## SHAREHOLDERS TO MEET

Henderson Roller Bearing Co. is  
Proving a Big Tangle.

The Henderson Roller Bearing case will come up at Osgoode Hall this morning at 9 o'clock, when the report of Auditor Edwards will first be considered.

This was agreed on yesterday. When counsel had appeared, Chief Justice Falconbridge said that he had received a letter making grave charges against the company. While under ordinary circumstances this was serious and contempt of court, he would not say it only as having been induced by some of the published statements of declarations made in court. The letter said that there was no possible value on the patents. The justice handed the letter over to the lawyers.

Frank Hodgins complained that he had been refused access to the Toronto Roller Bearing Company's books, but Mr. Riddell explained that it was only during his own absence.

The chief justice thought it would be wise to put an account in permanent charge now.

N. W. Rowley, K.C., pleaded for delay. A meeting of shareholders for January 23, 1906, at which Hugh John Macdonald would be present, Winnipeg shareholders. He also asked for an independent audit of the books.
