

HEALTH RESTORED!! HOLLOWAY'S PILLS.

Surprising Cure of a confirmed Asthma, after five years' suffering. The following testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland-road, Liverpool.

SIR,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years' of a severe affliction. During the whole of that period I suffered the most dreadful attacks of Asthma, frequently of several weeks duration, attended with a violent cough, and continual spitting of phlegm, intermixed with blood. This so shook my constitution, that I was unfit for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigour to the chest and digestive organs. I am, Sir, your obedient servant,
(Signed) H. MIDDLETON
Dated Jan. 1st, 1853.

A Permanent Cure of a Diseased Liver, of many years' duration.

Copy of a letter from Mr. Gomis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that she could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, dear Sir, yours truly,
(Signed) J. GAMIS
Nov. 22, 1852.

An astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital incurable.

Copy of a letter from Mr. W. Moon, of the Square, Winchester.

To Professor Holloway.

SIR,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most distinguished surgeons in this town but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

I am, Sir, your obliged servant,
(Signed) W. MOON
Oct 8, 1852.

An extraordinary Cure of Dropsy, after suffering for eighteen months.

Copy of a letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor Holloway.

SIR,—I have much pleasure in informing you of a most surprising cure of Dropsy recently effected by your valuable medicines. Captain Jackson of this place was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary. Notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail until he commenced using your Pills, by which and a strict attention to the printed directions, he was effectually cured, and his health perfectly reestablished. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,
(Signed) G. BRIGGS.

These celebrated Pills are wonderfully efficacious in the following complaints.

Astma	Jaundice
Bilious complaints	Liver complaints
Bleedings on the skin	Lumbago
Bowel complaints	Rheumatism
Colic	Retention of Urine
Constipation of the Bowels	Scrofula, or King's Evil
Consumption	Sore Throat
Debility	Stone and Gravel
Dropsy	Secondary symptoms
Dysentery	Tic Dououreux
Erysipelas	Tumours
Female Irregularities	Veneral Affections
Fever of all kinds	Worms of all kinds
Fits	

Weakness, from Head-ache Indigestion and Gout.

Sold at the Establishment of Professor Holloway, 244, Strand, near Temple Bar, London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:—1s. 4d.; 3s. 6d.; 5s. 6d. each box.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

Now Publishing By JOHN TALLIS & CO. LONDON THE LIFE AND TIMES OF THE LATE Duke of Wellington;

By Lieut. Col. Williams; (a Companion in Arms, of His Grace.)

Comprising the Campaigns and Battles, the Political Life of the Duke and his Contemporaries, and a detailed account of England's Battles by Sea and Land, from the commencement of the Great French Revolution to the present time, interspersed with Anecdotes, Personal Incidents, and Anecdotes, etc.

ADDRESS.

The earthly career of Arthur Duke Wellington has closed; one of the greatest men of the nineteenth century, the foremost military commander of our age, has paid the debt of nature. The time has now arrived for giving to the world a History of the Great Captain—the Events of his Life and Times—a life marked by patriotism, probity and honour, and events the greatest which have ever agitated the civilized world, and whose influence will be felt upon society till the end of time. Such a work must appeal to the best and proudest feelings in the heart of every Briton—the glory of his country, the honour of its name, its position among the nations—may his own existence as a freeman, are recorded and engraven in the annals of the "well fought fields," and the deadly imminent breaches, the immortal battles and the glorious sieges in which Wellington and his Companions in arms gathered undying laurels, placed their country's honour and renown on the highest pinnacle of fame and glory, and took the victor's wreath in the hands of heroes decorated with the trophies of Italy, Egypt, and Germany.

To supply such a desideratum in English literature, the publishers of The Life and Times of the Duke of Wellington have determined to produce a work which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive work, embracing the contemporaneous history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions of the Warriors and Statesmen of the nineteenth century; and this from the pen of one who was a companion in arms of the great hero, and participated with him in many a well fought field.

In order to carry out their views, the Publishers have determined that the work shall be profusely illustrated, by Portraits of the Warriors and Statesmen of the last half century who have shed a lustre upon the history of their country; also representations of the most important engagements by sea and land from the period of 1780 till 1852; so that the work, when finished, shall form an illustrated Gallery of the Naval and Military Exploits of England.

