OPPOSITION TO RECIPROCITY GROWING

Ministers in Trouble With Their Constituents—May Be Motion to Give Measure the Six Months' Hoist—Montreal's Protest Will Be a Surprise When it Comes.

OTTAWA, March 3 (Special).—The opposition to reciprocity grows in every quarter and it is plain now that the Liberals have made the blunder of their lives.

Montreal is slower in speaking than Toronto, but it is more opposed to the deal than even Toronto.

Need Not Come Back. It is now known that only Sir Wilfrid Laurier and Fielding and Patterson of the cabinet knew anything of the deal until it was signed.

So that the whole country has been committed to a transaction without any consultation whatever.

It is said Sir Wilfrid Laurier will speak early next week.

As a result of being knocked from his bicycle by a speeding automobile on Bloor-street near Clinton...

Bystanders saw the men, who appeared to be under the influence of liquor, jump to the ground, and by main force wrench the unconscious man from beneath the car.

No time was lost in informing the police and Dr. E. B. Hardy, at the corner of Bloor-street and Euclid-avenue. He administered first aid and telephoned for the ambulance.

The injured man was hurried to the hospital in a semi-conscious condition and put under an anæsthetic.

At an early hour this morning the hospital physician said that the man was out of danger, the recovery from his many injuries would be very slow.

CRYING FOR A NEW MOON

WASHINGTON, March 3.—Having abandoned seeing reciprocity passed in present congress, President Taft to-day, after returning in his usual long afternoon walk, declared that he had noticed the setting sun, but that he also had seen a new moon in the heavens.

Big Public Meeting in Brockville Denounces Reciprocity—Much Enthusiasm Shown.

BROCKVILLE, March 3.—(Special).—"Be it resolved that in the opinion of this meeting, the proposed reciprocity agreement will be a serious menace to the best interests of Canada and the British Empire, and should be opposed by all true Canadians of party allegiance."

The foregoing was the substance of a resolution adopted amid great enthusiasm at a largely attended mass meeting of the citizens of Brockville and surrounding districts, held to-night at the Victoria Hall, and presided over by H. A. Stewart, K.C.

The various phases of the pact were set forth to an audience that gave a patient and intelligent hearing in the home town of the minister of railways and canals.

Gray, president Teachers' Suffrage Association; Dr. Margaret Johnston, president Medical Alumnae of the University of Toronto; Mrs. Flora Macdonald Denison, president Women's Suffrage Headquarters, Ltd.; Mrs. F. C. Ward, president W.C.T.U.

OPENING OF CEMENT SHOW

Exhibits at Armouries Will Include Most Modern Devices.

From present indications the Cement Show which will open at the St. Lawrence Arena on Monday evening at 8.30 o'clock, promises to be one of the most notable affairs of the kind ever heretofore essayed in Canada.

Despite the fact that he had given "his old, best mother" \$50 last summer, Joseph Vance was sent to the Central Prison for four months when it was shown in police court yesterday morning that he had assaulted and robbed James McMillen.

To Protect Buyers. Hon. J. J. Foy received a board of trade deputation yesterday requesting that an individual or company selling Ontario stock on bloc should be required to make a statutory declaration respecting the number of his creditors.

THOUSANDS JOIN IN MONTREAL PROTEST

Anti-Reciprocity League a Popular Movement in Metropolis of Quebec—Monster Meeting to Be Held in About a Week—Sir William Van Horne on List of Speakers.

MONTREAL, March 3.—(Special).—The speeches of Hon. Clifford Sifton and W. Gerrard have stimulated the opponents of reciprocity to active work here, and it is understood that in a few days a monster meeting of protest will take place in Montreal.

Such men as Sir William Van Horne and others of the same authority will be present on the platform. The people are thronging in earnest, and, irrespective of the fate of the measure at Washington, the campaign will go on.

An anti-reciprocity league has been formed, and thousands of the best people in all walks of life are enrolling their names as fellow workers on behalf of Canadian nationality.

The following is the declaration they sign: 1. I am a citizen of the Dominion of Canada, and a British subject.

2. I am opposed to any commercial reciprocity agreement between Canada and the United States at the present stage of our development.

3. I believe that it is in the best interests of the Dominion to conserve her vast resources for the benefit of her own people, and that we should maintain an absolute independence of action in respect to such measures as we may find it advisable to take, in order to market our products in the highest finished forms, employing the maximum of labor within our own borders.

4. I agree to use every legitimate means to prevent the placing upon our statute book of the reciprocity agreement now under discussion in the house of commons at Ottawa, and if same should become law to work for its abrogation at a later date.

LIBERALS ORGANIZE PROTEST

Campaign Against Reciprocity to Be Launched at Mass Meeting.

