

Not Necessary to Test Them on the Patient

For they are tested by us on the living animal, and their efficacy established beyond all doubt. Ours is the only House in the country that maintains a laboratory equipped for the especial purpose of testing drugs physiologically. All drugs not amenable to chemical assay, such as aconite, cannabis indica, convallaria, digitalis, ergot, elaterium, strophanthus, and other toxic and narcotic agents, are submitted to a careful physiological test before they leave our laboratory.

If you want fluid extracts that have been standardized and their reliability determined beyond all question, specify P. D. & Co., and you will get them.
