SERVICE IN OPERA HOUSE BRINGS LARGE ATTENDANCE

New "Mission" Movement Has an Encouraging Beginning - Rev. Dr. Potts Gives Sermon.

The service held last night in the Grand Opera House under the auspices of the Fred Victor Mission was sucessful beyond expectations. The promoters on their most sanguine calculations looked for an attendance not, 1300 people were present last night at the inaugural of the semi-evangelical movement. On the stage were seated several prominent divines and many leading churchmen, principally of the Methodist denomination. Among the former were Chancellor Burwash, Rev. Dr. Withrow, Rev. Mr. Mitchell and Rev. Dr. Potts.

Rev. Mr. Fitzpatrick of the Fred

Rev. Mr. Fitzpatrick of the Fred Victor Mission presided. Mr. Bull, the president of the mission, explained to the congregated assembly the motives which prompted them to initiate the service, and said that its spiritual possibilities were intended for those mstitch Linen, 90c to \$1.50 who from various and obvious reasons were not identified with any of the mstitch Initialed Linen, \$1.25 city churches. From careful investigation and careful enquiry on the part of the mission he represented, it was found that of the numerous non-churchgoers who are in every part of the city, not one in 50 of the whole number could be conveniently accom-modated in the existing established places of worship, so the necessity of a places of worship, so the necessity of a Sunday service of the kind like the present was very much needed, and if made sufficiently attractive, would be largely availed of and well appreciated. Residents of the city who were without acquaintances, inmates of notels and boarding houses, young people from the United Kingdom, and all others who ought to be at church and are not, would find this Sunday, hight service at the Grand Opera. The opening prayer was offered by Rev. Dr. Withrow, and Rev. Dr. Potts delivered the discourse of the evening. He preached from Act. III., vi, "Then Peter said, sliver and gold have I none, but such as I have give I thee; in the name of Jesus of Nazareth, rise up and walk."

In the interesting method of parallel illustration the speaker applied the

text to the spiritual life which so many need and require, and showed that the unsaved and unconverted were much in the same unfortunate condition as the lame beggar who sat In Black, White and Cream, Chantil-ly, Brussels, Escurial and Sequin Trimmed Nets. by the one whose name he invoked, made the lame man walk, so can the same Jesus, if only appealed to, make the soul of any one rise from its lame and crippled condition of sin and absence of divine grace to that upright position of righteousness and active Christian well being. That as Peter gave to the lame beggar who asked alms something more precious than silver and gold, so would any who would accept salvation find they had obtained something more precious, more joy-giving and more abiding than

anything that wealth or great riches can impart. At the end of Dr. Potts' sermon several men and women held up their Reports have come to the board of health of an outbreak of smallpox in the Counties of York, Peel, Lambton and Kent.

In the latter especially the epidemic is of some extent, and the local practitioners had been treating it as

sion of the feeling of good fellowship between Canada and this country, and in that way it would tend to heal any wounds that might exist. As the secretary says, the visit is to be considered rather social than political.

Sealed tenders, addressed to the undersigned at 25 Toronto-street, Toronto, and endorsed, "Tender for Grading, Ballasting, etc.," will be received up to 5 o'clock p.m. of Wednesday, the 13th day of February, 1907, for the construction of an extension of the Temiskaming & Northern Ontario Railway, including clearing of right-of-way, bridging, grading, ballasting and track-laying, complete and ready for operation, in accordance with plans and specifications prepared by the Chief Engineer of the Commission, such extension being from a point on the T. & N. O. Railway, 100 miles north of New Liskeard, northerly or northwesterly direction, to a point forming a junction with the Grand Trunk Pacific (transcontinental) Railway, a distance of forty (40) miles, more or less.

Plans and specifications of the work may be seen at the office of the Chief Engineer of the Commission at North Bay.

The rails, fastenings and ties will be delivered to the contractor at the southerly end of the work (say 100 miles north of New Liskeard).

Tenders will not be considered unless made on the form supplied by the commission, and signed with the actual signatures of the parties tendering. An accepted cheque on a chartered bank for \$10,000, payable to the order of the Chairman and Secretary-Treasurer of the Commission, or falls or declines to furnish security to the satisfaction of the party whose tender is accepted will be forfeited if such party fails or declines to furnish security to the satisfaction of the Commission for the due completion of the work at the rates, and on the terms stated in the offer submitted. The cheques of parties whose tenders are not accepted will be returned to them on the contract being awarded.

The Commission is not bound to accept the lowest or any tender.
