PERMANENT EXHIBITIO

MANUFACTURES

Nicholls A & A Howland TORONTO.

Our Permanent Exhibition Building will shortly be open to the public, and in the meantime we invite attention to the following particulars:

Under the pressure of keen competition, economy in the manufacture of goods has been a constant source of study, and in most establishments every avenue of waste has been closed and every perfected method of production has been adopted.

It is far different with the distribution of goods, and it is the very necessary economy in this direction that we have in when, as it matters not how cheaply goods may be manufac-

ront light, heat, caretaing, telephone, etc., etc., and no matter how the expense of each item is curtailed, the annual cost is bound to be a large one.

It is our object to afford a practical arrangement whereby this unavoidable expenditure may be targety reduced, while at the same time the benefits sought to be attained will be very much greater. For a moderate rental we offer every advantage of a private branch office, with the additional advantage of being represented in a trade centre or "commercial exchange," where an exhibitor's goods will be seen by thousands of business men throughout the year. To an appreciable extent our Exhibition will change the existing order of things, as in many instances the customer will visit the agent instead of the agent having to hunt up the customer.

The Permanent Exhibition will be open, free to the public, every week day.

Extensive advertising will keep the Exhibition and its advantages fresh in the minds of the people.

Power and shafting is provided for exhibitors who may wish to show machinery in operation.

Instructed attendants will be in charge for the purpose of explaining the merits of each exhibit to interested visitors,

It is designed to supply the long-felt want of a central exchange, wherein goods can be kept on show for the inspection of the frought metropois.

It is also in contemplation to provide, for the convenience of outside manufacturers and for exty merchants and brokers, suitable accommodation for meeting and transacting business, and which may be designated as a "CHAMBER OF COMMERCE," or "TRADE EXCHANGE." For example, a manufacturer whose, works are located in an outside town, but who makes periodical business trips to Toronto, can advertise on his office stationary that either himself or representative may always be found, between stated hours on certain days, at the Permanent Exhibition for trude sales, etc., will be made public at

Van Jo Wormer's CARPETS.

Notwithstanding the duliness of trade in some of the city carpet houses and the bombastic and foolish statements of the numerous small fry, the orders in our Carpet Department during the past week are simply immense. The cause is quite plain and easily accounted for. Honest, square dealing, good value, nobby styles, economy in cutting, well laid carpets and satisfactory workmanship.

Inspection and comparison invited, and if our style is not better and our prices lower than any other house in this city don't buy.

We guarantee to effect a saving of from five to ten per cent in quantity as economy in cutting is one of our specialties.

71 AND 73 KING-STREET EAST.

else we guarantee no charge. The largest and trost efficient staff in the Dominion, embracing three special fitters and two designers. Orders keep crowding in without the slightest cessation. Ladies will do well to ensure a place for present or fall garments without any delay. No time of the year affords the same advantage in material or the same opportunity for good attention. COLORED MATERIALS PROCURED WHEN DESIRED. Charges lowest in the city for work of any pretension.
