Telegraphic News.

MADRID, March 1.—Several avalanches have occurred in the Province of Oviedo, destroying a railway bridge and a number of houses. Eleven persons were killed at Pajares.

LONDON, March 1.—The discussion on the Procedure Rules was resumed in the Commons yesterday. A rule proposed by W. H. Smith, the Government leader, empowering the Speaker or Chairman at his discretion to take a vote of the House by the simple rising of members was taken up, debated and adopted, 206 to 93.

PARIS, March 1.—The debate on the Foreign Budget began in the Chamber of deputies yesterday. The Marquis Debretuil reviewed the situation in Europe caused by the triple alliance, and said France must wish the Czar to remain the arbitrator of peace. France must seize every opportunity to show him sympathy, and make him understand without exaggerated demodstrations, that the French are strong but discreet friends. He hoped the relations with England and Italy would become more friendly.

NEW YORK, March 1.—Fire broke out at 12 40 to-day in the building at the Corner of 42nd Street and Lexington Avenue, and swept almost the entire block bounded by Lexington, 3rd Avenue, 42nd and 41st Streets, causing a loss estimated at $1,000,000.

ST JOHN, March 1.—In the second of the series of three five mile races for $200 a side and the championship of the world, between McCormack, of St. John, and Laidlaw of Halifax, which took place at the Victoria Rink this evening, McCormack won easily in 16 58, running the Nova Scotian of the ice at the end of the fourth mile.

PARIS, March 1.—M. Wilson, son-in-law of ex-President Grevy, on trial for complicity in the Legion of Honor decoration scandals was to-day convicted and sentenced to two years imprisonment and to pay a fine of 4,000 francs, and to be deprived of civil rights for five years. Three others, charged with similar offences, were sentenced as follows:—M. Ribeaudeau, 8 months; M. Dubreuil, 4 months; M. Herbert, 1 month; Mme. Ratzzie was acquitted. The judge referred to the offences in the severest terms, and particularly denounced the actions of M. Wilson, who he declared, offended against public morality and conscience.

NEW YORK, March 2.—A dinner was given by the Canadian Club to the Right. Hon Joseph Chamberlain at Hotel Brunswick. Over 200 covers were laid. Hon. Erastus wiman, President of the Club presided. Hon. George E. Foster, Canadian Minister of Marine and Fisheries, was among those present Mr. Wiman said if the treaty is not confirmed it will not be because there is not an overwhelming majority on both sides of the line in favor of it.

MONTREAL, March 2.—Mr. Lindsay, executor of the Hall estate, is stated to be short $100,000 through unlucky speculations, and has gone to New York. The heirs, Mrs. Ahern and Mrs. Petnes, have engaged counsel to look after their interests. It is claimed that amongst the securities are $10,000 of the defunct Maritime, and $10,000 of notes and Carolina bonds, which are practically worthless. Mr. Lindsay has offered to hand over his property and $40,000 pending a settlement.

The Grand Jury to-day found a true bill against Judge Armstrong, Chairman of the Labor Commission lately in session here, for criminal libel, he having made a statement at the sitting of the Commission that the Hudson Cotton Company was a hotbed of immorality and debauchery.

LONDON, March 2.—Official news received here is that the condition of the German Crown Prince is alarming. The Queen has instructed Lord Chamberlain to prepare to postpone receptions at the shortest notice. Arrangements are being made privately to transport the German Crown Prince to Berlin.

BERLIN, March 2.—*Tagblatt* says it is reported that Br. Bergmann asked Dr. Laure to prepare Emperor William for the worst.

OTTAWA, March 2.—In the Commons yesterday and to-day were Prince Edward Island field days. Mr. Davies attacked the Government, claiming that the postal facilities of the Island were worse than twenty years ago, and that forty-nine out of fifty mails failed to connect.

In reply Hon Mr. McLellan reviewed the railway facilities provided for the Island during the last twenty years, and showed that P. E. Island mails failed to connect only nine times, while in the same time Maritime Province mails failed to connect sixteen times, yet no special service had been demanded, while the cost of the postal service of Nova Scotia has increased 45 per cent., in New Brunswick 88 per cent., in Prince Edward Island it had increased 65 per cent.

Mr. Welsh (Grit) agreed with the Postmaster General that the present Government had greatly improved the postal facilities of the Island, and expressed gratification that special trains had been arranged for in the spring, when the commerce of the Island demanded it.

OTTAWA, March 4.—Last evening Sir Charles Tupper gave a dinner to twenty-four gentlemen in the Commons restaurant. Among those present were Hons. Messrs. Sullivan and Ferguson, of the P. E. Island Government, and representative senators and commoners. The arbitrators appointed to settle the dispute claims of the Canadian Pacific Company against the Government, left yesterday for the Pacific.

