

2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.
3. Capital represented by ships and aircraft operated by an enterprise of a Contracting State in international traffic and by movable property pertaining to the operation of such ships and aircraft, shall be taxable only in that State.
4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

## V. METHODS FOR PREVENTION OF DOUBLE TAXATION

### ARTICLE 23

#### Elimination of Double Taxation

1. In the case of Canada, double taxation shall be avoided as follows:
  - (a) Subject to the existing provisions of the law of Canada regarding the deduction from tax payable in Canada of tax paid in a territory outside Canada and to any subsequent modification of those provisions -- which shall not affect the general principle hereof -- and unless a greater deduction or relief is provided under the laws of Canada, tax payable in Denmark on profits, income or gains arising in Denmark shall be deducted from any Canadian tax payable in respect of such profits, income or gains.
  - (b) Where a resident of Denmark derives a gain, referred to in paragraph 6 of Article 13, which may be taxed in Canada, Canada shall, subject to the existing provisions of the law of Canada regarding the deduction from tax payable in Canada of tax paid in a territory outside Canada and to any subsequent modification of those provisions - which shall not affect the general principle hereof - allow as a deduction from any tax payable by that person in respect of such gain, an amount equal to the tax paid in Denmark on that gain.
  - (c) Subject to the existing provisions of the law of Canada regarding the taxation of income from a foreign affiliate and to any subsequent modification of those provisions -- which shall not affect the general principle hereof -- for the purpose of computing Canadian tax, a company which is a resident of Canada shall be allowed to deduct in computing its taxable income any dividend received by it out of the exempt surplus of a foreign affiliate which is a resident of Denmark.
  - (d) Where in accordance with any provision of the Convention income derived or capital owned by a resident of Canada is exempt from tax in Canada, Canada may nevertheless, in calculating the amount of tax on other income or capital, take into account the exempted income or capital.

The terms "foreign affiliate" and "exempt surplus" shall have the meaning which they have under the Income Tax Act of Canada.
