B. I. S. DEFEAT RED LIONS.

The Red Lions went down to defeat before the B. I. S. on last Tuesday evening by a score of 6 runs to 4. There was a large gathering of fans and the game was an exciting one throughout. Carey pitched a shut-out game for six innings, but in the seventh some few errors and two safe hits brought in four runs, for the Lions. He had strike-outs and allowed but two walks. McNamara, the Lions new southpaw, did very well having eight strike-outs to his credit and allowing but one base-on-balls. Williams and Doc Power played their positions in regular "big League" style and were responsible for quite a number of the put-outs. Kieley, Buckingham and Quick also played their positions well. Good catches were made by Power, O'Reilly and Quick. Features of the game were the three-base hit by Grace and a double play, French-McGrath. The Umpires were Messrs. Chesman and Montgomerie and the scorers Messrs. Channing and Mullings. The score by innings was as follows:—

Red Lions	0	0	0	0	0	4
B. I. S.	0	0	1	0	1	3

Sun Burned Skin

You want a healthy summer tan. But sometimes you get it too quickly and then there is a few days of suffering.

The application of Dr. Chase's Ointment takes out the stinging and burning and leaves the skin delightfully soft and smooth. Because it is equally effective in relieving stings of insects and ivy poisoning as well as chafing and skin irritations it is invaluable in the summer camp.

Minister of Militia Returns.

By the Kyle this morning, Hon. J. R. Bennett, Minister of Militia, returned back to Newfoundland, after travelling around Europe for some months. He is looking particularly well after his trip, and evidently the air of foreign ports agree with him.

Lady Day Donation.

It has been reported that the members of Holytown and Quidi Vidi who are connected with Rev. Dr. Kitchin's parish are giving the fish caught on Lady Day, August 15th, to help defray expenses in connection with the new church. We trust that a record day's catch will be made.

City Wins.

The football match between the City and Visitors last night resulted in a win for the former by a score of 7 to 0. The game, however, was not so bad as the score would indicate, as the visitors at times got in some excellent play, but lacked shooting.

Forgot Himself.

Maquering as a woman, Private John Hutchinson, of Chester, Penn., forgot himself when he passed an officer, and saluted. As a result, he was arrested and turned over to the military authorities for punishment. Hutchinson was dressed stylishly. He wore a low-cut gown, high-heeled shoes, white stockings, summer furs and a large picture hat.

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

Big Fire on Mundy Pond Road.

Yesterday morning, the house and barn of Mrs. E. Moores, of Mundy Pond Road, were totally destroyed by fire. The buildings and furnishings were covered by insurance to the amount of \$4,000. An alarm was sent in through the Ropewalk at 4 a.m. and when the Fire Companies arrived, the property was beyond all help. However, a supply of water from the nearby pond was obtained, and turned on the fire, which failed to quench the same. Mrs. Moores states that about half-past eleven Tuesday night three tramps appeared at her house, and asked for admittance, which she refused, and the tramps went away. About 3.30 she was awakened by the smell of smoke, and quickly arousing her two young sons, she left the house as the barn was burning fiercely, and the house was endangered. Some of the neighbors were quickly on the scene, but could do nothing to save the dwelling. It is supposed that after failing to gain admittance, the three tramps set fire to the barn. Mrs. Moores cannot identify the tramps, but the description given by her corresponds with that of some well-known hoboes, and it is likely that some arrests will soon be made.

DAYTON Money Weight Scales!

After deciding to locate in Newfoundland, we wished to obtain agency for the best computing scale made. We visited all the leading cities of the United States and Canada as far west as Chicago. We visited three computing scale factories, all of which offered us their agency. We talked with hundreds of users of various types of computing scales. The result of our investigation showed us that the Dayton Money Weight Scale was absolutely the best computing scale made, and that it would outwear any two computing scales of the swinging pendulum type.

We therefore closed the contract for the sale of Dayton Scales and have sold a number of them in St. John's and the various outports. Every scale sold is giving perfect satisfaction.

We are also agents for the Dayton Silent Meat Slicer and Dayton Cheese Cutter. If you are interested in the most perfect weighing machine ever devised, write or wire

Goodyear Quality Lowers the Cost-per-Mile

Goodyear Value does not stop at fair prices—or rather, it does not begin at any price.

Long mileage is the first aim of the Goodyear factories and excess mileage is the aim of Goodyear Service Stations and Dealers everywhere. We believe that there is not another tyre manufactured today that will give so low a cost-per-mile as the new type Goodyear.

We believe it from our own experience, and because we have seen it proven by figures gathered from many sources. You can make your decreased tyre-cost-per-mile, through fitting Goodyears to your car, offset your increased petrol-cost-per-mile.

GOOD YEAR

Shoes play a very important part in the dresses of the moment.

After fruit is safely in the jars the latter should be turned upside down and if any juice leaks out the cover should be tightened. The ends of candles are useful in

kindling the fire. Cut them in small pieces and distribute them among the kindling. The fire burns up much more quickly.