While the proposed reciprocity agreement with the United States has already received many smashing blows, it is felt to assume that the protest meeting called for Massey Hall next Thursday night will be one of the most important public demonstrations of feeling yet drawn forth.

It will be rather difficult to apply the usual "Tory Toronto" argument to this meeting, as the work of organization is largely in the hands of representative and influential Liberals.

NO SPLIT ON RECIPROCITY

Premier Declares That Proposed Resolution is Solidly Favored.

Sir James Whitney was indignant yesterday over a report that the Conservative caucus in the legislature was divided on the question of introducing a resolution in the legislature condemning the reciprocity pact.

"There will be a resolution with respect to reciprocity. There was no foundation whatever for the statement in the Star that there was a difficulty in coming to an agreement in the caucus. There has not been any difficulty over the resolution, and there have been no two opinions at the meetings, and there was no delay in coming to a conclusion to introduce a resolution on reciprocity."

John Drew in an English Play. The famous actor John Drew will be seen at the Princess theatre next week in "Smith," a play from the pen of the famous English author W. Somerset Maugham.

A SAD CASE.

G.N.W. CAN'T DISMISS MEN PENDING ARBITRATION

It's a Case of Marking Time Until Differences Are Decided.

International President, S. J. Koenenkamp of the Communications Telegraphers' Union, left last night for Chicago, where he was hurriedly called to confer with federated labor leaders in the matter of the telephone operators of that city, who are seeking affiliation with the telegraphers' union.

As announced in The World yesterday, the committee representing the majority of the Great Northwestern Company's telegraphers, applied for a board of conciliation under the Lemieux Act. This course was made necessary owing to the company's failure to meet the operators' representatives to discuss their grievances.

As provided for in the Lemieux Act, after application has been made to the government for a board, a condition of statu quo will prevail between the contending parties, until a decision has been reached by the conciliators.

The local G. P. R. telegraphers are receiving from 15 to 20 per cent. higher wages than the G. N. W. men. President Koenenkamp will be back on Monday to complete the gathering of data which will be necessary when the board of conciliation meet.

OUR BIG FEATURE

The Sunday World's big feature this week is a full-page article dealing with the public activities of J. L. Englehart, chairman of the T. & N. O. Railway. Mr. Englehart made a fortune in oil, and at his age was entitled to retire and enjoy the fruits of his early years of toil.

HOME RULE FOR IRELAND

Augustine Birrell's Measure Will Be Along Lines of Gladstone's Bill.

LONDON, March 3.—Augustine Birrell, chief secretary for Ireland, speaking at Oxford to-night, indicated that the government's home rule for Ireland bill will be on the lines of Gladstone's second home rule measure, subject to modifications that time has shown will be wise and rational.

Kingston Board of Trade Opposed.

KINGSTON, March 3.—(Special).—The board of trade places itself on record as being opposed to the reciprocity arrangements, even on farm products.

STRIKE AT KING EDWARD FIFTY WAITERS QUIT

Men Say Wages Were Cut and Penalties Imposed—Not Affected, Says Manager.

One of the largest hotel strikes in recent years in Toronto started yesterday, when over 50 of the waiters of the King Edward Hotel walked out without giving any notice.

Manager Bayley declared last night that the walkout would not affect the hotel business, as they already had offers of available men from the various hotels in the city.

The men have a list of other alleged grievances. Some of them declared last night that they had "been treated like dogs," and that the food offered them was unfit to eat.

OTTAWA, March 3.—(Special).—The Canadian parliamentary party which will go to the coronation will probably consist of thirteen members of the commons and five senators.

Another objection to the proposed tax is that the interests affected were given no warning of the government's proposals, and that therefore they had insufficient time to study the situation and realize just what the effect will be upon their businesses.

Several members of the association declared that while any amount of present time would be an injustice, they would prefer a graded license fee to the government's proposals.

TORONTO'S IMPRESSARIO.

Once again Lawrence Solman is to be congratulated. He has done another big thing. The bringing to Toronto of an artist of Tetrastiz's magnitude is an undertaking involving a great deal of work and no small financial risk.

HIGHER RATES THREAT OF HOTELMEN

If Ontario Government Taxes Bar Receipts, Public Will Have to Make Compensation, Says Local Organization—Would Rather Have Licenses Graded.

"The government is simply declaring itself in as a partner in the profits of business. It takes a share of the profits, but assumes no responsibility for the losses," was the way one boniface expressed himself at a meeting of the Toronto Hotelkeepers' Association held yesterday afternoon at the King Edward Hotel, with President Wm. Eassey in the chair.

After a full discussion, a resolution of protest against the government's proposals was passed without a dissenting voice. Steps will be taken to put the views of the hotelmen before the government.

Drastic and Unfair. The consensus of opinion among the hotelmen present at the meeting was that the provincial secretary's bill was drastic and unfair.
