## THE UNION MUTUAL LIFE INS. CO. of MAINE, U.S.

This is the only Company that issues policies giving the benefits of the Maine Non-Fortituro Law, and specifying in definite terms by its policy contract that there can be no forfeiture of insurance by non-payment of premium, after three annual premiums have been paid, until the value provided for is exhausted in extended insurance. About Seventy-five Thousand Dollars saved to Policy-holders since April 1st, 1877, on policies that but for the protection of the Maine Non-Fortituro Law would have been worthless. Policies incontestible after being three years in force.

Accelerated Endowments—Whenever the reserve upon the policy and the dividend addition thereto amount to the sum insured, the policy becomes payable at once as a matured endowment. Death Claims paid at once without discount. The Company has been established over a third of a Century. Total payments to Policy-holders about \$19,000,000. Paid Policy-holders, 1892-1893, 555,023. It is a purely Mutual Company having no share-holders to whom heavy dividends are paid, all the surplus belongs to the assured, giving insurance at net cost. Over \$4,000,000 paid in dividends to Policy-holders. Paid in dividends, 1892-1893, \$86,417.88. Policies suited to the needs of every class. Ample deposit at Ottawa for the security of Canadian Policy-holders.
