NEVER SAW A TRAIN
Mrs. Shelter Had Never Seen More Than a Mile From Home.
[Special to The Advertiser.]
Worlo, March 11.—Mrs. Christian Shelter, aged 88, who died in the Berlin House of Refuge on Saturday, resided here for 70 years. During that time, although in good health, she had never been a mile away from her home, nor had she ever seen a train during her life.

[Special to The Advertiser.]
Flesherton, March 10.—The United Presbyterian congregations of Flesherton, Eugenia and Preston Station moderated in a unanimous call to Rev. Archibald McVicar, B. A., pastor of Essex and Willis Church in the Presbyterian at Barrie, to resign his office, with free manse and vacation.

The Source of Many Ills
So many of the pains and aches we suffer, and so much of the serious disease, is directly traceable to constipation of the bowels and sluggish action of the liver and kidneys that most people realize the danger of neglecting these conditions.
The question is what treatment to use, and this letter from Mr. Luttrell leaves no doubt on this score. He has personally proven the effectiveness of Dr. Chase's Kidney-Liver Pills in cleansing the system and in restoring these filtering and excretory organs. Mr. Alex. Luttrell, 142 Bridge street, London, Ont., writes: "I have used Dr. Chase's Kidney-Liver Pills for many years, and have always found them satisfactory as a cure for constipation and derangements of the liver and kidneys. They do their work in a quiet way every time—no griping—no sickness, but most beneficial results. We have also used Dr. Chase's Ointment in our family for a long time, and so long as we can get these medicines shall not use others."

CASCARETS SURELY STRAIGHTEN YOU OUT
No Headache, Biliousness, Bad Taste or Constipation By Morning.
Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passage through these alimentary or drainage organs every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?
Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels. A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

MAY BUILD SHELTER FOR LONDON'S DRAYMEN
Ald. Ashplant Suggests Iron Shed South of G. T. R. Tracks.
With the permission of the Grand Trunk Railway Company, the city will erect a sheet-iron shelter for draymen on the vacant land south of the G. T. R. station.

Ald. Ashplant presided at the meeting of the draymen's committee of the city on Monday night, and Mr. Bennett, council member, presided. Ald. Ashplant reported that several draymen were already using the vacant lot to the rear of the Hotel Cecil, but that the majority were not in favor of it. The Harvester Company's plant could not be secured, as the Harvester Company is planning an addition to its warehouse. Ald. Ashplant suggested that a sheet-iron shed be erected south of the tracks. He was appointed to confer with the railway company in regard to the matter.

TRAMPS ARE THAWED OUT; APPEAR AGAIN
Residents Near Railways Have To Hand Out Many Free Lunches.
Now that the weather is a little milder and conditions better suited to "riding the blind" and other underground methods resorted to by tramps, those idle gentlemen have begun to make their appearance in the city in increasing numbers.

Residents in the vicinity of the railroads have been pestered by them, and several complaints have been made to the police.
A tramp came to the house of Mrs. Frank Sharma, 869 Hellmuth avenue, on Friday evening, and after being warmed and fed, demanded money before he would leave. It was necessary to call some paperhangers, who were working in a neighbor's house, to eject him.

EDUCATIONAL DEPT. DESCRIBES LONDON'S INDUSTRIAL SCHOOL
Larger Space Devoted to City's Institution Than to Any Other.
Gives Illustrations Showing the Classes at Work and the Methods Used.

In a report issued by the Ontario department of education on industrial, technical and art education, a large space is devoted to the London Industrial School and the various courses of labor and special organizations, such as the Builders' Exchange, and of the public in general.
The report gives unstinted praise to the support rendered the Industrial School by the manufacturers, organized labor and special organizations, such as the Builders' Exchange, and of the public in general.
The success which has attended the local school has spread far and wide, and numerous inquiries have been sent from trustees and others interested in the trend of technical education, and judging by the remarks and impressions introduced in Western Ontario, holds high place.

Trustees W. W. Gammage and E. R. Dennis have letters printed in the publication recommending the school to all parents who have children who desire to advance themselves educationally and along practical lines.
Judging by the remarks and impressions introduced in Western Ontario, holds high place.

HEART FAILURE CAUSES DEATH OF W. T. NELSON
Expires Suddenly While Driving on Oxford Street Monday Afternoon.
Heart failure is given as the cause of the sudden death of William J. Nelson about 2:30 Monday afternoon, while driving with a friend on Oxford street in the vicinity of Wolsey Barracks. Coroner Macdonald decided that an inquest was unnecessary, and the body lies at the undertaking parlors of Smith, Son & Clark, pending the completion of funeral arrangements.

Nelson had gone to Knollwood Park with the intention of purchasing a horse, and was driving back with a friend, W. J. Hueston, when he suddenly fell from the seat to the bottom of the sleigh.
He came to this city from Clinton at the beginning of the year, and resided with a young son and daughter on Regent street. His wife, Georgina, died very suddenly in Clinton about Sept. 1, and his brother Andrew died in Jackson, Mich., about two weeks ago.
Three sons and four daughters survive—William, of Humboldt, Iowa; Albert, of Grayland, Mich.; Joseph, of this city; Mrs. C. W. Johnston, of Stratford; Mrs. H. Durry, of Chatham; Mrs. M. McCague, and Miss Flossie, of this city. Two sisters also reside in London—Mrs. A. Bendry, Brydges street, and Mrs. D. Joyce, of Grayland, Mich., is another sister.

