A STIR IN POLITICS. Under the above heading the Toronto Globe of Tuesday last draws attention to the suggestions made by the Empire, in view of the approaching visit of Mr. Laurier to Ontario, that sir John Thompson's return to Canada ought to be followed by the drawing up of a programme for a series of conservative meetings, and expresses the hope that the conservatives hope that they will do so. There is very little doubt that in Ontario, as well as throughout all the rest of Canada, such a present. course would create a very considerable stir in politics, and in no part of the dominion would the stir display itself more than in the maritime provinces. Indeed the province of New Brunswick some such a commotion in politics, which will, in the immediate future, extend Island. This has been brought about in the first place by the visit to this province of the finance minister on his tour of tariff enquiry, and during the present week by the very large and successful liberal meetings held by hons. Messrs. Davies, Blair and Fielding in the cities of Moncton and St. John. These meetings were equal to the very finest political gatherings ever held in this province. Great numbers of people attended on both occasions, and the eloquent speeches delivered were received with the most unbounded enthusiasm. But they are chiefly noteworthy as marking the commencement of a genuine awakening

We would like best of all to see hon. Messrs. Laurier and Sir Richard Cartwright, on the one side, and Sir John Thompson and hon. Mr. Foster on the other, make a complete and simultaneous tour of this section of the country. These men, more than any others, would attract general attention to their discussions, and from their great experience in public life and intimate knowledge of the affairs of Canada, would be able in the fullest way to place the issues plainly and fairly before the peo-

#### LIBERAL MEETINGS.

Following the example of the great liberal convention at Ottawa, the prominent members of the party in the Maritime provinces, have commenced holding a series of meetings, beginning with new Brunswick. The chosen leaders of the party in the three provinces are: hon. A. G. Blair, for New Brunswick, hon, W. S. Fielding, for Nova Scotia, and hon. L. H. Davies for Prince Edward Island. The first of the proposed series of meetings was held by these three leaders in the opera house at Moncton on the evening of Monday, the twenty-first instant. The opera house was tastefully decorated for the occasion. Notwithstanding the heavy rains that fell in the afternoon and evening, the opera house was completely filled and it is estimated that fully one thousand people attended the meeting. J. J.
