The Dalhousie Review

HERBERT L. STEWART, EDITOR-IN-CHIEF

HALIFAX, N. S.

23rd. Feb., 1928

Principal Sir Arthur Currie,
McGill University,
Montreal.

Dear Sir,

I have heard with much pleasure that you will write the article on Earl Haig for the April issue of The Dalhousie Review. For an article on so important a subject, and written with such direct knowledge, I should like to reserve the first place on the table of contents, and I shall keep this as long as I can. But as we must go to press in time to publish on the First of April, the time is necessarily shortest for the articles that come early in the list.

If you can let me have the manuscript by the 10th of March, it will smooth difficulties. The Dalhousie Review is much indebted to you for allowing this invasion of your time, and we think the magazine most fortunate in securing so authoritative an account of so great a man.

With many thanks,

Sincerely yours,

Herbert L. Stewart
Editor.
