CAMPBELLTON, NEW BRUNSWICK FRIDAY, MAY 14th, 1909

Putting up the pictures in the new house is a neat job for father after he has finished his day's work.

It is vain to prophesy what the weather will be like. In fact, it is not only vain, but weather vane.

A St. Louis man of 100 years of age, smoking, chess playing, takes snuff and swears—that he will live another half century.

Not that the women are removing their hats during church services, perhaps the men will take their big feet out of the aisle.

A man is appealing for a 4 voice on the ground that his wife is too fat, but she alleges that this is only a thin excuse to get rid of her.

Even if communication with Mars were established it would be impossible to negotiate a loan that way, so what is the use?

While not wishing the ex-President of the U. S. any serious harm, some of us can't help wishing the Roma some of the luck in Africa.

Arthur Day is "probably more important to Canada than Arthur Day," although our school children will be too busy drilling to plant trees.

With a Canadian candidate in Stratford, Ontario, and an adopted Canadian becoming vicar of Wakefield, who will say that literature is not a bond of Empire?

An Ohio girl named Lamb has promised to marry a man named Beefsteak if he will get his name changed. It is not necessary. She will soon make hash of him after she gets him.

What is this talk about manning warships with fishermen from the Atlantic coast? It war combs, is it not understood that editors will insist on going where glory waits them?

Civilization should hurry up and introduce the game of baseball into Turkey. In the fiercest joy of roasting the human carcasses, people might forget to kill and burn the Armenians among them.

The Cowanville correspondent of the Sherbrooke Record tells of a man who forsook the legal profession for the more lucrative one of journalism. "Go, we wonder how much they pay the newspaper reporters at Cowanville?" and how much they pay their lawyers?

This judgment on the Lake Shore flour not long ago. A man rushed in from the car behind, evidently in great agitation and said: "Has anybody in the car any whiskey?" A woman in the car behind has fainted! Instantly dozens of flasks were produced. The man who had asked for it picked up the largest one, drew the cork, and put the bottle to his lips. With a long satisfied sigh, he handed it back and remarked: "That did me a lot of good. I needed it for it always makes me feel queer to see a woman faint!"

EDITORIAL: INVERNESS TEMPERANCE LEAGUE (Eastern Chronicle)

The Catholic and Protestant clergy of Inverness County have formed a temperance league and are preparing it vigorously. Rev. Donald McPherson, P. E. is just now president. Bishop Cameron approved of the work in the

following terms:—

Dear Father Donald, I am delighted to learn that a most promising temperance move has been inaugurated by the clergy of Inverness County. Let every one of the priests take an earnest part in this blessed move and success will be assured. Let no one forget for a moment that earnestness and perseverance are essential to achieve God's blessing. Away with every shadow of apathy and faint-heartedness!

The pledge taken by the members is in these words:—

No—

Inverness County Temperance League (Date)

I sincerely purpose, by the help of God's grace, to abstain from all intoxicating drinks, and to discourage the use of them as much as possible, and to heartily co-operate with the Inverness County Temperance League in all its work.

(Sgd.)

Too much cannot be urged in favor of the widespread movement for the promotion of total abstinence by the Catholic clergy among their people, and the benefits must be immense.

In Greeting's newspaper we read President McPherson's first annual report, a strong and virile one. The beginning of the second paragraph reads: This league is the outcome of suggestions made by temperance men to bring shoulder to shoulder all the friends of the cause in this stalwart

DO YOUR EARS RING?

This is the beginning of Chronic deafness. A simple remedy that many physicians advise is to slowly inhale Catarrh. If not checked, the result is "Catarrhism" a few times each day. The soothing vapor of Catarrhism cures the Catarrhal condition and hearing is restored as soon as the swollen lining of the ear is cured. For Catarrhal deafness, throat and lung catarrh there is probably no remedy so efficient.