Lt.-Col. O'Brien, of the 35th Batt., member for Muskoka, will probably receive command of the Wimbledon team.

LONDON, March 4.—The hamlet of Trasquers at the foot of Simplon Mountain, and another hamlet in Bine Valley, were destroyed by an avalanche at the latter place. Five persons were killed.

ROME, March 4.—The bodies of 200 victims of the recent avalanches in the Italian Alps have been recovered.

BANGOR, Me., March 4.—In the trial of David Stain and Oliver Cromwell for the murder of cashier Baron, of the Dexter Bank, ten years ago, the jury last night rendered a verdict of guilty of murder in the second degree. The evidence against them was wholly circumstantial.

HALIFAX, March 4.—Lieutenant Valentine Young, an officer belonging to the Royal Artillery, is missing, and it is believed he is drowned. He went to Sambro yesterday, and this morning his gun and overcoat were found in a dory in which he had gone out to shoot sea gulls, but nothing has since been seen of the officer.

The mail steamer *Oregon* arrived at four o'clock this afternoon.

S. K. Hamilton, a Boston Lawyer, is here securing an act of incorporation for an American company to build a Gloucester and Bar Harbor at the Strait of Canso. The company have bought two square miles on each side of the Strait, and will run branch railroads from the trunk line through their towns. They intend building cottages and hotels for summer tourists and claim to have expended $25,000 already on their promises.

OTTAWA, March 5.—In the Commons this p. m. Sir Charles arose to express regret at the contents of protocols which had arrived, and would be laid before the House as soon as printed. After leaving Washington he had assented that only the formal protocols on both sides should be published; but then was under the impression that these would contain the proposition and reply in reference to the commercial relations of the two countries. Greatly to his surprise, the papers received contained only the formal statement of the proceedings, and omitted the proposals in re trade matters. But inasmuch as the proposals made in reference to the questions of trade had a direct and important bearing on Cartwright's "unrestricted reciprocity" resolution, he felt warranted in placing it in the hands of Messrs. Laurier and Cartwright for their private and confidential use. He was moved to this as it was very desirable that the leaders of the Opposition should have information on the subject. In the meantime he had taken steps to secure the consent of the other Commissioners to have the Canadian proposal and the reply laid on the table of the House.

Mr. Charlton argued that the formal proposals made to the United States Government, with answers thereto, should be laid before the House.

Mr. Casey urged that the discussion of Cartwright's resolution be postponed till after the trade protocols were laid on the table.

Sir Charles promised to communicate with Mr. Chamberlain and Sir Lionel Sackville West on the subject, and to obtain permission to lay the matter before the House; but pending the assent of the other Commissioners the two leading members of the Opposition could have access to them.

Dr. McIntyre, in moving for a report of the engineers sent to Naufrage, P. E. Island, in 1883, pointed out the importance of the work in question, and urged that the Government fulfil its promise to carry it out.

Mr. Robertson spoke in a similar strain, and Sir Hector Langevin promised to produce the papers asked for.

Mr. Perry (a P. E. I. member), will inquire on Wednesday if it is the intention of the Government, during the present session, to place the sum of $5,000,000, or any part thereof, in the estimates as compensation to P. E Island for non-fulfilment of the Terms of Confederation in reference to the continuous and efficient steam service asked for by the Provincial Legislature of 1884.

WASHINGTON, March 5.—In the House to-day, Hill, of Illinois, introduced a joint resolution for the promotion of commercial union with Canada. It was referred to the committee on foreign affairs. It provides that whenever it shall be duly certified to the President that the Government of Canada has declared its desire to establish commercial union with the United States, having a uniform revenue system, like internal taxes to be collected, and like import duties to be imposed on articles brought into either country from other nations, and no duties upon trade between the United States and Canada, he shall appoint three commissioners to meet those designated to represent the Government of Canada, to prepare a plan for the assimilation of the import duties and internal revenue taxes of the two countries, and the equitable division of the receipts in Commercial Union. Said commissioners shall report to the President, who shall lay their report before Congress.

BERLIN, March 5.—Dr. Waldeyer has forwarded a longer and probably final report of the Crown Prince's case to the Emperor. To-night's papers confirm the statement that the main reason for Prince William's visit to San Remo is to urge the Crown Prince to return to Berlin. It is announced that Prince William took an autograph letter from the Emperor, expressing the wish that the Crown Prince return to Berlin as soon as possible. It is expected he will return at the end of March. All the doctors, even including Dr. McKenzie, now agree that the disease of the Crown Prince is cancer of the larynx of a most malignant type, and incurable. As to the time that may elapse before death there is a difference of opinion, but it is believed that unless some unexpected change of a malignant character intervenes, it is a question of weeks.
