
Seasonal service

What is it?

- ✓ Your service can be suspended while you are away, enabling you to enjoy the benefits of your local service, i.e., you can keep your phone number, any services or optional features, as well as directory listing(s).
- ✓ During the time your service is held, callers will hear a recorded message, "the number you have dialed is not in service."
- ✓ For a small fee, your calls can be intercepted and callers will be given the number where you can be reached.

Benefits of seasonal service

- ✓ You can continue to use your *Calling Card* and receive discounts you currently get on your long-distance calls.
- ✓ Bills will be forwarded to the address of your choice.
- ✓ Service is restored on a date that you choose.
