Labrador Lumber Here

What is said to be the finest Labrador lumber to arrive in St. John's came here yesterday for the Horwood Lumber Co. in the scho. Olive, Capt. Doyle. This was cut at Grand River and dressed at the Dickie Co's mill, there being 100,000 feet of it in the cargo. Experts who saw the lumber say it is of excellent quality, and is being discharged at Horwood's West End premises. The Olive left here on Aug. 2nd, loaded supplies at N. W. River for Seville Bay, and then proceeded to Grand River for this lumber. She left Thursday week and had a good run to port.

M. G. B. Parade.

The Methodist Guards will hold their anniversary parade to Governor St. Church on Sunday next at 10:15 a.m. The service will be conducted by the Battalion Chaplain, Rev. F. R. Matthews, B.A., and all the ex-members will be asked to participate in the parade. On Thursday evening next, the 10th inst., the anniversary supper will be held in the College Hall when present and past members of the brigade will participate.

The Round Trippers.

Some sixty of the round trippers who arrived here by the S. S. Florio will return by the Seaplane. The ship will remain here and, upon will go up to Montreal by the Seaplane. By yesterday's train some went up the country for a few days fishing, and will go home next week by one of the expresses. The Seaplane next week will have a large number of tourists.

Brilliant-Collegian Football Match.

Yesterday evening the Collegians, this year's league champions, and a team from H. M. S. Brilliant met in a football match on St. George's Field. There was a good gathering of spectators, and the evening was an ideal one for the game. Though the match was not exceptional, the players they could not do anything for our boys who played a real game, giving a good exhibition of passing and combining play. The naval men were defeated by a score of 7 goals to 1.

A New Departure.

We understand that an arrangement has been entered into by which ships which had left here for Mediterranean ports will in future take a mail from here, the first to do this being the S. S. Brasce which is being loaded by Mr. A. H. Murray. These ships will leave at intervals of about two weeks, and it will be a great convenience to people here who have friends in that section of the world, as it seems to be able to write them and have their letters forwarded expeditiously.

Coopers' Union Meeting

The quarterly meeting of the Joiners' and Coopers' Union was held last night in the British Hall. The reports submitted were of a satisfactory nature, and the combination of officers for the ensuing year proceeded. A meeting will be held next week for the election of the officers.

CONVINCING

It is impossible for any argument in favour of Sunlight Soap to be more convincing than a trial of the Soap itself.

Items of Interest From Montreal.

For some time there have been in circulation stories to the effect that the Conservatives have been furnished by the American Trusts money wherewith to fight Bodogroody in Canada. This was denied by the Opposition and a story sent out from their headquarters that all the money forwarded by the Liberal Party and that that said is the truth, is known by them. The "Star" has now offered \$25,000 for convincing proof of the source from which this money is questioned (if any) has come. The increased number of complaints received by the Chief of Police in connection with the fast driving of autos has forced him to furnish a number of police with stop-watches. Hereafter the police have not been able to swear to the exact speed at which the auto was travelling but now any driver exceeding nine miles per hour will be asked to contribute a sum towards the improvement of the streets. Not even doctors when hurrying to patients are allowed to exceed this speed. Even in the effort to save one life in this way, they are endangering the lives of many. Sir Wilfrid Laurier has announced that in case of the defeat of the Liberal Party he will retire from active life. He says that he has well earned a rest, and the duties of leading the Opposition would be too onerous for his seventy years. Twenty-four hours later he stated that the defeat of Bodogroody would break his heart. A dispute over the condition of the sidewalks started a row in which faces were first employed but which later developed into a free fight with revolvers. As a consequence two men were shot and another injured quite a bit about the head. This morning it is announced that one has died. In making a statement just before his death he said that he could not identify the man who had shot him. Aug. 29, 1911. S. C. M.

Wedding Bells.

CAREW-CANILL.

A very pleasant event took place at Bell Island on Monday forenoon when Miss Aggie Canill and Mr. John J. Carew were united in the holy bonds of matrimony. The ceremony, which was performed by Father McGrath, took place at the residence of the bride's mother, and the rooms were beautifully decorated for the occasion. Only the intimate friends of the contracting parties were present. The bride, who is a well known and popular young lady on the island, was attired in a wedding costume of white silk, with veil and orange blossoms, and was attended by Miss May Liddy, of Torbay, while the groom, who has been employed by the Nova Scotia Steel and Coal Company at Bell Island for the past ten years, in the office of which he occupies a responsible position, was supported by his brother, Mr. W. J. Carew. After the ceremony a wedding breakfast was served, at which the health of the happy couple was toasted by their friends. The party then returned to the residence of Rev. Fr. McGrath, where they were entertained by music and refreshments. At 2 p.m. they proceeded to the steamer which conveyed the bride and groom to Kilmory, whence the train was taken for Falmouth where the honeymoon will be spent. The presents received were both numerous and costly, and testified to the popularity of the young couple. The Telegram joins with their many friends in wishing Mr. and Mrs. Carew very many years of happiness.

An Ocean Race.

The schooner Ethel and Empire leave here to-day with cargoes of codfish for Open. Both vessels are pretty well sailed and there will be an interesting race between them across the herring pond. Some of the nautical men are putting up small bets as to the outcome of the race.
