ASTHMA

You may have suffered from Asthma for years. You may, night after night have endured all the agonizing sensations of slow strangulation, with no hope for relief, except through the use of dangerous narcotics. If so, you will be happy to learn of

RAZ-MAH

You will probably get relief from a single dose; if \$1 box does not bring relief, your druggist will return your money in exchange for your name and address, and the empty box.

You can take RAZ-MAH in safety—it contains no habit-forming drug. It acts directly on the cause of the Asthma. No smokes, sprays, enuffs—just swallow two capsules.
