FILES—ITCHING, BLIND OR SCALING.

Symptoms: Moisture, intense itching and stinging, most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists or by mail, for 50 cents. FIXED THE MINISTER.

And He Needed Looking After.

"In a minister's family in Los Angeles where I was visiting some months ago, the wife complained of nervous indigestion and dyspepsia. She admitted that she used coffee and said she more than half believed that was the trouble. I told her that I knew it was the trouble for I had gone through with the experience myself and had only been cured when I left off coffee and took up Postum Food Coffee.

"She said she had tried the Postum, both for herself and her husband, but they did not like it. With her permission, I made Postum next morning myself and boiled it fully fifteen minutes after the real boiling of the pot began. Then when it was served, it was a rich, deep brown color, and had the true flavor and food value that every Postum maker knows. It is all folly to talk about trying to make Postum with one or two minutes' steeping.

"You can't get something good for nothing. It must be boiled, boiled, boiled, and to keep it from boiling over, use a small lump of butter, perhaps twice the size of a pea. That morning the minister and his wife liked Postum so well that their relatives were changed on the question of diet and they abandoned coffee at once and for all time.

"Now after a hard day's work, they are comforted, refreshed, and rested by a cup of well-made Postum for supper. They are both enthusiastic in the praise of Postum, and have recovered from her dyspepsia. I will not go into the details of my own case, except to say that I was a desperate case of nervous indigestion, and was cured by leaving off coffee that coffee was the cause of it. I quickly got well when I took up Postum Food Coffee. I earnestly hope that many more coffee drinkers may get their eyes open. Name and address given by Postum Cereal Co., Ltd., Battle Creek, Mich.

circle, Mrs. Sowerby, occupied the chair very acceptably. Refreshments were served during the evening.

TRANSFERRING THE BUSINESS.

The Leamington Post says: "Most of the machinery of the London Tobacco Company will be removed to Leamington. The London company also have considerable leaf stored in another building, which was saved. This removal of the plant to Leamington will mean considerable increase of the working staff at the Consumers' factory here."

HUTTON-HOBBS.

The Wingham Advance says: "The Methodist parsonage was the scene of a very pretty wedding this week. On Wednesday, at noon Miss Jennie M. Hobbs, eldest daughter of Rev. Richard Hobbs (formerly of South London), was united in wedlock to Mr. H. V. Hutton, of Brantford. They were wedded standing under a floral wishbone. The ceremony was performed by the father of the bride, assisted by the Rev. Wm. McDonough, of Stratford, who married the father and mother of the bride. Always charming, the bride's beauty was enhanced by her dress of white silk, with bridal veil, and the happy occasion. She carried a bouquet of roses. The only attendants were two pretty little flower girls, dressed in white—Delight Hobbs, the bride's sister, and Gerty Verity, of Toronto. The groom's present to the bride was a gold watch-guard with diamond set slide, and to the flower girls a pair of pearl earrings. The bride was remembered by many beautiful presents from the church and friends.

ST. GEORGE'S ROYAL ARCH CHAPTER CONVOCAION.

The regular convocation of St. George's Royal Arch Chapter, No. 5, was held last night at the Masonic Temple and was fairly well attended. A banquet was served after the business of the evening was gone over. Among those present were: R. Ex. Companions Munson, McWhinney, H. Voe (St. Thomas) and Dewar; St. Comps. Buchner, A. A. Campbell, Elliott and Paul, and the following companions from the neighboring city: Ex. Comps. J. Belfry, C. E. Edmonds, W. H. Ferguson and G. T. Kennedy; Comps. J. A. Kilpatrick, H. G. Mills, E. T. Gunn, R. S. Marshall, R. S. Simpson, W. E. Wardell, J. W. Courtney, H. J. McDiarmid, of St. Thomas, and J. S. Atkinson, of Orangeville, and about 30 others from St. John's and St. George's Chapters.

A. O. U. W. RECEPTION.

The committee appointed for the reception of the grand master and grand lodge officers of the A. O. U. W. on Friday evening, Nov. 23, have arrangements nearly completed. It is expected to be one of the largest gatherings of Workmen ever held in the city of London. A great many outside the order have been anxious to secure tickets. The committee desire to state that the reception is for Workmen only. As there are over a thousand members of the order in the city, it will be almost impossible to accommodate outsiders. Every member of the A. O. U. W. is expected to be present. St. Thomas and London are going to send big delegations. There will be a large class of candidates to receive the Workman degree. A degree team has been selected from the different lodges of the city. The grand master and grand officers will deliver addresses touching on questions of vital interest to the order. A first-class entertainment has been prepared. Refreshments will also be served.

Western Ontario.

W. Kirkton is organizing a company for the erection of a modern cold storage plant at Sarnia. The idea is to handle the bulk of the meat consumed in Sarnia, by buying from the farmers, and selling at wholesale to the butchers.

Several months ago, says the Sarnia Canadian, application was made to the Dominion authorities by the village of Point Edward to have certain dredging done opposite the site of the new elevator to be built at the Point. Yesterday afternoon a telegram was received from the department by Dr. Johnston, which sets at rest the uncertainty, and insures the immediate commencement of the work. The department states that it has no dredge available, so arrangements have to be made locally. At present a 20-foot channel will be made to allow the entrance of boats to the scene of operations, and in the spring it will be necessary to remove the entire bar. The present work can be accomplished if no obstacles arise.

MR. MCCOOL, M. P., ILL.

Toronto, Nov. 23.—Charles McCool, an Ottawa lumberman and member of the parliament, for Nipissing, who has been staying at the Rossin House for a few days, was taken suddenly ill Thursday, and was removed to St. Michael's Hospital in the evening. The physicians intended operating upon him for appendicitis, but owing to some mitigation in the attack this course has been postponed.

TO BRIDGE THE STRAIT OF CANSO

Halifax, N. S., Nov. 22.—It is announced in Sydney today that a company has been formed for the purpose of building a bridge across the Strait of Canso. The object of the company is to construct a railway, tramway, vehicle and passenger suspension bridge across the strait from a point at or near Port Hastings to a point at or near Cape Porcupine, and to build lines of railway to connect the proposed suspension bridge with through lines. It is estimated that the structure and approaches will cost in the vicinity of \$4,000,000. The possibility of a bridge across the strait has been demonstrated by expert engineers, who have assured absolute safety of transfer. The approaches to the proposed bridge will be reached by deflection of the C. N. on both sides of the strait, and the high grade going out of Mulgrave will be overcome.
