Here and There

An addition to the Canadian Pacific Montreal-Toronto train service is a nightly train each way, making six trains every night between the two cities. The increase was found necessary on account of the heavy tourist traffic to Montreal from the West.

The opinion of Hon. T. D. Pattullo, Minister of Lands of British Columbia, is that "Canada can absorb at least 300,000 people annually, and this number can come on indefinitely. There is no limit to the requirements of the country. As many as we can get are wanted.

Nova Scotia is endeavoring to arrange an "old home" month during July or August of 1923, and it is expected that many from distant parts of Canada and the United States will visit the towns of their origin during the festival period set apart.

Incomparable Lake Louise has achieved new fame. The makers of the Gray-Dort car have put out a model in a new color which they term "Lake Louise Blue." It is of a lovely green-blue, and if it has caught anything of the glorious gleam of Canada's most beautiful mountain lake it should be a popular color for other than motor cars.

Big Bill, the last surviving buffalo at the Pinafore Park Zoo, St. Thomas, was recently shot. The animal had been suffering for some time from the same malady which carried off his mate a few months ago. Big Bill was said to have been the finest specimen of Buffalo east of the Government Park at Wainwright, Saskatchewan.

Albert Steedwell, Canadian Pacific Railway engineer at Fort William, has an airedale dog that is a wolf killer. Mr. Steedwell has a farm at Upsala, and while visiting the farm the dog routed out a brush wolf and chased it. During the subsequent battle one could hardly tell which was dog and which was wolf. Mr. Steedwell went to the assistance of his pet and together they finished the wolf.

T. W. McKenzie, Canadian Pacific Railway agent at Rosemary, Alberta, has received letters patent on a device for the purpose of locking automobiles. It is so constructed that when the switch is thrown off the car is automatically locked, thereby eliminating the possible chance of an owner leaving his car unprotected. The device cannot be operated nor the car started by an unauthorized person without causing an alarm.

The number of persons killed or injured while trespassing on railroad tracks were 50 per cent. less in 1922 than the average of the preceding fifteen years. The figures are 5,300 for nine months of 1922 compared with 10,736, the average for the previous year, according to an announcement made by the Safety Section of the American Railway Association. This reduction in casualties is claimed to be due to the improved policing by the roads and to success of the Safety First movement.

From September 1 to March 31 inclusive, the Canadian Pacific Railway has transported to Vancouver 7,884 cars of grain, representing 14,663,328 bushels. Last year during the same period the movement amounted to 2,802 cars or 3,967,632 bushels. From the beginning of the crop season 13,571,320 bushels had been exported from Vancouver, of which 11,128,620 went to the United Kingdom, 2,242,300 to the Orient and 200,400 to South America. Last year during the same period export amounted to 5,000,000 bushels.

RELIGIOUS BELIEFS IN THE DOMINION

OTTAWA, April 23—Of the 8,788,463 people residing in Canada on June 1, 1921, less than one-half of one per cent could be classified as having no religious belief. Of that total 97.6 per cent. are classified as belonging to some Christian denomination or sect and 1.9 per cent. as non-Christian. Included in the latter are 125,190 Jews, 40,727 Oriental religions and 7,226 pagans, leaving less than one-half per cent. otherwise reported.

Catholics in Canada number 3,383,663 or 38.50 per cent., as against 39.31 per cent., ten years earlier, and 41.51 per cent in 1901.

Presbyterians are given as 1,408,812 or 16.03 per cent. In 1901 the

percentage was 15.68 and in 1911 it was 15.48.

Methodists throughout Canada number 1,158,744 or 13.18 per cent. of the population against 14.98 per cent. in 1911 and 17.07 per cent in 1901.

Anglicans are shown as numbering 1,407,959 or 16.02 per cent. compared with 14.47 per cent. in 1911 and 12.69 in 1901.

Baptists number 421,730 or 4.80 per cent compared with 5.31 per cent in 1911 and 5.92 per cent in 1901.

On the date the census was taken, June 1, 1921—there were in Canada 19,656 Mormons; 12,658 Dokhobors; 469,822 adherents of the Greek Church; 11,288 Buddhists; 27,319 Confucians and 478 Mohammedans, Sikhs and Hindus are given as numbering only 1,041 throughout Canada, Agnostics 594 and Free Thinkers 1,126.

The main religious divisions in New Brunswick are: Anglicans, 47,020; Baptists, 66,254; Methodists, 34,672; Presbyterians, 41,211; Catholics, 170,319.

Comparative percentages showing increase or decrease show that the Anglicans made the largest gain, while the Methodists, Baptists and Congregationalists showed losses from the census of 1911.

The following ratio percentages of the denominations to total population in 1911 and 1921, respectively follow: Anglicans, 14.47 and 16.02; Baptists 5.31 and 4.80; Congregationalists, 4.7 and 3.5; Methodists, 14.98 and 13.18; Presbyterians, 15.48 and 16.03; Catholics, 39.31 and 38.30.

TROUT FISHING BEGINS MAY 1ST

The trout fishing season which formerly opened on April 1st will not open this spring until May 1st. The government amended the law last year which reads as follows:—

"No one shall fish for, catch or kill trout of any kind from the first day of October in each year to the thirtieth day of April following, both days inclusive.

"No one shall at anytime fish for, catch or kill trout otherwise than by angling. Jigging is strictly prohibited. Fishing for trout through the ice is prohibited.

"No one shall catch in one day a greater number of trout than weigh more than ten pounds in the aggregate and no greater number than thirty, and they shall weigh less than ten pounds."

Studebaker
 "Built-in-Canada"

Wherever motor cars are discussed somebody is sure to remark—"That Special-Six Studebaker is a regular automobile."

The Studebaker Special-Six has been on the market for four years. Each year has seen added to it such refinements and improvements as time has made possible. Today there are more than one hundred and twenty-five thousand in everyday service and we don't believe there's a dissatisfied owner.

The name was selected because comparative tests against all kinds of cars made this car stand out as something special and apart from the ordinary run of automobiles.

Count the "Special-Sixes" that have appeared since the arrival of the Studebaker Special-Six. That's the proof of the value of the original Special-Six.
