DIPLOMACY is another word for agency. The most successful agency in Canada is S ir John Macdonald. He could never have remained Premier so long unless the people of the Dominion had confidence in him. England's agent at Washington was recently recalled ewing to some trifting mistake, and Dom Pedro has just been ignominiously sent adrift by the Brazilian people. So that agents, big and little, have their difficulties in the discharge of their duties. It is a question of bread and butter in the real estate business, and an agent is therefore compelled to consult the wishes of the people.
