What a Happy Disposition And Muskoka Can Do
Mary was one of those popular girls. Happy and busy, day and night—just hadn't time to do anything but dance and skate and frolic, and to take care of her no time at all to take care of her cough. Mary's father was dead—the cough again stalked into the Consumption again stalked into the Consumption. Suddenly and tragically, within a few months both rested in the family plot on a high hill overlooking Lake Erie. Mary's cold wouldn't be shaken—it grew worse, her temperature rose, and she became very weak indeed. She was sent to the Muskoka Hospital for Consumptives, where skilled treatment, fresh air and nourishing food are restoring her strength.

A joint of buffalo for the Canadian Christmas dinner may soon become as typical of the feast as turkey and roast beef have been for so long. A large number of surplus animals from the Dominion reserve in Alberta are now being slaughtered for the Canadian market, and as soon as meat is available it will be placed on the menus of all Canadian Pacific dining cars and hotels. The test to which the buffalo meat will thus be put will definitely decide whether the herds can be commercialized or whether the sentiment alone justifies their preservation.

Rub it in for Lame Back.—A brisk rubbing with Dr. Thomas' Eclectic Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

New Lamp Burns 94 Percent. Air

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without order, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).
The inventor, F. N. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. d-m1
