Although the Sisters do not mingle with the world, the world comes to them and every evening the place is full of those who come for religious instruction and help."

PURITAN DAMES. We hear a great deal these days of our puritan fore-fathers, but little concerning the wives and moth-ers who landed at Plymouth Rock and founded that colony which was destined to play such a large part in our history

In our history.

In 1621 Elder
Cushman wrote
from Plymouth
that he "would
not advise any
one to come here who were not content to spend their time, labors and endeavors for the benefit of those who shall come after, quitely contenting themselves with such hardships and difficulties as shall fall upon them."

If renunciation and heroic purposes who were not con-

What self-renunciation and heroic purpose was this! They drowned witches to be sure, but that was no part of their puritanism. It is to the puritan women we owe so much for that spirit in our people which gives them the fortitude to endure hardship and stake life and fortune for their convictions.

life and fortune for their convictions.

The American women of to-day have the spirit of their puritan mothers, but their constitutions are not rugged or able to endure half the hardships of these New England ancestors. Very often they are rundown with weaknesses and irregularities peculiar to their sex, and the constant drain upon their vitality makes them chronic invalids. Many women hesitate to go to their family physician, because they dread the local examinations so generally insisted upon by practitioners.

Such women should write Dr. R. V.

Such women should write Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., giving a full description of their symptoms, history, etc., so that he can give them the best possible medical advice. If Dr. Pierce's Favorite Prescription seems to suit the case the Doctor will say so. If not, then he will give medical advice which will put such women on the rapid road to recovery and health. Such women should write Dr. R. V.

A New Boarding-House For Small Boys.

The Sisters of Charity of St. Boniface, yielding to repeated requests from va-rious quarters, have determined to undertake the management of a boardinghouse for boys between the ages of six and twelve. Special halls will be set apart for them, where, under the care and supervision of the Grey Nuns, they will be prepared for their First Communion, while attending either the Preparatory Department of St. Boniface College or the classes of Provencher Academy. This establishment will be known as "Le Jardin de l'Enfance" (Kindergarten).

The results already attained in similar institutions of the Order give every reason to hope that this arrangement will fill a long felt want.

Board and lodging will cost six dollars a month. For the boys who attend Provencher Academy there will be an additional charge of fifty cents a month and for those who take music lessons, \$3

Bedding, mending and washing will be extra. The Sisters are willing to attend to these extras on terms to be arranged of the College.

Applications should be made to

You can buy a pair of snoes for \$1 or \$10-it's entirely a matter of quality. There is as much difference in the quality of drugs as there is in shoes, except in purchasing one you can use your own judgment, in buying the other you are entirely dependent upon the honesty
