The Old Stand

Bridgetown, N. S.

## BALANCE OF TRADE WITH U. S. STILL AGAINST CANADA

Ottawa.—Canada is still importing more from the U. S. than she is exporting to that country and still exporting more to Great Britain than she is importing thence, according to the latest trade returns published by the Dominion Bureau of Statistics. These figures cover the twelve months ending with April.

During that period Canada imported from the United Kingdom goods valued at \$111,375,000 and exported goods valued at \$294,555,000 to that market, while imports from the United States were \$507,406,000 as compared with exports of \$286,430,000.

As the total foreign trade has been falling rapidly, there is a falling off in all these items, but the export trade to Great Britain is holding up much better than exports to the United States or than imports from either country. The decline in the exports to the United Kingdom for the twelve months period ending April, as compared with the figure for the year ended with April, 1921, was only about eighteen million dollars, while Canadian exports to the United States fell off more than \$25,000,000 for the same period.

In imports the falling off from the United Kingdom was a little less than one hundred million, while from the United States the decline was more than three hundred million.

## AUSTRALIAN TRADE

Canadian trade with Australia continues to show a heavy balance of exports. The exports to Australia for the twelve months ended April, 1921, were exceptionally heavy, being eighteen millions compared with eleven millions for the corresponding period to April, 1920, and ten millions for the twelve months ended with April just passed. Our imports from Australia for the year ended with last month were \$1,175,000 as compared with \$820,000 for the previous year, and \$1,343,000 for the year ending April, 1920.

## HOW TO SECURE TOURISTS

At the joint meeting of representatives of the St. John and Halifax Board of Trade held in Halifax, G. E. Barbour, St. John, led the discussion on the promotion of tourist travel, and the following resolution was passed:

"In the opinion of this conference there is no section of this continent that possesses a more interesting history, or that contains more alluring tourist attractions, more fascinating scenery, more sporting possibilities, and greater opportunity for pleasurable and healthful summer vacations than the Maritime Provinces section of Canada, and that in order that these attractions and advantages should be utilized to the fullest possible extent, the respective Provinces, through their governments and transportation and commercial organizations, be urged to co-operate together along such lines as uniformity of traffic rules, betterment of highway systems, arranging of special tourist routes and the advertising of same, the supplying of road maps, the providing of summer excursion rates, and by appealing to former residents of the Maritime Provinces to spend their vacations in their old homeland."

## ANOTHER RUSSIAN OBJECT LESSON

Disarmament proposals from Russia came as a shock to the Geneva conference. Yet from what other source could they have so logically come? The Bolsheviks have the largest standing army and the most completely bankrupt government in the world. They can and do set themselves up as a horrible example which they cheerfully invite other nations not to follow. Though the government has practically no available funds, it successfully maintains a million or more men under arms through levying taxes "in kind"; that is, accepting food, clothing, and supplies in payment. This it can continue indefinitely. In effect the Russian proponents say to the rest of Europe: "So long as you maintain your armies we have to maintain ours. We're broke. You'll be the same pretty soon if you keep up your military establishment. We can't be worse off. You can. Do you want to get into the fix we're in? If so, go ahead. If not, let's all disarm. What about it?" As a specimen of grimly humorous philosophy this is not without merit. As a proposition it is rather to answer in the negative. Which perhaps explains why no other nation has yet answered it at all.

HAS IT

## ANOTHER VICTORY FOR BRIDGETOWN

Defeat Lawrencetown Six to Three In Well Played Game—Nobody Got a Walk.

Bridgetown baseball team added another to their thus far unbroken list of victories this season when they defeated Lawrencetown here on Wednesday afternoon by a score of 6 to 3. Harry Donaghy was heavier for the first four innings for Bridgetown and pitched good ball, only two hits being made off him, but the support given was not always of the best and the entire five errors against the team were made while he was on the mound.

Malcolm went into the box in the fifth, and after his advent better work was done both in infield and outfield. He has, at time of writing, pitched twenty-six innings in games with the different visiting teams no member of which have made a run while he was in the box.

The Lawrencetown boys put up a good contest and the credit of being the very best class of sports is theirs. Messenger pitched a good game, striking out ten men, but was hit pretty heavily at intervals. His support in the field was good, and the visiting team played errorless ball and created in every way a most excellent impression among the fans. Bridgetown, in the innings during which they scored got their hits well placed and timely. All the scoring was done in the first, fifth and seventh innings. H. T. McKenzie was umpire at the plate and J. B. Jefferson on bases. The decisions of both gentlemen were well received, and there was an entire absence of wrangling. None of the players walked any men.

## Score by innings:

Lawrencetown	1 2 3 4 5 6 7 8 9
Bridgetown	2 0 1 0 0 0 0 0 0

Strike outs, Messenger 10; Malcolm 5; H. Donaghy, 2. Hits off Messenger, 14; off Malcolm, 2; off Donaghy, 2.

