

Indigestion

Horsford's Acid Phosphate

Is the most effective and agreeable remedy in existence for preventing indigestion, and relieving those diseases arising from a disordered stomach.

Dr. W. W. Gardner, Springfield, Mass., says: "I value it as an excellent preventative of indigestion, and a pleasant acidulated drink when properly diluted with water, and sweetened."

Mackenzie, B.A., Trinity University, Toronto, 1887, and M.A. of Selwyn College, Cambridge, 1890, and 25th Wrangler, has been appointed professor of mathematics at Trinity University in place of the Rev. Dr. Jones, who has been appointed Bursar. Dr. Jones will also continue to act as Registrar of the College.

Prof. William Peterson, principal of the University College, Dundee, has been appointed principal of McGill University, Montreal. Dr. Peterson, though still a young man, has had a brilliant career and great things are promised for him in his new position. He is a graduate of Edinburgh University.

Woman's Salvation.

HOW SHE MAY SAVE HERSELF FROM UNTOLD MISERY.

One Who Has Passed Through the Ordeal Speaks for the Benefit of Her Suffering Sisters.

Not the least among the many valuable services Dr. Williams' Pink Pills have rendered to suffering women, is that of tiding them over the critical period commencing at middle age, commonly known as the change of life. It so often happens that at this climacteric women relapse into a stage of chronic invalidism, and the actual danger to life which attends the change is so great that a medicine which can be relied upon to carry the system over this dangerous time, is nothing less than a life saving invention. What Dr. Williams' Pink Pills will do for women at this change of life is shown in a case reported in the *Dewsbury (Eng.) Chronicle*. It is that of Mrs. Benjamin Smith, who lives at Hanoverstreet Dewsbury. The change of life had left her weak and miserable; with constant pains, dizziness and shortness of breath on the slightest exertion, together with chronic rheumatism in the head and eyes. The pain in her head was too acute for words. She got no sleep either by day or night, and her agony was at times so great that it took two people to hold her in bed. A skillful doctor was called in but did no good. "My cheeks would swell up as big as saucers," said Mrs. Smith. "My eyes were as red as fire and there was no getting rid of the pains in the head. I suffered also from a sluggish liver and weak heart, and at times my eyesight was so bad that objects before me seemed but dim shadows, and there was none of my friends who looked for my restoration to health. I saw an account in a newspaper of a cure similar to mine through the use of Dr. Williams' Pink Pills, and my husband urged me to try them. Before two boxes were used the pains had disappeared as if by magic and the continued use of the pills for a little more than a month, has left me enjoying as good health as ever I had in my life. I consider Dr. Williams' Pink Pills a blessing, and as I know there are thousands of women who suffer in silence from troubles having the same origin as mine, I am grateful enough for what they have done for me to tell my story in the hope that some suffering sister may be similarly helped, and you have full permission to publish what I have told you, which statements can be verified by any of my neighbors." The statements made by Mrs. Smith prove the unequalled merit of Dr. Williams' Pink Pills, and as there are thousands of women throughout the country similarly troubled, her story of renewed health will point to them the remedy which will prove equally efficacious in their cases. Dr. Williams' Pink Pills are especially valuable to women. They build up the blood, restore the nerves, and eradicate those troubles which make the lives of so many women, old and young, a burden. Dizziness, palpitation of the heart, nervous headache and nervous prostration speedily yield to this wonderful medicine. They are sold only in boxes, the trade mark and wrapper printed in red ink, at 50 cents a box or six boxes for \$2.50, and may be had of druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont.

TORONTO CONSERVATORY OF MUSIC.

The present season of the Toronto Conservatory of Music, which is now nearing the close, has been one of unusual success, the attendance of students being the largest in the history of the institution. Always to the front in matters of enterprise and progress, as becomes our pioneer musical institution, it makes special announcement in our advertising columns of a "Special Summer Normal Session," which must be of interest to teachers of music, advanced music students, organists, teachers of elocution, public speakers, readers and many others interested in music and elocution. A Prospectus of the Summer Session and the Conservatory Calendar are sent free to applicants.
