YARDMEN AT OTTAWA RETURN TO WORK

Ottawa, July 20.—Practically the only development in connection with the G. T. R. strike here today was the return of yardmen to work. These went out yesterday with the conductors and the trainmen. The reason for their return is that today the shunting engines were at work and the local yards are being cleared of the congested freight. There are 205 railwaymen directly affected by the strike, including those laid off at the repair shops. The Booth lumber mill is still shut down and the 2,000 millmen employed there probably will be idle until the railway strike is ended.

MOB AT THE FALLS ASSAULT RAILWAYMEN

Niagara Falls, July 21.—The first violence of the strike occurred last night, when Night Agent W. Smith, of the Grand Trunk, who had gone over the river to the New York Central depot at Suspension Bridge, N. Y., on the 9 o'clock train, was assaulted by one of the mob, knocked down and badly used. He received a cut on the right eye and another cut on the top of the head. Smith was picked up partly unconscious and sent back to this side. At 11:30 p.m., when the Muskoka express pulled into the depot, a hoisting mob of 100 young men, supposed to be sympathizers with the strikers, augmented by a dozen young toughs from the American side of the river, hurled stones and eggs at Superintendent Cunningham, some of them striking the superintendent. When the police were sent for the crowd dispersed. No arrests were made, but it is said that some will yet be made.

VICTORY ALREADY BOTH SIDES SAY

Many Industries Being Affected By the Big Strike

FREIGHT STILL STALLED

The Situation at Toronto, Hamilton, Ottawa, Montreal and Other Points.

Toronto, July 20.—The second day of the strike on the Grand Trunk has been uneventful throughout Ontario. Through passenger trains are running fairly on time. A few locals have been abandoned. No attempt is being made to move freight. The freight situation in this city is serious. The yards and sidings are congested with cars. The ice companies are suffering and much perishable freight is being ruined. But stores that the city is undergoing a milk famine and soon would suffer for want of meat are unfounded. A full supply of milk was received only half an hour late this morning, and cattle are being shipped over the lines of the Canadian Pacific Railroad.

The only important train abandoned today was the Cobalt special. The trains that did go out were manned by special men and the terminal superintendent here tended the making up of the trains himself. There has not been a sign of disorder in this city. The men keep away from the station and freight yards and base their hope on winning the strike on the difficulties they believe the company will encounter when an attempt is made to move freight.

On some branch lines of the Grand Trunk the towns are getting late delivery of mails. At Stratford a shortage of coal is threatened. In some towns factories have been obliged to close down because of inability to secure supplies.

Joined the Strikers. Port Huron, Mich., July 20.—Two conductors who had continued to make their runs after the strike began joined the strikers today. James McMann, of this city, went to the strikers' headquarters this noon and said: "Boys, I've decided to join you."

William McMurray, also of Port Huron, brought his train into Chicago today and instantly wired to the strikers here that he had quit his job.

Mayor Bell sent letters today to President Hays of the Grand Trunk Railway and Vice-President Murdoch of the Brotherhood of Railway Trainmen. He expressed his regret that there had been a cleavage between the two organizations, hoped the matter would be settled soon and promised to do all in his power that might be requested of him in bringing about peace.

John Hodges, master car builder of the G. T. Block L shops in this city, has received notice from the officials of the railway that the 355 men who were laid off yesterday can go back to work at their regular wages if they act as conductors, brakemen or trainmen during the strike. After the strike is settled they can go back to their former positions. Whether any of the men have accepted the offer is not known.

No trouble was experienced today from the strike. The strikers continue to maintain order. Trains are running almost at schedule time. No attempt has been made yet to run the freight trains.

ELOPING COUPLE LANGUISH IN JAIL

Appear Before Chatham Magistrate on a Charge of Theft.

[Special to The Advertiser.] Chatham, July 21.—Charged with stealing \$30, Joseph Stanley and Mrs. Elizabeth Darton appeared in police court yesterday. They are the runaway couple whom the police of Canada and the United States have been following ever since they left Chatham over a month ago. They were arrested in Cleveland, and afterwards in Windsor, and brought here for trial. The woman, becoming infatuated with Stanley, who was formerly a porter in the C. P. R. Hotel here, left her husband and little baby and eloped. Even the police court could not dampen their love. During their hearing they sat as close as possible to each other. Mrs. Darton is a rather striking brunette, and Stanley is a good-looking young man. She is the wife of a Palmyra farmer. Both pleaded not guilty to the charge of stealing money, and were elected to be tried by Magistrate Houston. They will come up Monday. Meanwhile they are lodged in the county jail. Walter Miller, E.C., of Ridgeway, appeared for them.

RADICAL REFORM FOR ENGLISH PENS

Humanitarian Movement Is Outlined by Churchill in Heated Speech.

