## Woman's Realm---the Household, Fashions and Society

Canadian Yacht Club was fittingly celebrated yesterday afternoon when H.R.H. the governor-general, who is a patron of the club, inspected the fleet and was the guest of honor at a monster garden party at the beautiful clubhouse. The royal party went over from the Yonge street dock by Sir Wm. Mackenzie's yacht, accompanied by the commodore. His Honor the Lieut.-Governor and Lady Gibson and Miss Gibson, Mrs. Aemilius Jarvis and was met on the yacht club pier by the officers of the club in uniform. The royal yacht passed thru the fleet drawn up in two lines and gaily decorated with pennants, the bright corated with pennants, the bright colors of which were repeated in the lovely autumn flowers bordering the velvety lawn, where two huge mar-quees were erected for tea and the 48th Highlanders' Band was in attendance. The tea tables were especially pretty with an artistic arrangement of crimson and gold flowers in handsome brass vases of all shapes. The governor-general was accompanied by H.R.H. the Princess Patricia, who was wearing a gown of silk embroidered cream net over satin with touches of deep rose color, the same becoming shade facing her wide hat, which was trimmed with cream ostrich plumes dipped with rose. Over the gown was worn a long pale grey wrap. Miss Adam, lady in waiting, was all in grey and a hat with natural ostrich feathers. Mrs. Jarvis, who walked with the governor-general, was in a pearl gray dress trimmed with white guipure and black velvet, and hat with shaded pink roses. Lady Gibson was all in black and a hat with mauve flowers, while Miss Eugenia Gibson wore a blue taffeta tailor made and hat with white

## AUSPICIOUS OPENING OF NEW 'MAISON BOYLE'

The smart women of Toronto who visited this most attractive store yesterday were certainly confronted with a bewilderingly effective scene. The showrooms are decorated in a style that would entitle them to rank with the finest in New York. The exquisite taste displayed would excite attention, apart from the truly handsome nature of every fitting and fix-ture. But it may be taken for granted that the throngs of visitors did not stop long to admire the de-corative side of the store with the latest New York and Paris models around in profusion. Dear, no The feminine instinct is too strong to permit of it. When we visited the "Maison Boyle" yesterday afternoon many were the appreciative remarks we heard. Ladies won't find their suit, coat, dresses or evening gown duplicated and while that is a comfort they have the additional satisfaction of knowing they are wearing a similar creation to that ROSE SYDELL, and Her London wearing a similar creation to that worn by the smartest women in New York and Paris.