## BOX SCORE:

Lawrencetown:	A. B.	R.	H.	E.
Phinney c.	4	1	0	0
E. Burke s.s.	4	1	2	0
M. Saunders 2b.	4	0	1	0
L. Messenger p.	4	0	0	0
Ringer 3b.	4	0	1	0
Poole l.f. and 2b.	4	0	0	0
J. Saunders c.f.	4	0	0	0
G. Messenger 1b.	4	0	0	0
Hall r.f.	3	1	0	0
E. Saunders l.f.	0	0	0	0

Bridgetown:	A. B.	R.	H.	E.
Jackson c.f.	5	1	2	2
Grimshaw 2b.	5	1	2	0
R. Donaghy 1b.	3	2	3	0
J. Austin c.	4	1	2	0
Marshall r.f.	4	0	0	0
Malcolm s.s.	4	0	1	1
Kenshal 3b.	4	0	1	1
Mansfield l.f.	4	0	2	0
H. Donaghy p.	4	1	1	0

## HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. They are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

## THE LONG VOYAGE OF A BOTTLE

On the trip north from Demerara to St. John, over two years ago, in the S. S. Chaleur, of the Royal Mail Steam Packet Company's line of steamers, Dr. M. P. Harrington of Bridgewater, N. S., was a passenger. He wrote a note and placed it in a three-half pint glass bottle which he corked and threw overboard. The following was written in the note: "On board S. S. Chaleur, on voyage Demerara to St. John, N. B., Sunday noon, April 11th, 1920, latitude 39.03 N., longitude 65.29 W., 391 miles to St. John, making nine miles an hour, wind north-east, a full cargo of sugar and molasses and a full passenger list, not much sea sickness on board, everything going well and expect to reach destination on Tuesday 13th inst., M. P. Harrington, Bridgewater, Nova Scotia. Will the one who finds this bottle please communicate with the above address."

On Thursday, June 1st, he received a letter post-marked Bahamas, 25th May, 1922, with the note he endorsed in the bottle, and written on the same note were these remarks, "picked up at Castle Island; Light Station, 3.15 p.m., 13th May, 1922. M. Sawyer, Light Keeper.—Progress—Enterprise."

The first Bible Class in North America was established at Annapolis Royal in the winter of 1806-07 by Marc Lescarbot, a Paris lawyer, who was a member of the colony.

## Is Yours A Marconi?

Marconi is the outstanding name in the wireless world and is now making the pioneer move in Radio in Canada. Their large factories and extensive laboratories are now working to capacity turning out the wonderful Marconi Radio Receiving Sets and accessories. For some years they have gradually been securing more and more exclusive patents along the radio line until to-day they have something over two hundred Canadian patents, which makes Marconi Radio products distinct and most advanced.

## A Marconi Broadcasting Station

A Marconi broadcasting station is being erected in Halifax. From this station we shall give musical concerts of all kinds, lectures, sermons on Sunday, etc. The latest news will be sent out several times daily. Results of sporting events, stock market reports, weather reports, etc., will be sent out at stated periods daily. All matters of interest or good amusement will be available from this Halifax Marconi Broadcasting station to anyone in Nova Scotia if they own a Marconi Radio Receiving Set. In fact, our broadcasting will be heard many miles beyond the confines of this Province. This means that the owners of Marconi Receiving Sets will not only hear the programme given in many American cities, but will also get the Halifax programmes as well. It is all very wonderful.

## Present Stock Situation

For many months it will be impossible for the Marconi factories to catch up with the tremendous demand. Until the time arrives when surplus stock will be available all orders must be booked in advance. This means that for a long time to come it will only be possible to secure Marconi Radio equipment by placing your order with your dealer, which order will be filled from each shipment of stock received by us according to dates orders are received. At the most the present situation indicates that this will only mean a delay of from two to four weeks after order is received before it is filled. We have arranged for this Province to get a particularly generous share of the Marconi output at all times, which will place us in a better position than possibly any other Province in Canada in respect to filling orders.

## Wholesale

Place your order early and avoid disappointing delays. We are now appointing representatives to cover Western Nova Scotia. All inquiries receive prompt attention. Address all correspondence to Wolfville, N. S.

## N. H. PHINNEY, LTD.

WOLFVILLE, N. S.

Distributors Marconi Wireless Radio Equipment for Western Nova Scotia.

The first telephone in Canada was also first in the world; for it was at Brantford, Ont., that Dr. Alex. Graham Bell, in the early seventies, invented the now familiar adjunct of modern life.—Canadian Watchman Oshawa.

## Every Year She Suffered

Read of Mrs. Ryder's Relief from Eczema—A BRIEF STORY

Still another letter for the Liquid wash for eczema, from a sufferer who had chronic attacks—covering her face—wax after winter, Mrs. Jas. H. Ryder of Pleasant Point, St. John Co., N. S., tells of the many dollars spent with doctors, and other remedies, of her suffering and discomfort, winter after winter, and of her relief with one bottle of D. D. D.

If you have not been reading the weekly letters from Canadian sufferers, come in and we will tell you of what D. D. D. has done right in your own neighborhood. We don't hesitate to guarantee that the first bottle will give you relief of your money back. Stop their tick at once. \$1.00 a bottle. Try D. D. D. Soap, too.

**D. D. D.**  
THE Lotion for Skin Disease  
FOR SALE BY ALL DEALERS

## BRIDGETOWN VULCANIZING WORKS