It has been well said, "Character is the true strength of nations; true glory their best inheritance." When the time shall come that the British heart no longer throb at the names of Cressy, Poitiers, Agincourt, Blenheim, Ramilies, Oudenarde, Malplaquet, of Talavera, Salamanca, Toulouse, Waterloo—the last hour of the British Empire will be struck. The promotion and elevation of national spirit and feeling is therefore the duty and interest of every true and loyal son of England. May Heaven inspire the hearts of every one of us with that spirit and feeling.

Conditions of Publication.—The work will be issued on the 1st and 15th of every month, in Parts at 1s. 3d. and Divisions handsomely bound at 9s. 4d. printed on Imperial 8vo. double columns; each part will be embellished by two highly finished steel Engravings, and will contain 32 pages of letter press. A beautiful steel Engraving 13 by 19 inches, the storming of Seringapatam, the first victory in which the late Duke of Wellington was engaged in India, to every subscriber to the work.

AYER'S PILLS.

A new and singularly successful remedy for the cure of all Bilious Disorders—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used.

No person can feel well while a costive habit of body prevails, besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Children, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep-seated and formidable disorders which have been all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with commensurate skill to meet that demand.

An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and high repute as to forbid the suspicion of imposture.

Among the eminent gentlemen, to whom we are allowed to refer for these facts, are
Prof. V. A. HAYES, M.D., the distinguished Surgeon of the City of Lowell, who has long used them in his extensive practice.

Dr. A. A. HAYES, Practical Chemist of the State of Massachusetts.

Dr. J. L. MOORE, M.D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

Dr. H. C. SOUTHWICK, Esq., one of the first mechanics in New York City.

Dr. G. A. DAVIS, M.D., Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of their medicinal virtues only of Vegetable Remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is laden with more or less of very poisonous and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of the effect without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole medical profession in the United States and British American Provinces. If however there should be any persons who received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action; more the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such dangerous humors as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the box.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Agents for St. Andrews, George, Turner, and M. S. HOBBS, St. George, I. P. Knight.

For Sale.

The Subscriber offers for sale a valuable Farm, situated on Murphy's Ridge, Parish of St. Patrick, formerly known as the Wilson farm, and adjoining E. McElroy's, containing 60 Acres more or less, about 8 acres of which are cleared, and under cultivation, and ceps 4 tons of hay. On the premises are a frame House and log Barn—the land contains a good growth of hard and softwood mix'd. If not disposed of previous to the 10th April next, it will then be sold at Public Auction, in St. Andrews.

THE ALL-HEALING REMEDY!!! Holloway's Ointment.

A most astonishing cure of Scrofulous Ulcers—a case certified by the Mayor of Boston.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir,—Mrs. Sarah Dixon, of Liquorpond street, Boston, has this day deposited before me, for a considerable time she was severely afflicted with Scrofulous Sores and Ulcers in her arms, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines, for a short time—after, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear Sir, your truly,
(Signed) J. NOBLE.

Dated August 12th, 1852.

An extraordinary and rapid cure of Erysipelas in the leg, after medical aid had failed.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near B-gate, Sussex, dated Jan. 12th, 1853.

To Professor Holloway.

Sir, I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent cure when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit. I am, Sir, your obliged and faithful servant,
(Signed) ELIZABETH YEATES.

A dreadfully diseased Ankle cured after being given up by the Faculty at Malta and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King St. Norwich.

Copy of a letter from Captain Smith, of Great Yarmouth, dated January 19, 1853.

To Mr. Dixon.

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's valuable medicine. Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ankle, and after being in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost. At this period, by my advice he tried Holloway's Ointment and Pills, which by unremitting application, healed all the ulcers, and restored him to perfect health and strength.

I remain, dear Sir, your truly,
(Signed) JOHN SMITH
Albert Hotel, Great Yarmouth.

Surprising cure of a bad Breast, Nervous Debility, and general ill health.

Copy of a letter from Mr. T. F. Ker, Chemist, &c., Lower Moss Lane, Manchester, dated Feb'y 12th, 1853.

To Professor Holloway.

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, dear Sir, your faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chirco-foot
Bad Breasts	Chilblains
Burns	Chapped hands
Bunions	Corns (soft)
Bite of Mosquitoes	Cancers
and Sand Flies	Contracted and Stiff Joints
Coco-bay	Fistulas
Elephantiasis	Glandular Swelling
Gout	Lumbago
Scoury	Piles
Sore Heads	Rheumatism
Tumours	

Ulcers Wounds Yaws Scalds Sore Nipples
