Dr. Robert E. Wodehouse of the me lical staff of the Hospital for Sick Children has been asked to accept the position of medical superintendent of the Isolation Hospital, a post made North British and Mercantile wacant by the resignation of Dr.

Dr. Wodehouse, who only graduated in medicine from Toronto University last year, will, at the expiration of his present agreement, on Sept. 1, have been connected with the hospital for 14 months. Thru the retirement from the staff next month of Dr. Rolph, he will become senior member. For six months he was associated with Dr. F. B. Wilkinson of St. Margaret's Hospital, Sarnia. His home is in Blenheim Dr. Wodehouse, while he might be considered young for the undertaking of the important duties that will be as-signed him, should he accept, has shown energy and marked ability, and Dr. Sheard is convinced that he would prove a capable successor to the re-tired medical superintendent. The sal-ary will be fixed at about \$1200 a year. Dr. Sheard said yesterday that he would try to complete arrangements this week for the appointing of a tem-perary head for the next few months. Dr. W. F. Bryans has had the conduct of the hospital for the last few weeks but his practice will not permit of his giving the necessary time.