London, July 21.—In the House of Commons last night Winston Spencer Churchill, the home secretary, outlined intended sweeping reforms in the prison system which are to be inaugurated partly by administrative order and partly by new bills in parliament. His object, Mr. Churchill explained in an impassioned speech, which greatly impressed the House, is to treat criminals with more humanitarian methods, and as far as possible, to prevent their degradation by prison life.

He wishes to afford longer time for the payment of fines and to prevent imprisonment for their non-payment, and to substitute disciplinary or curative methods, for imprisonment in the cases of youthful and minor offenders.

WOMAN WITNESSED SLAYING OF ENOS

But Detectives Are Nonplussed in Search For the Murderer.

[Special to The Advertiser.] Chatham, July 21.—The mystery surrounding the murder of Jake Enos remains unsolved. No important clues to the whereabouts of the murderer have been discovered. Provincial Detective Miller is here, trying the local police, but nothing in the nature of a solution has been reached. Jackson, a colored man, suspected of knowing more than anyone else about the shooting, is in hiding, and cannot be found. He is thought to be the tall negro who threatened Griffin, the man who was arrested, with a pistol, and told him not to interfere in the fight on Monday night. He was the only member of the crowd who was seen to carry a gun. Jackson is thought by the police to have left the city, but the colored people think that he is in hiding somewhere in the east end.

Saw Enos Fall. The original theory that Enos was not shot at the place where his body was found, is carried out by the story of Mrs. Beaver, who lives on King street east. Her story is the latest development in the mystery.

The story told this afternoon is to the effect that she saw the murder, or at least saw Enos fall after a shot had been fired. Mrs. Beaver's place is near the C. P. R. tracks on King street east. She says that on Monday evening she saw four men quarrelling in front of her place. After some loud words one of them drew a gun and a shot was fired. One of the men fell and the others fled. After some time two of the men came back and picked up a prostrate form from the ground and carried it away. It is very likely that this was the body of Enos, and that it was carried to Wellington street, where it was found by the police on Tuesday morning.

The bloody knife found beside the dead man was evidently a slitting knife, because the bullet pierced his brain must have killed him almost instantly, and he could not have used the knife. Needham, the man who was so badly slashed with a knife or razor, is recovering. He refuses to tell anything about the murder.

LITTLE GIRLS HELP THE FRESH AIR FUND

A Splendid Site Selected for the Camp at Port.

The Fresh Air Fund being collected by a number of citizens to give fifty poor boys a ten days' outing at the lakeside, now totals nearly \$350.

Subscriptions are coming in rapidly, and if sufficient money can be secured to defray the expenses of the trip, many more boys will be taken along to the lakeside.

Mr. Wreton and Capt. Gregory, who will have charge of the boys, visited Port Stanley yesterday and arranged to pitch the tents on the farm of Mr. John Brumpton, east of the beach. Brumpton has a magnificent place, ideally situated for such an outing, and is charging the committee nothing for the camp grounds.

Six little girls, all residing on Lorne avenue between Ontario and Quebec streets, have gone about securing funds for the outing in a very businesslike manner, and as a result of the garden party held Tuesday evening at the home of one of the sextette, Miss Marjorie Laird, three dollars are now in the treasury.

The girls are Marjorie Laird, Adelaide Trebbcock, Mary Forthingham, Maud Slocock, Agnes McDonald and Kathleen Brathwaite.

DID RAWN SUICIDE FEARING EXPOSURE?

Victim Was Central Figure in Illinois Central Graft Inquiry.

Chicago, July 21.—Ira G. Rawn, president of the Chicago, Indianapolis and Louisville Railroad (the Monon Route), died of a bullet wound at his summer residence in Winnetka, 15 miles north of Chicago early today.

Members of Mr. Rawn's family say he was killed by a burglar. The police are working on a theory that Mr. Rawn killed himself.

As a basis for their theory the police advance the following reasons. They point to the fact that Mr. Rawn was operating vice-president of the Illinois Central Railroad at the time fraudulent car-repair contracts were put through, and that recently he has been drawn into the Illinois Central graft investigation as a chief witness.

They say that the action of Mr. Rawn's relatives in refusing the aid of the Chicago detective department to search for the alleged slayer is suspicious. They declare that there is a lack of convincing evidence that an intruder

had actually been in the Rawn residence.

Mrs. Rawn, wife of the dead man; R. G. Coburn, his son-in-law, Mrs. Coburn and two children and three maids were in the house when the tragedy occurred.

FEARED THE METHODISTS. Toronto, July 21.—Turner & Co., who lost their wholesale liquor license some time ago, and who have on several occasions since won out on prosecutions, were in court again today, on a charge of sending two gallons of whiskey to a Newmarket customer. It was booked as berry wine, "because," said defendants, "we did not wish the Methodists to be after us." The case was adjourned.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all dealers.
