Assault Begun on Somme and Avre Front.

French Check an Attack of Eight German Divisions. Fighting Armenians Recapture Erzerum. Enemy Offensive Marking Time.

HAIQ'S REPORT.

LONDON, April 4. Field Marshal Haig's report to the British headquarters in France says: After heavy artillery preparation the enemy launched a strong attack this morning on the whole front between the Somme and Avre Rivers. On the right and centre of the British lines the attacking German infantry were repulsed, but on the left the weight of the assault succeeded in pressing back our troops for a short distance in the neighborhood of Hamel, on the south bank of the Somme. The fighting is continuing in this area. Early in the morning the enemy attacked our line west of Albert and was completely repulsed. During the past few days there has been heavy fighting south of the River Luce. A Canadian cavalry brigade greatly distinguished itself in many successful actions both mounted and dismounted.

ANOTHER ATTACK.

PARIS, April 4. German troops, numbering well over a hundred thousand, delivered a terrible attack to-day against the French along a front of nearly nine miles from Grivesnes to north of the Amiens-Roye road. They were met with a storm of fire from the French guns, and although the assaults were repeated time after time, they succeeded in gaining only a small section of ground. The French retained Grivesnes, but the Germans occupied the villages of Mailly, Raineval and Moriez. The announcement by the war office to-night of the new offensive also says that by a powerful counter attack, the French made progress at this point.

ENEMY ATTACKS.

LONDON, April 4. The official statement from British headquarters this evening says: North of the Somme there is no change. South of the Somme the enemy launched heavy attacks early this morning on the British and French forces, and on the British front made progress in the direction of Hamel and Vaire Wood. On the remainder of the British front all attacks were beaten back with considerable loss. The fighting still continues. On the French front immediately on our right the enemy gained ground in the trench between the Rivers Luce and Avre.

RUNS MOVING TROOPS.

ZURICH, April 4. The German Swiss frontier will be closed Friday, it was announced here to-day.

TO-DAY.

The closing of the German frontier at any point in the past often has preceded important troop movements in that vicinity.

ARMENIANS CAPTURE ERZERUM.

LONDON, April 4. Erzerum, the principal city of Turkish Armenia, is reported in an Exchange Telegraph despatch from Moscow to have been recaptured from the Turks by an Armenian corps, aided by a detachment of Armenian volunteers. The Armenians also are reported to be holding other territories in the Erzerum district. After the conclusion of peace with Turkey Russia evacuated Turkish Armenia which the Turks re-occupied. They began a fresh series of massacres and the Armenians undertook the organization of an army to defend themselves.

RUSSIAN SHIPS TAKEN OVER.

NEW YORK, April 4. The United States has requisitioned for use in Entente service a number of Russian steamships formerly engaged in transporting supplies between America and Russia, according to an authoritative communication received in shipping circles here to-day. The vessels are those which were retained in American ports when the present Russian Government came into power. They will continue to be used by the Russian flag.

HEAVY DAMAGE INFLICTED.

THE HAGUE, April 4. Information reaching here from Germany reports that damage done in Rhenish cities by the recent Entente air raids is much more extensive than has been hitherto admitted. Places where bombs actually fell are described as "unrecognizable."

BERLIN OFFICIAL.

BERLIN, April 4. Four times yesterday the Entente forces vainly endeavored to recapture the heights southeast of Moreuil, says an official statement issued to-day by the German War Office. The attacks, it is added, were put down with heavy losses.

GERMANS SEIZE 54,000 TONS OF GRAIN.

LONDON, April 4. Since the occupation by the Germans of Polkava, 70 miles southwest of Khar'kov, the position of the Bolshevik detachments opposing them, has become most serious. Reuter's Moscow correspondent cables. The Germans are conducting an offensive against Khar'kov from Poltava and Verolba, employing large detachments

which already have occupied Glou'niatky. The correspondent asserts the Germans have seized at Poltava 54,000 tons of grain, which they are exporting to Germany.

LLOYD GEORGE VISITS FRONT.

LONDON, April 4. Premier Lloyd George returned to London this morning from a visit to the front, says an official announcement to-night. The British Prime Minister accompanied M. Clemenceau, the French Premier. They visited Field Marshal Haig, General Petain, Foch, Pershing and Bliss.

