#### BOYAL WRITERS

It has been noted that the present age is peculiarly prolific of royal auth. ors. Among reigning sovereigns who have written books are Queen Victoria. Dom Pedro II of Brazil, Dom Luis of Portugal; the Shah, Oscar II of Sweden. Prince Nikita of Montenegro, Lud wig II. of Bavaria; and Queen Elizabeth of Roumania; and among Princes and Princesses who have dabbled in eiterature are the Princess Christian, the Crown Prince of Germany, the Priecess Theresa, of Bavaria, the two sons of the Prince of Wales, the two sons of the King of Sweden, the Duke of Edinburgh and the Comte de Paris. But all these are amateurs compared with the Crown Prince Rudolph of Austria, who is now editing and in part writing a very magnificent publication. 'The Austro-Hungarian Monarchy in Word and Picture,' 1ts production will. it is estimated cost not less then \$300,000 One hundred thousand copies had been subscribed for previous to the publication of the first fortnightly part on the Ist of December.

### CANADA IN ENGLAND.

Canadian Gazette. The news that the Queen will in person open the Colonial and Indian Exhibition on the 4th of May will be received with very general satisfaction. For the announcement will be regarded not merely as evidence of Her Majesty's desire to appear more frequent ly and prominently in public than has been the case of late, but also as a fitting If you cannot recite at entire every day, recognition of the unique interest and significance attaching to the Exhibition. ful to this practice I assure you that you Such a recognition will indeed be received with much gratification by H er Majesty's subjects in all parts of the Empire.

On Monday the Prince of Wales and the Duke of Connaught visited the exhibi tion, conducted by Sir Philip Cunliffe Owen. Their Highnesses inspected the various section, but the visit was in al respects an informal one, As regard the Canadian Court, we may add the progres s is being made with the general arrange ments under the direction of the Executive Commissioner and that the last con signment of goods will, it is expected, be despatched from Canada during the P resent week.

#### SALUTING LADIES,

In the good old days, when "sassiety" didn't depend on the height of a man's shirt collar or the scarcity of the cloth in his trousers, or the drawl in his articulation, or the number of dollars he had there was something stately and commanding in the manner of lifting the hat when the lady gave the signal for re cognition. It was combined with a bow which had to be well executed in order to make the other effectual. It was the sure index to a gentleman, for a vulgar man never acquired the art of lifting his

fally. But this seems to have

tion. The thing now is to grab the rim of the hat in front with the same celerity you would grab for a seat in a street car. Having clutched the right spot, you jerk the hat down as if you were trying to hide your face\_and a man who will take off his hat in this way ought to hide his face-then you rub the hat up and down your front, taking care not to go below the belt, very quickly, as if you were trying to allay irritation. When the hat get back to its place you grin like a monkey; one grin is all that the custom requires, and if she is a sensible waomn one grin is more than enough.

THE CANADIAN DOG STORY

The Canadian News relates that a lad vas crossing the fields in the country, some distance from the dwelling, when he was pursued by a large and fierce dog belonging to the gentleman whose land he was crossing. The lad was alarmed and ran for his life. He struck into a piece of woods and the dog gain ed on him, when he looked around to see how near the creature was, and, tumbling over a stone, he pitched over a precipice and broke his leg Unable to move, and at the mercy of the beast the poor fellow saw the dog coming down upon him, and expected to be seized aud worn, when. to his surprise the dog came near, and, perceiving the boy was hurt, instantly wheeled about and went for that aid which he could within reach of the child,s voice, and stroyed it, so as to render amputation necessary, if the dog had not brought help. The dog went off to the nearest house and barked for help. Not re. ceiving attention, he made another visit of sympathy to the toy, and then to he house, there making such demon. strations of anxiety that the family foll owed him to the place where the child lay.

#### GLUCK AND HIS ROSARY,

One of the most immented composers of music that ever existed, the illustrious Gluck, was distinguished by his fidelity to the recitation of the rosary. This devotion preserved him from the philosophical and irreligious spirit that pervaded the society in which he was con. stantly obliged to move during his long and brilliant carreer. Like the greater 275 to number of famous artists, tha celebrated composer learned the first element of his art beneath the roof of an ancient cathedral. One day, says his biographer, a poor couple brought before the provost of the cathedral of Vienna, a pale, delicate looking child, to obtain his admission among the number of children who sang the praises in the cathedral choir. The children was as hap pily gifted in heart as in mind. His voice was so wonderfully rich its expressing so pure, that whenever he sang the cathedral was filled with an immense crowd listening in admiration. On oue occasi on, after young Gluck had sung better than usual an anthem of our of our Lady, as he was about to leave the church he was met by a venerable religious, "My son," said the man of God, "you have in all ts branches given our prompt attention caused me to shed tears of joy to-day. I regret exceedingly that I cannot give you something as a testimonial of my gratitude and delight; but take this ro sary, and keep it in memory of this day. at least say a part, and if you are faithwill be as dear to God as you will certain. lyone day be great among men," Gluck faithfully recited his rosary. His family was so poor that they could not furnish him with means to continue his studies; but the young man was not discouraged and continued his pious practice. One evening a knock was heard at the door of the poor dwelling. It was a celebrat. ed choir-director, who, having been charged with the task of collecting the works of Palestrina in Italy, came to take Gluck with him and having him coutinue the studies so happily begun, From that time he advanced rapidly, but never did he cease to be faithful to the counsels of religion and the practice of piety. Amid gaicty, amusement and pleasure of all kinds, the illustrious composer might be seen at evening seperating himself and going to some secluded spot to recite piously his rosary. And when after a long and glorious life, death came to claim him, he was ready\_reciting his resary till the breath of life left

#### A LITLE DIPLOMAT.

A little girl named Blanche aged seven on May 7th inst, \_called her fath\_ er to her bedside the other evening "Papa," said the little diplomat, " I want

to ask your advice."
"Wall, my dear, what is it about!",
"What do not think it would be best

DON'T BE TOUCHY,

It is always better to pass a dozen in tendent insults without recognition than to take offense at a single unintentional neglect or reflection. Misunderstanding are fruitful of more unkindly feelings in society than ever result from deliberate ill-nature. Hundreds of friendships have heen sundered by that egotistical sensitiveness which is ever looking for off ense. We need not spend our precious time in pointing to them, however. We have each something to guard in our character, and we are inclined to take offense too easily. If we could remove this ever jealous watchfulness, society would gain a new charm; or, rather, it would be relieved of a very disagreeable feature. Pass neglect, then, and person al reflection, as gracefully as possible, instead of taking the risk of being offend ed when no offense is intended.
