FIG.		PAGE
31.	Centre of Malpighian Follicle . . . . . <i>facing page</i>	120
32.	Anomalous Shape of Malpighian Follicle . . . . .	121
33.	Edge of a Capillary, showing Discharge of Lymphoid Cells from an adjacent Follicle into the Lumen . . . . . <i>facing page</i>	121
34.	Central Part of a Lymphoid Follicle . . . . .	129
35.	Splenic Metaplasia of Lymph-node . . . . .	156
36.	Transverse Section of a Pulp Cord . . . . .	156
37.	Fragments of Trabeculae . . . . .	157
38.	Splenic Pulp Tissue, showing Fibrosis . . . . .	157
39.	Splenic Pulp Tissue of Puppy, showing Megakaryocytes facing page	161
40.	The Two Forms of Monocyte . . . . .	175
41.	Diagrammatic, showing Morphological Differences between Lymphatic Monocyte and Leucocytoid Lymphocyte . . . . .	176
42.	Phagocytosis in Lymph-channel of a Lymph-node <i>facing page</i>	183
43.	Splenic Tissue in a case of Death from Infection by Bacillus Aerogenes Capsulatus . . . . . <i>facing page</i>	192
44.	Splenic Pulp in a state of Myeloid Metaplasia . . . . .	192
45.	Chart representing Inter-relations between Follicles and Pulpar Tissue . . . . .	193
46.	Graphic Record of the Cell-Formula of the Bone Marrow . . . . .	196
47.	Atrophic Marrow . . . . . <i>facing page</i>	198
48.	Gelatinous Degeneration . . . . .	199
49.	Degeneration of Marrow Cell . . . . .	199
50, 51.	Marrow Film . . . . .	200
52.	Diagram of Structure of the Lymphoidocyte . . . . .	203
53.	The Promyelocyte . . . . .	206
54.	Diagram of some of the Cells of the Myeloic Series . . . . .	210
55.	Leucocytes showing Amœboid Movement . . . . .	213
56.	Neutrophiles from a Case of Acute Pneumonia . . . . .	214
57.	Graphic representation of Arneth's System. . . . .	215
58.	Caryorrhectic Leucocytes in an Inflammatory Area <i>facing page</i>	217
59.	Curves showing effect of certain Organisms on the character of the Cells of the Exudate . . . . .	216
60.	Chart illustrating Arneth's Method . . . . .	219
61.	The Neutrophile Leucocyte . . . . .	221
62.	Lymphocytes in the Breast. . . . . <i>facing page</i>	244
