Instructor C. F. Archer and the members of Company 415 Cadet Corps desire to publicly thank Mr. F. E. Lockhart, manager of the Cooked Meat Department of Messrs. Wm. Davies Ltd., Montreal, and Lieut. in the 73rd Northumberland Regt., for his kindness in sending a basket of provisions. The basket contained about 75 lbs. of cooked hams and Frankfurters for the use of the boys in camp, and the gift was much enjoyed by the Cadets. Frank's good heart is always in the right place, and his kindness always appreciated.

Miss Lucy McInnis will play the part of Mrs. Manly in “The Girl I Love”. One of the strongest character parts ever seen on the Campbellton stage. Opera House, July 30 and 31st.

Prize for the cleanest tent went to Sergt. Ratchford's tent, Rothsay College.

Among the donors of prizes were the Sussex Mercantile Co.; Y. M. C. A.; Major Morrison; M. P. Titus and Mr. Fairweather.

Th sports' officials were: Starter, Lieut. Hendy; judges, Col. Mercereau, Major Snow and Capt. McKenzie; sec., Lieut. Archer, and announcer, Color Sergt. Dooe.

During the week the boys showed up finely at drill, the older corps acquitted themselves admirably and those who were there for the first time rapidly accommodated themselves to the required conditions. All enjoyed themselves immensely.

The Klity Corps of St. Andrew's church and Rothsay College attracted everyone's attention. Their band furnished music for the camp. The pipers were Ex-Cadets Fred McEachren and Lewis Nye, St. John; drummers, R. P. Starr and N. Green, of St. John; bass drummer, C. Regan, St. John. They woke the boys every morning at 5:45.

Breakfast at 7; physical drill at 8; military drills followed at 8:30 p.m. Dinner, 12:30; supper, 5:30. Several bathing parades were held under strict supervision, and the shower baths were also freely used. The water supply was excellent, and the health of the camp was first-rate. The food was good and plentiful.

The camp was inspected on Friday by Col. Rutherford, who expressed himself highly pleased with the appearance, discipline and drill of the cadets and condition of the camp.

The hospital appliances were up to date, but only a few boys, thirteen in all were sent there—Edward Dewar, of St. Stephen, with a sprained ankle; E. Ratchford, of Rothsay, with dislocated wrist, and the others with minor troubles. Some 60, who had neglected vaccination, had to undergo the ordeal. It was regretted that the two lady nurses expected were not present.

No time was found for instruction in first aid, as the older boys had rifle practice every day, and it could have been obtained only by giving up drill.

A sad feature of the camp was the bad news received by several. The commanding officer was notified late on Saturday of the very serious condition of his daughter, who had been compelled to undergo a very dangerous operation. Lieut. McFarlane, of St. Stephen Corps, had to go home early because of the serious illness of his father, while Cadets Fairbanks, of Campbellton, and Weldon, of Chatham, went home early to find themselves suddenly bereft of their fathers. The hearts of all went out to the above in their hour of trial.

DROWNING ACCIDENT IN MATAPEDIA RIVER

Mrs. Margaret Gallant Drowned in the River While Bathing on Saturday

A sad drowning accident took place at Matapedia last Saturday evening when Mrs. Margaret Gallant met her death while bathing. She in company with another lady, had gone into the river, but going out beyond her depth, was drowned, her companion making frantic efforts to save her, but without avail. The body was recovered later, and the coroner, Dr. DeWolfe of New Carlisle viewed the remains on Monday evening, but judged an inquest unnecessary. The remains were interred at Balmoral on Tuesday afternoon.

Mrs. Gallant had served for a number of years at the Club house, Matapedia, and was well known here. She leaves a little daughter about eight years old.

CELEBRATION OF 100 YEARS OF PEACE

Mackinac Island, Mich., July 22.—Delegates from those American states and Canadian provinces from the Atlantic to the Pacific which have dwelt in peace for 99 years met here yesterday afternoon to lay plans for a fitting celebration.

Among the Canadian delegates are Justice Wm. Howell, of Winnipeg; Justice Sutherland, of Ontario, and E. H. Scammell, organizing secretary of the Canada Peace Centenary Association. The Canadian cities already have their plans well in hand, Mr. Scammell said.

Committees were appointed to report today and then delegates listened to an address by Justice Day of the Supreme Court of the United States.

The border celebration is planned only as a part of the programme which includes not only the United States and Canada, but European countries, particularly England, as well as a marine parade through the great lakes and the St. Lawrence River and celebrations at border cities in the course of the centennial year 1915.

Harry Ferguson, as the stingy landlord in “The Girl I Love” will have a part exactly suited to his historic ability.

Even the manufacturers will soon be calling for Laurier's luck and Fielding's financial sagacity.

Calgary Council has decided to build a massive mausoleum. After Calgary oil boom bursts it will likely be needed.

A man in Hamilton has been arrested for trying to pick a constable's pocket. Wealth has ever been assailed by the avaricious.

Huerta's fall must have been humiliating enough without the portraits given out to the world by his chroniclers.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.
