The that it tends to operate against the be named for the term of ten years. board expressed its disapproval of credit, efficiency and discipline of the They will have the same extensive corporal punishment as a suitable schools. method of dealing with tardiness, and stated that its use was due to want of experience on the part of the teacher in the methods of discipline ordinarily in use in the city schools. The punishment was light, says the report, and scarcely deserved to be alled an outrage.

A Trivial Charge. A charge against the mathematics towards certain pupils was character- ing minority report: ized by the board as trivial. An addiment that the principal of the school should be remedied immediately. and the teacher failed to deal with the condition with sufficient promptpresent themselves in class and being therefore held out for uncompleted

The report closes with the recommendation that in case of further complaints the teachers and principals be given an opportunity to adjust difliculties, before complaints are made

public. Dissented from Report, S. A. Gordon Barnes submitted a minority report in which he expressed his dissent from the conclusions of the committee. He stated that in his opinion irregularities in discipline existed, and recommended that the principal of the Norwood school be reduced to the position of grade teacher in some other school of the city for whipping the children who were late. and also that the High School master | son desiring a copy. be severely reprimanded for barring management committee was accepted

as representing the opinion of the remainder of the board. Committees' Report The report adopted by the board was as follows:

to report as follows: The resolutions were:

That whereas certain outrages have been committeed in the schools of our city, such as, children attendthe morning of January 10th for beafraid to go to school late.

'And whereas we deplore the language used towards the pupils by the tion. teacher of mathematics in the High at night in the High School by this maining members of the committee. teacher. We therefore register a protest and demand a thorough investigation.

Moved by W. A. Lewis. Seconded by S. Rogers. "TOM F. MAYSON, Chairman." Scarcely an Outrage.

We find that on the morning January 10th the principal of Norslap on the hand, and in two cases two slaps, to a number of children who he considered failed to give satisfactory reasons for tardiness. Your committee judge that corporal pun shment cannot be considered a suitable method of dealing with tardiness nor is it so used in our schools. Its use on the ocacsion complained of perience on the part of the teacher in the methods of discipline ordinarily employed in our schools. The punishment was light and was given as a warning and scarcely deserves to be

With regard to the charge that on of the High School masters used ofensive language towards pupils it appears to your committee that the charges are trivial or that the lancomplained of.