RE-OPENING TRADE WITH AMERICA.

LONDON, April 4. The Russian Government is sending a delegation to the United States to liquidate Russia's war orders with an American firm and arrange future trade relations, according to an Exchange Telegraph despatch from Moscow to-day.

SUBSIDING FINLAND.

LONDON, April 4. The force landed by the Germans at Hangö, Finland, as reported in a Berlin official statement yesterday, comprises 10,000 men under General Pohlmann, according to the Central News correspondence at Copenhagen, telegraphing Wednesday. The artillery equipment of the force is 300 guns, with 2,000 machine guns.

RUSSIA BUILDING NEW ARMY.

MOSCOW, April 4. Russia will form an army of 1,500,000 men not inferior in power and equipment to the Germans and Japanese, M. Podversky, Assistant Secretary of War, declared to-day at a conference in Moscow of the various military department heads. This would be the first step in arming the whole Russian nation. He said the army organization was impossible without the old officers and outlined a measure to enlist the services of generals and publish their names giving to citizens the right to state objections to any one. M. Podversky reported progress in enlistments for the Red Army which was satisfactory in some places. Since the beginning of the army organization two weeks ago eleven thousand have enlisted in Moscow and have been properly equipped.

SHORT OF FOOD.

PETROGRAD, April 4. Several members of the former Imperial Russian family now at Tobolsk are ill, and the Red Cross have requested the Bolshevik Government to allow the family of Nicholas Romanoff the ordinary ration instead of that allotted to soldiers. It has been decided to give the Romanoff family an allowance of three hundred rubles a month. The Novaya Zehlna reports the discovery in Moscow of an organization to enforce the calling of a constituent assembly. They call themselves Blue Guards and are said to number twelve thousand.

FOCH'S CONFIDENCE.

PARIS, April 4. We can henceforward regard the future with tranquillity, was the confident statement General Foch made to Rene Renoult, President of the Army Committee, who accompanied Premier Clemenceau to the front the day before yesterday. General Foch even went further, says Renoult, and asserted that as things now stand the most glorious hopes are premissible.

THIRD LIBERTY LOAN.

WASHINGTON, To-day. The third Liberty Loan campaign will last for four weeks beginning Saturday and ending May 4th, the Treasury Department announced.

COLD SNAP STOPS FLOODS.

QUEBEC, April 4. A sudden cold snap, freezing vast areas of melting snow and ice, has caused a momentary stop in the rising of water in Beauce where yesterday a number of parishes were flooded along the Chaudiere River.

MARKING TIME.

WITH THE BRITISH ARMY IN FRANCE, April 4.—The German offensive continued to mark time last night and up to ten o'clock this morning no move of importance had been reported. It had rained in torrents during the night and to-day the sky is still heavily overcast. It is the kind of weather which renders the shell torn fields of the Somme region most difficult to work over and for

the new type of super-submarine chasers for the Navy scheduled ready for launching in June. Henry Ford, the builder, has assured Secretary Daniels it would be possible under great stress to turn the craft out at the rate of three a day. Next Monday Mr. Daniels will inspect the Ford plant near Detroit, where construction is in progress. A pattern boat virtually has been completed there and will be ready for a short trial of the engines within ten days. Under present plans Mr. Ford contemplates launching a boat a day after the building process is in full swing.

A HUN CONFERENCE.

AMSTERDAM, April 4. An important conference was held to-day at German headquarters between the Emperor and Von Hindenburg, General Von Ludendorff and Dr. Richard von Kuehlinmann, German Foreign Minister. Count Czernin's speech was discussed among other things, and it is understood Von Kuehlinmann delivered an important speech at the earliest opportunity. Count Czernin is expected at Berlin and at headquarters early next week. The National Zeitung says proceedings against Prince Lichnowsky have been started as a result of this memorandum fixing the blame of the war on Germany.

THE FACE VALUE.

