Building Industry's Answer To Carpen-

ters' Refusal To Arbitrate

[Canadian Press.]

Chicago, June 26 .- A general shut-

down of Chicago's building industry,

which, it is said, will throw out of em-

ployment more than 200,000 workers,

went into effect today. The action was taken at a meeting last night of representatives of the allied building and material interests as an answer to the referendum vote of 16,000 striking carpenters, who overwhelmingly defeated the proposal to arbitrate all questions The carpenters have been on a strike since April 30.

#### WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice for Thin, Undeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves, and feeble stomachs who, having tried advertised fiesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness of faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthcovery is called Sargol. Six strength-giving, fat-producing elements of ack-nowledged merit have been combined in this peerless preparation, which is indorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive, and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need While this new preparation has given
