

TACKABURY'S NEW TOPOGRAPHICAL ATLAS OF THE DOMINION.

THIS Elaborate Work is the most complete of any work of the kind published in this country. The size is 14 x 18 inches. The first 100 pages are letter-press matter.

PHYSICAL GEOGRAPHY, by T. STERRY
GEOLOGY, by T. STERRY
Geological Survey of Canada, illustrated and prepared under the direction of the Geological Survey, by T. STERRY.
ZOOLOGY, by T. STERRY
HISTORY, by T. STERRY
CANADIAN GEOGRAPHY, by T. STERRY
EDUCATION, by T. STERRY
CLIMATE, by T. STERRY

page Map showing the winter of rain-fall in the different Provinces.

The Maps are double-page Maps of the different Provinces and Territories. A MAP OF THE PROVINCE OF QUEBEC, lettered in French. A COUNTY MAP OF QUEBEC, showing the divisions and lots of the towns, villages and posts.

There is an alphabetical index to all the places shown on the Maps, with the number of miles from Montreal to the last place mentioned.

The price is very low, and the work is accessible to the pupil, but of the utility of the work, the knowledge of the greatness of his country, and the schools furnished at a discount.

Address **GEORGE N. TACKABURY**, Publisher of Tackabury's Maps of Canada, 23 St. Nicholas st., Montreal.