WASHINGTON, April 4. Italy, like the other Allies, regards the recent speech of Count Czernin, Austria's foreign minister, as merely another phase of the Teutonic peace offensive, an official despatch to-day from Rome says. Italian political circles consider the speeches of Count Czernin as the clearest manifestation of the German-Austro pro-peace propaganda in spite, however, of the apparently graceful tone of the Czernin Polemic with President Wilson, in order to assure him that Austria recognizes his sympathies, the Italian press finds that the Austrian Premier's acceptance of the four fundamental points of President Wilson's second message is flatly contradicted by the very recent actions of Austria. In fact a tremendous amount of state and Czernin declared in his speech the French and Italian aspirations are foolish Utopia. The Austro-German Ministers, after listening some of the Maximalist points at Brest-Litovsk, have immediately occupied a large section of Russian territory. The Austrian press at the same time discusses the colonial problem in a way as to put Austria in the same line with Germany in regard to the imperialistic aims of the Central Empires. The Italian press finds the alleged respect for integrity of other nations on the part of Austria cannot be reconciled with the repeated assertion that Italian provinces must be occupied and kept. At Graz a German commission has passed a resolution to the effect that Trieste must be assured to the Central Empires by a further rectification of the Italian frontier. The same motion advocates the immigration to Adriatic shores of Germanic populations to replace the Italian and Slavic elements living there. The irreconcilable contradiction between words and actions or projects is thus emphasized.

SUCCESSFUL AIR RAIDS.

AMSTERDAM, April 4. Despatches to Les Nouvelles says, the occasion of the last Allied air raid on Coblenz, twenty-six persons were killed and one hundred wounded. Great damage was done, the railroad station being demolished. In the last raid on Treves sixty were killed and hundreds wounded, the railroad station was damaged, and streets in the neighbourhood were heaped with ruins. In the raid last week the Cologne station was hit and many buildings were demolished. A troop train standing in the station was struck and many occupants were killed or wounded. The Emperor visited the spot the following day.

THE EAGLE BOATS.

WASHINGTON, April 4. With the first of the Eagle boats, the new type of super-submarine chasers for the Navy scheduled ready for launching in June, Henry Ford, the builder, has assured Secretary Daniels it would be possible under great stress to turn the craft out at the rate of three a day. Next Monday Mr. Daniels will inspect the Ford plant near Detroit, where construction is in progress. A pattern boat virtually has been completed there and will be ready for a short trial of the engines within ten days. Under present plans Mr. Ford contemplates launching a boat a day after the building process is in full swing.

the whole country is heartened by the latest news from the front and is absolutely confident of the ability of the army to foil the enemy in his move. Meanwhile the German press is busy counselling its readers not to expect too much. The Cologne Gazette says that extraordinary rumours are prevalent in Germany regarding the extent of the German "victory," and are inspired by the enemy who is exulting in the German success for the purpose of encouraging the masses who were becoming depressed through disappointment. The war correspondent of the Frankfurter Zeitung says that hitherto it has been impossible to exactly estimate the German losses, but it is unnecessary to jump to conclusions that they are enormous because the victory was difficult. He states that the enemy's resistance is hardening and has been favored by the stormy and rainy weather that greatly hampered the offensive operations. The war expert of the German-Swiss Zurich Post says that Germany has been unable to hinder the carefully planned development of the Anglo-French reserves and the continuance of the violent attacks demand immense sacrifices. The Frankfurter Zeitung attacks Von Hindenburg for attempting to override the Reichstag. It appears that Von Hindenburg telegraphed the Vice-President of the Reichstag as follows: "The fresh sacrifices of blood forced upon us have not been made for nothing. I know that the Reichstag understands this and that it will champion a strong German peace."

AFTER HINDENBURG.

LONDON, April 4. The French public are breathlessly but confidently awaiting the resumption of the German onslaught. Deputies who have returned to Paris from various constituencies state that they found no trace of nervousness.

for the Fatherland as yet. He is encouraging the Pan-German annexationists who are already exploiting the western offensive for the purpose of altering the Reichstag's war aims. In the meanwhile a Reuter despatch from the French front gives some idea of the German losses which are already disquieting the Vaterland. It says that statements made by prisoners have been carefully checked and show that the losses of several German divisions which the correspondent names as chiefly Guards and Bavarians, ranged from 25 to 45 and even 75 per cent. of their strength.
