

The Boundary Line of Survey of half Lot No. 25, run by Tuffy, Deputy Surveyor, in 1785 or 1787, is the erroneous and defective Eastern Side Line of said half Lot, in the first Concession of Seignory No. 1, or Township of Kingston; and it also became the erroneous and defective Eastern Boundary Line of the said Seignory No. 1, or Township of Kingston, limiting the Town of Kingston. Conclusively, therefore, from the foregoing premises, the Diagonal Line of Survey run out by Deputy Surveyor Aitken, between the year 1794 and 1797, is the true Boundary Line, or Eastern Side Line and limit of half Lot No. 25, containing one hundred acres of land, expressed in the Government Patent, and confirmed by the Statute 59th of George Third, 1818; and also the inference or conclusion is just that the said Diagonal Boundary Line is likewise (embracing the angular extension) the true unalterable Eastern Boundary Line of the Township of Kingston, limiting the Town, and confirmed by the Statute 38th of George Third, 1798; and there is none other.

The foregoing statement of facts, embraced in the History of Surveying from the year 1783, and which also have been published, supported by documents and authorities in Mentoriana, it is expected will enable and induce the owner of half Lot No. 25 to establish the true Boundaries of the said Lot; and by perseverance in prosecuting his rights, ultimately to obtain his vested rights and just quantity of Land, secured to him by his Patent, and confirmed by the Statute Law of the land.
