Terentes versus Onendaga Indians.

About 2000 people assembled on the Toronto lacrosse grounds yesterday afternoon to witness the match between the Torontos and the Onondaga Indians. The Toronto won in three straight games, the match being nearly all a one-sided affair. In the first game the Indians seemed rather indifferent and allowed the home team to play as they pleased, but in the next two games they showed up better, especially in the last game, they being applauded very frequently for their fine defence play. Although the Torontos played a superior game it required all their efforts to end the match. For them, Markin, Garvin, Mc-Pherson, Donaldson and Arthurs (Spider) received the greatest applause, their playing in some places being very rapid and grace-

ful. Dr. Beer had all he could do to keep his feet, while Gamie Hayes seemed either very lazy or pumped out.
