

CHAP.	PAGE
XXIII. MALARIAL FEVER—ERYSIPELAS	348
Peculiarities of malaria in childhood, 348; malarial anemia, 348; erysipelas, 349; erysipelas neonatorum, 349	
XXIV. DISEASES OF THE RESPIRATORY SYSTEM	351
Respiration in childhood, 357; examination of the chest in children, 352; coryza, 354; ozæna, 355; epistaxis, 357	
XXV. LARYNGEAL SPASM—LARYNGITIS	359
Laryngismus stridulus, 359; infantile spasm (congenital laryngeal stridor), 362; reflex spasm, 364; catarrhal spasm, laryngitis stridulosa, 365; acute laryngitis, 368; acute membranous laryngitis, 371; chronic laryngitis, 371; papillomata of larynx, 374; foreign bodies in the trachea, 375	
XXVI. BRONCHITIS AND BRONCHIECTASIS—ATELECTASIS—ASTHMA	377
Acute bronchitis, 377; symptoms and diagnosis, 378; treatment, 380; chronic bronchitis, 381; bronchiectasis, 384; morbid anatomy, 386; atelectasis or collapse, 388; asthma, 394	
XXVII. PNEUMONIA—BRONCHO-PNEUMONIA	397
Acute lobar pneumonia, 397; situation, sex, age, 397; morbid anatomy, 399; ætiology and bacteriology, 401; symptoms, 401; physical signs, 403; diagnosis, 406; treatment, 408; chronic pneumonia, 410; syphilitic pneumonia, 411; broncho-pneumonia, 411; diagnosis, 413; morbid anatomy, 414; prognosis, 415; treatment, 416	
XXVIII. TUBERCULOSIS—PULMONARY TUBERCULOSIS	419
Tubercular infection, 418; age incidence, 421; channels of infection, 421; generalisation of tubercle, 422; pulmonary tuberculosis, 423; tubercular appearance, 424; symptoms, 424; morbid anatomy, 425; cheesy consolidation, 427; diagnosis, 429; prognosis, 432; treatment, 432	
XXIX. ACUTE TUBERCULOSIS	436
Symptoms, 436; morbid anatomy, 438; diagnosis, 439; treatment, 440	
XXX. PLEURISY AND EMPYEMA	441
Age, 441; bacteriology, 442; symptoms of simple pleurisy, 443; of empyema, 444; physical signs, 446; complications, 450; diagnosis, 451; prognosis, 453; treatment, 454; operation for empyema, 455	
XXXI. TUBERCULOUS GLANDS: LYMPHADENOMA (HODGKIN'S DISEASE)	462
Tuberculous glands, 463; tuberculosis of mediastinal glands, 467; lymphadenoma, 471; diagnosis, 474; treatment, 475	
XXXII. TABES MESENTERICA AND TUBERCULAR PERITONITIS	477
Abdominal tubercle, 477; symptoms of tabes mesenterica, 478; morbid anatomy, 480; diagnosis, 481; prognosis, 482; treatment, 483; tubercular peritonitis, plastic and ascitic, 485; prognosis, 487; treatment, 488
