\$10,000 A YEAR FOR HYGIENIC INSTITUTE

Building Left Idle for Years Is To Be Used at Last.

For the first time since the Hygienic Institute was completed three years ago, it is about to be occupied. A janitor for the place has been appointed, and he has commenced work. Furthermore, it is announced that \$10,000 annually has been appropriated by Ontario Government for maintenance. The sum of \$5,000 was originally intended for annual upkeep, but pressure was brought to bear on the Government, and the amount was increased. The first year's appropriation will be paid over at once.

The management of the institute has been vested in the faculty of the Western University. The appointment of a man to take charge is now being considered. He will not be a local practitioner, it is announced. A physician in England has been selected by Hon. Adam Beck and will probably come here shortly.

Dr. H. A. McCallum, who has been greatly interested in the institute, stated to The Advertiser today that the Government was economical in its grant for maintenance, as the institute was intended for the purposes for which the institute is intended.

Londoners have for years wondered why the building was left idle, but now, on the eve of an election it is announced that it is to be put to the uses for which it was intended.

Music and Drama

Harry Lauder Tonight.

Harry Lauder, the noted Scottish comedian, and frequently referred to as the highest saluted performer on the world's stage, will appear at the Grand tonight. This celebrated artist, who endeared "The White Squaw" to the people, will play "The Saffest of the Family," "Bonnie Scotland," and a host of other jingly airs, to the American public, has produced a new song, which includes, "Roaming in the Gloamin'," "Breakfast in Bed on Sunday Morning," "It's Just Like Bein' at Home," "The Scotch Errand Boy," and other unique song offerings. This will be Lauder's only appearance for three years in this city. His present visit to America covers a period of six weeks and five days, after which he will return to Europe to fill other engagements. A bill of international novelty artists surround Lauder: Trovato, the Italian wizard of the violin; Grif, the white faced English Pierrot; Maud Tiffany in song repertoire; an artist of exceptional worth, while Merkle, well-known German mimic, and the Satalina Trio will also appear on the bill.

"The White Squaw"

The Boston Daily Advertiser says "The White Squaw" is the best of the Canadian-American comedies. The play, which recently played an engagement in the city of culture: "The bold free air of the woods and the hills, the breath in every line of 'The White Squaw,' this week's attraction at the Grand Opera House, and you can almost catch the odor of the pines and the atmosphere of the forest, so realistic are the scenes depicted. It is a story of the Michigan frontier a century ago, and the characters are the trappers, trappers, Indians and pioneers of that period. The character of Neamata, the 'white squaw,' is particularly dramatic and appealing, while those of her sister, the French-Canadian trapper, the Indian chief, and, in fact, all the leading roles, are skilfully drawn and capably acted, while the whole play is clean and wholesome and leaves a good taste in the mouth." "The White Squaw" will be the offering at the Grand, matinee and night, Saturday next. Seats selling.

Grace George's New Play.

Grace George, who will be seen at the Grand Monday evening next, is one of the few American actresses who have won success in London. Great as is her fame as a comedienne in the United States and Canada, it is paralleled in the British metropolis, and on the continent. Her remarkable portrayal of the London playgoers to accept her with open arms, and to add her to the galaxy of the great comedienne for whom the English stage is famous. "America" might have lent us Miss Grace George a little earlier, "We are grateful to Miss George—she will live in our memory," remarked the famous St. James' Gazette. "Her points are made in the easiest and most natural way," said the Daily Telegraph. "One of the most delightful and accomplished comedienne America has yet sent us," was the opinion of the London Daily Mail. Seats tomorrow at 9 a.m.

TRUST ARE OPPOSED

Do Not Want Incinerator Located on Victoria Hospital Grounds.

The hospital trust will oppose the location of an incinerator for the destruction of garbage on the hospital grounds.

At the meeting held yesterday the matter came up incidentally, and the members present expressed themselves as opposed to the location of the incinerator on the property west of Victoria. It would be advantageous to have it furnish the heat for the hospital.

"The present heating system is not right," said Mr. Llewellyn Meredith. "Smoke consumers should be on all the chimneys here, as the soot and dust spoil the building. We will have to make a change soon, and if our trust can be brought from the incinerator it would be a decided advantage to us."

"There would be objections made to placing the incinerator on the hospital grounds," said Mr. Geo. B. Harris. "We could bring heat from some blocks, as it is done down town, and the incinerator could furnish us with it. That would be a first-class arrangement."