ROLLED DOWN BANK BUT ESCAPED UNHURT
Horse Dashed Over High Railway Bridge on the Ties.
[Special to The Advertiser.]
Aylmer, March 11.—A bay colt, owned by Wm. Bates, of Malahide, ran away one evening recently, throwing Mr. Bates out of the cutter and slightly injuring his back.
The colt ran east on Dingle street to Eden, a distance of some 12 miles, then turned south on the C. P. R. and travelled across the C. P. R. bridge, which is 450 feet long, 7 1/2 feet wide, and 75 feet above the ground, with no railing on either side. The ties are between 3 1/2 and 4 1/2 inches apart.
The animal had just succeeded in pulling the train from Port Burwell came along and smashed the cutter to pieces.
The horse shied and fell down a 25-foot embankment against a wire fence, which it afterward jumped, and once onto the road again ran to Stratfordville, where it was captured by John Reaveley, who cared for the animal until its owner arrived.

WHITNEY OPPOSED MR. ROWELL'S BILL
Blocks Effort to Have Legislature Control Huge Expenditure.
MEASURE RULED OUT
Sir James Says Except For Wording It is Same as First Bill.
[Special to The Advertiser.]
Toronto, March 11.—Mr. Rowell made a final attempt yesterday to have a bill introduced to amend the act of last session to take out of the hands of the Lieutenant-Governor-in-Council the power to spend the \$5,000,000 voted for New Ontario development, and place it under the control of the Legislature. By arrangement with Sir James Whitney the matter was discussed on the orders of the day being called. Mr. Rowell pointing out that he had removed the objectionable features of his former bill, and would only substitute the words "Legislative Assembly" for those of "Lieutenant-Governor-in-Council." Otherwise the bill was similar in principle.
Sir James Whitney declared it was the same bill with only a change of wording. While he rested his objection on the ruling of last week, he declared there were other objections. One was that a bill once rejected by the House could not be introduced again the same session. Another was that the "Legislative Assembly" could not spend money. The Legislative Assembly was quite different from the Legislature. The latter consisted of the British and American members of the Lieutenant-Governor and the Legislative Assembly. Mr. Rowell's bill sought to give power to spend money to a part of the Legislature.
Mr. Rowell replied that the House has not expressed its judgment on the bill. The bill had never come up, but was ruled out of order. The legislature might as well give certain powers to the Lieutenant-Governor in Council or to the Legislative Assembly. For the matter he was prepared to change the wording of his bill and make it read "Legislature" instead of "Legislative Assembly."
It is not so much a matter of form, but a vindication of the elementary principle that when government bills in this country are introduced in the British Empire, replied Sir James Whitney.
In ruling the bill out of order, Mr. Speaker said the very acknowledgment by Mr. Rowell that his bill was similar in principle to that dealt with last week would be sufficient. The Speaker, however, referred to certain authorities that he had found bearing on the question of money bills before Parliament.

HAD A DREADFUL COUGH FOR OVER SIX MONTHS.
Thought It Would Turn Into Consumption.
Miss Jane Dousette, Point a la Garde, Que., writes: "Just a few lines of praise I must write on account of your famous remedy, Dr. Wood's Norway Pine Syrup. I had been suffering from a dreadful cough, for over six months, and tried everything but in vain. I thought it was going to turn into consumption. A friend happened to come to my house, and was so frightened when he saw me nearly dropped. He asked me what I was taking, so I showed him some medicines I had, but he said for me to try Dr. Wood's Norway Pine Syrup. I bought a bottle and before it was finished I was well, and did not cough a bit.
I will recommend your medicine to every suffering friend, for I know it will do good to them just the same as it did me."
See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. Price, 25 and 50 cents. Manufactured only by The J. Milburn Co. Limited, Toronto, Ont.

HURON DIOCESE WOMEN PROTEST AGAINST EXCLUSION

In Seven Other Dioceses They Have Votes in Vestry—Mrs. Tilley's Appeal.

To the Editor of The Advertiser:
Will you kindly give space to the following letter upon a subject that is agitating many minds? It appears that in the early law governing church vestries in Canada, women had equal rights with men. Later on a change was made—no one seems to be able to account for it—but it was certainly made by men, and is intended to discriminate against women.
In those early days women were not educated as they are now. Neither did the church at that time have the now forerogues connected with it. For erog societies connected with it, for erog societies have brought women out of their homes and into active service during the week. Therefore education and work in these societies accounts for the awakening of women's mind to the broader view of life's duties.
Why Exclude Women.
The church has a first claim upon them, and they naturally look at their immediate circle, the parish. Thus has come up the question: By what right are women excluded from a voice and vote in the vestry? They give financial support and abundant labor to carry on God's work in the parish. Why, then, because they are women, should they be excluded and a youth of 21 years, who has paid \$2 during the year to the support of the church, have the right, which has been taken from women because they are women? Why are the women of the Diocese of Huron left in this disfranchised state while women of seven other dioceses in Canada enjoy the right to vote in the vestry? Is it because they lack business capacity? In answer to this we need only point to that extensive organization, the Huron Branch of the Women's Auxiliary, which has been financed and carried on for 25 years, and not one cent used to pay officials.
Women Help the Church.
Women share alike with men in the sacraments of Holy Baptism. They meet and partake together at the Lord's table. Why, when it comes to the work of the church in the parish, why, we ask, are they excluded? Under the Moslem confined to the sign of the covenant, in Christ, one sex alone, but now, in Christ, there is neither male nor female, for we are all one in Christ, Jesus. We are most deeply convinced that when women are accorded their rightful place in the parish councils, church will progress as never before, and instead of men being driven from the vestry by the presence of women, as is the fear of some, they will attend as never before. Together, men and women will seek to do their utmost to build up the work of the parish and uphold the hands of the ambassadors of God, who may be set over them.
