LOCAL MARKETS

London, Saturday, Jan. 14. From a business standpoint today's market was one of the best since the Christmas markets. The attendance of farmers was the largest since the holiday season. The buyers were anxious to purchase, and consequently there was a lively market. There was no hanging about prices, as the grocers and dealers' stocks were nearly depleted. In fact they had to have the stuff, therefore the market was a lively one from start to finish. A large amount of money changed hands in a short space of time.

Grain—Oats was the only kind of grain offered. Sales were brisk at 90c to 92c per cwt, mostly at 91c per ton. Several loads of hay sold at \$5.50 per ton.

A couple of loads of straw sold at \$6 per ton.

Butter and Eggs—Offerings of butter were fairly large. Sales were brisk at 19c to 22c for crocks, and 22c to 24c for pound rolls. The grocers are paying 25c to 27c per pound wholesale. Eggs were in good demand at 25c per dozen wholesale and 27c to 30c per dozen retail.

Vegetables and Roots—Potatoes were scarce and prices higher at 75c to 80c per bag. Cabbages sold at 40c per dozen. Turnips, 25c to 30c per bag. Cucumbers, 30c per dozen. Lettuce and radishes, 40c per dozen.

Apples—The supply today was large; sales were rather slow. At 10c per bushel and 12c per barrel for the bulk. The buyers were good, and the market was a lively one.

Poultry—There was a good demand for all the offerings; turkeys, dressed, sold at 15c to 16c per lb wholesale; a few large gobblers were sold at \$2 to \$3 per pair; chickens sold at 9c to 10c per lb, or 11c to 12c per lb, or 13c to 14c per lb, or 15c to 16c per lb, or 17c to 18c per lb, or 19c to 20c per lb, or 21c to 22c per lb, or 23c to 24c per lb, or 25c to 26c per lb, or 27c to 28c per lb, or
