Zimmerman asked to be shown the document, and when he got it in his hands be tore it up. He is an Eng-lishman, and has been up before on a similar charge. The Magistrate told him to go to work and he would give him another chance. Lucindie Sweeney, 75 Catharine street north, was sued by Mrs. Dougherty for 84 wages. The evidence showed that the defendant had not agreed to pay any stated sum, but had paid a small sum, in addition to which she had kept the complainaat at her house for two months, rent free. The Magistrate dis-missed the charge. John Doherty, Barton; Richard Roy, Hess street north, and Peter Doyle, To-ronto, were charged with being drunk. Many People Would Like to See Only Two and Four Pound Loaves Allowed.

The dissatisfaction over the methods used by the Hamilton bakers in weight ing bread has become so great that a large number of people have urged Mayor Stewart to take some action to see if the Council cannot force the bakers to use only two and four pound loaves. The Mayor consulted the City Solicitor to-day, and found the Council had no power to force the bakers to do this, as long as they stamped the weight.
