### Catholic Summer School.

CLIFF HAVEN, August 2.

The annual golf tournament for the McCall Challenge Cup began at the Summer School during the past week, with more than fifty entrants for the opening round. During the preliminary competition sixteen successful high scorers were chosen, and these will continue in all elimination contests until the winner is determined. It was at first thought that Dr. Osmile W. Zeckwer, the present title holder of the trophy, would be unable to compete, owing to a painful injury suffered on the links. With the opening of the contest, however, Dr. Zeckwer made good his entry and landed among the successful participants for the finals. Geo. Gillespie, Harry A. Linton, of New York; William A. Carr, of Montclair, N.J.; and Edward O'Dougherty, of Brooklyn, are among those closely following Dr. Zeckwer for the laurels.

### A New Zealand Prelate's Jubilee.

(St. Paul Catholic Bulletin.)

The New Zealand Tablet gives an interesting account of the festivities in connection with the celebration of the twenty-fifth anniversary of the Most Reverend Archbishop Redwood's elevation to the Archbishopric of Wellington, New Zealand, which took place during the month of May. Archbishop Redwood is well known in America, which he visited a number of times, and on each occasion spent several days in St. Paul as the guest of Archbishop Ireland.

At the religious celebration held in the Sacred Heart Church, Wellington, which serves as the Pro-Cathedral, Solemn Pontifical Mass was celebrated by the Most Rev. Jubilarian, and the sermon was preached by the Right Reverend Dr. Grimes, Bishop of Christchurch, New Zealand. In the course of his sermon he gave a detailed account of the great progress made in the Archdiocese during the last quarter of a century, particularly in regard to education and works of charity. After the celebration addresses were presented by the suffragan Bishops of the Ecclesiastical Province of New Zealand and by the priests of the Archdiocese.

In the evening a public reception was held in the Town Hall, at which representative non-Catholics joined with their fellow Catholics in congratulating Archbishop Redwood on his auspicious anniversary. The address from the laity called special attention of the Archbishop on behalf of Catholic education.

In his reply to the congratulations offered him at this public meeting the Most Reverend Archbishop took occasion to refer to two projects dear to his heart—the new Cathedral and the Cathedral. He has to say that its erection has been postponed during a period of years for several weighty and cogent reasons. The fine and spacious Basilica of the Sacred Heart, erected in Hill Street, has served well in lieu of a Cathedral, and allowed us to seat about more urgent diocesan works. I have ever held—and I think you will agree with me—that the providing for the needs of primary and secondary education in the archdiocese is far more important and urgent than the erection of a Cathedral. Meanwhile we have not been losers by the delay, because we have made several thousand pounds by interest on the sums collected for the Cathedral. We have now, thank God, provided Wellington with the schools required for the education of the Catholic rising generation, and so we can turn our minds more intently and energetically to the Cathedral.

We have secured the finest and most central available site in all Wellington and we intend to there lay the foundation stone before the expiration of two years. The first undertaking will not be the whole of the stately edifice, but a part large enough to seat between 1200 and 1400 persons, with a decent and commodious temporary sanctuary, and with the towers and other expensive items left out; for we are determined not to burden the city and diocese with a heavy debt. Our motto is *festina lente*. Things done in a hurry are seldom well done, and give rise often to many regrets. The Cathedral when finished will, it is presumed, comprise all the qualities of a Cathedral—worthy of this metropolis and Dominion. It will combine architectural beauty with adequate spaciousness, and thus contain that indispensable feature of a really noble pile—majesty. It will also be eminently practical, because all the congregation, to the number of 3000, will be able to see and hear with almost equal facility. Later on it will have a most extensive sanctuary, highly and richly adorned with a noble altar, with stately canopy and suitable appointments for its future exalted needs, when Provincial Synods will be held in its enclosure, and a large attendance of prelates, priests and acolytes require to be accommodated near the high altar in the presence of vast congregations. In a short time a special appeal will be made in all the parishes and districts of the archdiocese in order to realize the fitting sum to be laid on the foundation stone, and I trust that this appeal will meet with a most generous response.

During the ensuing week the morning lecturer will be one whose personality and whose prestige among Cliff Havenites is sure to make for the speaker a more than popular entry to the Summer School, when Miss Rose Egan of Columbia University comes to talk on "The Aims of Literature in Theory and its Art." For the evening series during the same week she lecturer will be George Krieboh, Ph.D., of Princeton University, on the subject "Italian Art."

The first field day of the session was held on Friday on the broad green sward facing the Dining Hall. The event was for juniors and seniors, and included competitions for boys and girls. Silver and bronze medals were awarded to the winners. A team of priests recruited from New York, Brooklyn and Philadelphia, defeated the College Camp team on Friday by nine to one. The victory was due mainly to fine pitching by Fisher Scullin.

The dramatic company scored a big hit on Saturday evening in the presentation of "The Bishop's Obedience" and the mad scene from Hamlet. The program also included a very laughable farce called "Larkin's Dilemma," built on mistaken identity.

The Western Catholic thus explains why a Church in Rome was assigned to each of the Cardinal-appointees last fall: To each of the Cardinals appointed is assigned a Church in Rome. This is a survival suggestive of the origin of the office. In the early centuries the Pope took as his counselors the parish priests of Rome, and also the deacons who administered the charities of the diocese. The priests and deacons were attached to particular churches in Rome, and so the Cardinals are still nominally parish priests or deacons of Rome. Those bishops were called to take part in the government of the whole church a considerable time after the parish priests and deacons of the city. The Cardinals are organized in standing committees called Congregations, which are the Departments of the Pope's spiritual administration.

Under a new plan, says an exchange, "the school teachers in New York are to have a great share in the censorship of moving pictures. If any motion picture," further states the new ordinance, "pictures any crime, any murder, suicide, robbery, hold-up, stabbing, assaulting, slapping or beating, etc., a permit will be refused," which shows how desirable a means of crime the "movies" can offer.

Australia is going to meet the American Beef Trust with an axe at the belt. New countries have a better chance of doing such things; they are not weighed down with too much accumulated rubbish. Canada's time for grappling with prices is coming fast, if it is not now here. We hope she will be equal to the task.

## WHEN THE LIVER IS INACTIVE CONSTIPATION SOON FOLLOWS

The duty of the liver is to prepare and secrete bile, and serve as a filter to the blood, cleansing it of all impurities and poisons.

Healthy bile in sufficient quantity is nature's provision to secure regular action of the bowels, and therefore when the liver is inactive, failing to secrete bile in sufficient quantity, constipation soon follows.

Mr. Henry Pearce, Owen Sound, Ont., writes: "Having been troubled for years with constipation, and trying many so-called remedies, which did me no good whatever, I was persuaded to try Milburn's Liver-Liver Pills. I have taken them, great benefit, they are light, a splendid pill, and I can heartily recommend them to all suffering from constipation."

Milburn's Liver-Liver Pills are 25 cents per bottle or 50 cents for a 30-day supply, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MINARD'S LINIMENT CO., LIMITED.  
GENTLEMEN.—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,  
A. E. ROY,

Was Confined To Bed FOR FOUR MONTHS  
RHEUMATISM THE CAUSE  
DOAN'S KIDNEY PILLS CURED HIM  
Mr. W. H. Riley, Ruddell, Stark writes: "It is with the greatest of pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Kidney Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking the boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am so strong and active since taking your valuable medicine."  
Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.  
In ordering direct, specify "Doan's."
