A CHANGE.

WITH this number we change the arrangement in our form of announcements of meetings, (see 3rd. page). Heretofore we commenced with the Monday meeting, but having arranged to issue a special edition of 500 copies (without advertisements) for circulation among Sailors, Boatman &c., our list will hereafter commence with the Sabbath appointments.

RAILWAY RE-UNION.

THE Re-union held last Tuesday evening was well attended. His Worship the Mayor occupied the chair, supported by Sir. Wm. P. Howland and Hon. Vice Chancellor Blake. The musical and literary part of the programme was well sustained, and practical addresses were given by the Chairman, Hon. V. C. Blake and W. H. Howland. Many of the officials, and a large number of the men belonging to the Railways centering in Toronto were present.

NEW ASSOCIATIONS.

IT is pleasing to note a revival of interest in Association work. During the past few weeks we have received letters from three different towns asking for advice and assistance towards establishing associations. The Executive Committee has decided to send out a delegation to any place needing such services. It is daily becoming more apparent that the speedy appointment of a Travelling Secretary is desirable.

OUR ORCHESTRA.

AT last success has attended our effort to organize an orchestra to help at the gospel and song services. Messrs. Frisby, Lawrence, McLellan, Murch and West, have kindly consented to devote their talent to the Master's service in this department of our work. They were with us last Sabbath evening, and did good service.

BOYS' CONCERT.

CON Tuesday evening, May 3rd, the boys intend giving a concert and literary entertainment. The programme will be entirely sustained by themselves. In fact it is the boy's work altogether, even to the printing of tickets and programme. The boy's meeting is well sustained, and Mr. Edwards, the chairman, is indefatigable in his efforts to win the lads for Christ. We look forward to the day when a first-class reading and lecture room will be set apart in our building for this work.
