MISSIONARY REVIEW for April.

One of the most important minor reports presented is that in regard to Land Tenure. It should be followed up in every mission of every society. The necessity of owning and developing real estate in connection with missionary work makes it of the highest importance that the laws of Land Tenure should be well understood. The Brother who makes the report seems to feel as if the time spent upon it was of little value. We would reply in the words of the venerable Father Goodell of Constantinople to one who made a similar complaint: "The disciples were serving the master just as much when they went to get the ass as when they preached at Pentecost."

The Philander Smith Memorial Hospital at Nanking reports in all 10,100 patients treated, a grand record of good work done.

The Woman's Foreign Missionary Society has been very successful in its medical work among the Tartar women of Chiukiang and good results are already evident.

5, Druze 1. "All these, evening after evening, have heard the Word of God read and very simply and earnestly explained, many of them joining, with every appearance of reverence in Christian prayer." In this as in so many other cases the most interesting features of the work can be known only to the workers themselves and to God. The supporters must be content to await the open answers to their prayers and donations, until there is more perfect liberty granted to searchers after truth.
