

**The New Governor-General.**  
The appointment of Lord Dufferin as the successor of Lord Lisgar has found great favour with the English press. The *Daily News* of the 3rd inst., says—

"After the viceregency of India, the Governor-Generalship of the Dominion of Canada is the most distinguished and most arduous office, in connection with the administration of our dependencies, that a statesman can fill. Our present relations with the United States, and the vexed and difficult topics which affect the position of Canada towards the Mother Country, call for a policy at once cautious, bold, delicate and yet firm. It is impossible to predict success in Colonial administration until its achievement converts prediction into history. But there is every reason to look hopefully on Lord Dufferin's future career. It is a matter of secondary, though by no means of small importance, that his literary ability, his refined tastes, his varied accomplishments, and his graceful courtesy of address and bearing, will make him a fitting representative of the Crown."

The *Daily Telegraph* says—  
"Lord Dufferin has at length obtained a working office in the conduct of which he can display his special abilities; and the Dominion, we are entitled to presume, will regard the choice made by our Government with warm approval. Courteous, cultivated, prudent, yet enterprising; gifted with imagination, which issues itself to a general or a statesman as a poet or musician; the new Governor-General is precisely the person to fill an office which demands tact in the management of men, acuteness in the perception of things, and a comprehensive moderation able to make ample allowance for party passions and national peculiarities."

There were no less than eleven marriages celebrated at the same time in the French Church, Hull, on Monday last. The Chasseur Canadian Band was in attendance. Three of the marriages were in one family, two sisters and a brother. No wonder the population of this village has increased so rapidly, and surely it will continue so while marriages are so numerous.

The *Paris Star* says that on the 25th ult., Mr. Bright Neill, farmer in Middleport, came to his death in an unfortunate way. Deceased had been taking a bull to the water, which is a short distance from the house. The animal was observed to proceed home alone. Search was immediately made for Mr. Neill, who was found down the lane, much bruised about the chest, and quite lifeless. He had evidently been killed by the bull.

We have heard recently of several severe cases of spinal disease cured by *Johnston's Anodyne Liniment*: one case of a man forty-five years old, who had not done a day's work for four years. The back should first be washed, then rubbed with a coarse towel. Apply the Liniment cold, and rub in well with the hand.

"Horse-men," and others who pretend to know, say that the following directions had better be observed in using *Sheridan's Cavalry Condition Powder*: Give a horse a tablespoonful every night for a week; the same every other night for 4 or 6 nights; the same for a milch cow, and twice as much for an ox. The addition of a little fine salt will be an advantage.

**Breakfast—Epps's Cocoa—Grateful and Comforting.**—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—*Civil Service Gazette*. Made simply by boiling water or milk. Each packet is labeled "James Epps & Co., Homeopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk).

**RAILWAY TIME TABLE.**

**Celebrated Perfected Spectacles**  
Appointed Mr. D. Savage

As their sole agent for this place. They have taken care to give all useful instructions, and have confidence in the ability of their Agent to satisfy the requirements of all customers. An opportunity will be thus afforded to procure at all times,  
Spectacles unequalled by any for their Strengthening and Preserving Qualities.  
Too much cannot be said as to their superiority over the ordinary glasses worn—there is no glimmering, wavering of the sight, dizziness, or other unpleasant sensation. But on the contrary, from the peculiar construction of the Lenses, they are soothing and pleasant, causing a feeling of relief to the wearer and producing a clear and distinct vision as in the natural and healthy eye. They are the only spectacles that preserve as well as assist the sight, and are the cheapest because the best, always lasting many years without change being necessary.
