. W. Balano of the good ship Margaret Thomas has for the past 17 years been official Santa Claus by acclamation, to Rio Janeiro.

Only a few days ago he left Boston with his yearly consignment of Christmas gifts and dainties to gladden the hearts of a large portion of the population of the thriving Brazilian city.

At this season every year, while his four masted vessel lies at her dock at Mystic wharf, he is busily engaged in making purchases to take to his friends and his friends' friends in far off Rio.

Captain Balano is the master of the only vessel sailing between Boston and Rio de Janeiro, therefore his proud title of the American Santa Claus is in no danger of being usurped.

He is 51 years of age and has followed the sea since he was 9. He is a native of Thomaston, Me., and made his first trip from the nearby town of Port Clyde. Since 1874 he has held the title of master and was at that time in command of the Mabel Jordan, named for the daughter of Wilbur Jordan, president of the American Loan and Trust Company of State street.

From Boston to Rio de Janeiro the Margaret Thomas covers 7000 miles, arriving there as a rule about 40 days from the time that Boston Light is passed. The cargo carried by Thomas is mostly composed of apples, which are sold at the very substantial price of \$28 to \$30 a barrel upon reaching their destination.

This shopping business is to me a most pleasant diversion and a source of much pleasure after a long, tiresome cruise," says the captain. "I have everything for the ladies as well as for the men and children. I think that the only thing that I am not taking back with me is a sheath gown."

CANTON, N. B. The End of the Road. The End of the Road. The End of the Road.

PARLIAMENT MEETS IN JAN.

OTTAWA, Ont., Thursday.—Sir Wilfrid Laurier spent today quietly at his residence, taking a much needed rest after the stress of an arduous campaign. Tomorrow he will be at his office to again take up his duties of directing the ship of state for another four or five years.

A number of cabinet ministers have already returned to the capital and a cabinet meeting will be held tomorrow. The ministers in the city now are, Hon. A. B. Ayleworth, Sir Richard Cartwright, Hon. Sydney Fisher, Hon. Rodolphe Lemieux, Hon. L. P. Brodeur, Hon. George P. Graham and Hon. Charles Murphy.

Before beginning the work of preparation for the first session of the new parliament Sir Wilfrid, with his colleagues will probably take a brief holiday, after the arrears of departmental business are cleared up.

Parliament will not be summoned until the first or second week of January, and the session will probably be a short one.

Murphy's Big Majority.

Hon. Charles Murphy's majority in Russell county is 1,193, the largest in the history of the riding. He carried some townships that never before failed to give a Tory majority, thus winning his spurs in brilliant fashion in his first election.

It is stated that Hon. R. W. Scott, ex-Secretary of State, and Liberal leader in the Senate for many years, will probably be appointed by the government, as speaker of the senate in the new parliament. No appointment would be more popular or appropriate. In the Commons it is regarded as practically assured that Charles Marcell, M. P., for Bonaventure the present deputy speaker, will be elected to the speakership.

NEWSPAPER NOTES FROM ST. JOHN.

ST. JOHN, N. B., Friday.—The publication of the Standard newspaper will be discontinued after tomorrow, to be resumed, probably about the first of the new year.

This decision was reached at a meeting of the shareholders, held on Thursday night, when it was decided that it would be advisable to cease publication until the larger paper can be issued.

In the meantime, to make this enlargement possible, the capital of the company will be largely increased.

A conference was held on Thursday with reference to the future of the Sun and Telegraph, and it is understood that amalgamation plans were discussed. It will likely be some weeks yet, before these papers are merged.

FLEET OFFICER IS WEDDED IN YOKOHAMA

WILMINGTON, Del., Wednesday.—Lieutenant Commander L. Calvin Bertolette, on the United States battleship Vermont with the Atlantic fleet, was married at Yokohama yesterday to Miss Lucille Metz of San Francisco.

The ceremony was the culmination of a romance which began in San Francisco when the fleet stopped there a few months ago.

Lieutenant Bertolette's father lives here.

BEARS PLENTIFUL ON NORTH SHORE.

Moose Thick And in better Condition Than Last Year—Wild Cats Increasing.

Reports received for the big game season so far indicate that the sport this year is about up to the average and that notwithstanding the early prospect of a falling-off in the number of sportsmen from outside the province the number has been well maintained.

Moose are in better condition and the size of the horns is greater than last year. The finest antlers, so far reported, are said to have a spread of sixty-three inches. One pair had a spread of 61 1-2 inches with eighteen inch pans, and twenty-seven points. Animals with a spread of from fifty to fifty-five inches have been very plentiful. Hunters say that the woods are full of young spike horn bull moose.

BEARS PLENTIFUL.

On the North Shore bears have been very plentiful and one party is reported to have accounted for as many as sixty animals. Some of the carcasses weigh 300 pounds dressed. Quite a number have been placed in cold storage and shipped to Boston where bear meat is in great demand.

Caribou have been rather scarce. The season for deer will come late in among those shot the marks of a counters with the wild cat indicate that this scourge of the woods is becoming more daring every year. A bounty on wild cats in the districts west of the St. John river is recommended by some of the guides who attribute the scarcity of rabbits and other small game to their attacks.

The season has been excellent for partridges and black ducks and a fair number of woodcock have been met with. Lynx have been very scarce but quite a few racoons have been shot.

Taking the sport generally, New Brunswick has well maintained its reputation this year as the sportsmen's paradise.

THE WAY TO SUCCEED IS:

To speak the truth when, by a little prevarication you can get some great advantage. To live according to your convictions. To be what you are, and not pretend to be what you are not. To live honestly within your means, and not dishonestly upon the means of others.

When mortified or embarrassed by humiliating disaster, to seek in the wreck, the ruin elements of nature conquest. To throw up a position with a good salary, when it is the only business you know, and you have a family depending upon you, because it does not have your unqualified approval. To refuse to knuckle and bend the knees to the wealthy even though poor. To refuse to make a living in a questionable vocation.

To refuse to do a thing which you think is wrong, because it is customary and goes in trade. To stand firmly erect, while others are bowing, but bowing for the sake of power.

Success is not a matter of luck. It is all those standing armies in the rear that it may have to use them any day.
