LADY MEMBERS ACCEPTED.

Step Forward by the Inde-
pendent Foresters.

HOW IT ALL CAME ABOUT.

Tale of Strenuous and Successful
Effort.

A Chat With Mr. G. A. Harper, a S. C. R.

"Companions of the Independent
Order of Foresters."

(Assessment Plan.)

Always anxious to pay our daily visit
to the tent of the I. O. F. at the Ex-
hibition, partake of the charming hos-
pitality freely offered and enjoy the re-
freshing breezes ever blowing near this
famous tent, we hurried over earlier
than usual yesterday, and great good
luck it was for us, as we had the plea-
sure of meeting Mr. G. A. Harper,
A.S.C.R., and hearing something about
the new order for women in connection
with the I.O.F. that everyone is talk-
ing so much about. By the way, an Ameri-
can lady told me the other day that
the Canadian Women were away behind
the Americans in this matter, as the
societies of the Companions of the In-
dependent Order of Foresters were domi-
nant all over the United States.

Dr. McGargart, 78 Beverley-street,
this city, on the merits of his method
of treatment for rheumatism. He holds,
with the leading medical authorities,
that rheumatism is a disease, and as
such he has successfully treated it.

"Dyke's New Vegetable Cure for Im-
pempence," a liquid medicine, purely
vegetable, almost tasteless, and odorless,
is the only restorative the Doctor ad-
ministers.

Dr. McGargart explained that in July
last a scientific method, highly com-
mended by prominent authorities in
Great Britain and Ireland, known as
the Dyke Cure for Impempence, had
been introduced into London, Ont., and
Toronto. Up to the present time scores
of applicants for the treatment through
him have been restored to health and
happiness, having lost all desire for all
kind of medicine.

That it is a home treatment is much
in its favor, as it saves the time and
expense of going to an institution to be
cured. With the Dyke Cure, not even
an hour need be lost from a patient's
daily calling while taking the remedy.

Another favorable feature is that it can
be taken without any publicity, as it
can be kept from the knowledge of the
nearest neighbor.

The Dyke Cure consists of a purely
vegetable compound, and its principal
features are that no injections of any
kind are used, nor is gold or other
material introduced into the system of the
patient.

The Dyke Cure removes all tendency
to dropsy, diabetes and other diseases
of the kidneys arising from alcoholism.

Dr. McGargart showed The World
number of letters attesting the success
of his method of treatment, which are
only a small portion of the testimonials in favor
of the Dyke Cure from all parts of
Great Britain and Ireland, as well as
from London, Toronto and other places
in the Dominion.

Chas. Boeckh & Sons, Brushes, Brooms
and Woodware.

It is, we think, universally admitted
that in manufactures of wood Canada
stands foremost in the world, and as
a quality of goods turned out and
facilities of manufacturing same.

Our country is unrivalled in the world
for variety and quantity, whether we
consider the pine and fir of the West
or the maple, spruce and elm of the
East.

Among the leading industries of this
country is the manufacture of wooden-
ware, such as pails, tubs, washboards,
clothespins, butterware, etc., all of which
lines are here brought to a state of
perfection which cannot be excelled in
any country.

In addition to their brush and broom
works the firm of Chas. Boeckh & Sons
also have a special woodenware busi-
ness, and besides manufacturing a num-
ber of articles in this line, have the
exclusive agency here for the justly
celebrated Newmarket woodenware,
manufactured by the William Cline &
Sons Mfg. Co., Limited. All kinds of
pails and tubs are turned out at the
Newmarket factory, where a specialty
is made of meeting the wants of the
packing trade. All such goods as bird
pails and tubs, pails, syrup and paint
pails, oyster and pickle packages, etc.,
are handled by Chas. Boeckh & Sons
in our line, and shipped to all
points between the Atlantic and Pacific
coasts.

Their Globe and Jubilee washboards
and "Star" clothespins are the best
known goods of their kind on the mar-
ket to-day, and are handled by all lead-
ing dealers.

Chas. Boeckh & Sons' stock also com-
prises a full line of the best makes of
baskets, cordage, matches and grocers'
sundries, and their commodious ware-
house, offices and sample rooms at 80
York-street, Toronto, and 1 and 3 De-
Boreo-street, Montreal, enable them
to handle this large line of goods
economically, and the trade have found
it a very great advantage to be able
to purchase and have their staple lines
all come from one source.

The agency in Winnipeg is under the
care of Mr. J. E. Dineen, and in Van-
couver, of Messrs. William Tait & Son,
at both of which places stocks are car-
ried. With an agency for the Province
in Glasgow, Scotland, under Mr. W. R.
Wilson, and with travelers covering Ont-
ario, Quebec and the Eastern Maritime
Provinces this firm have a very large
territory to supply, and are thus en-
abled to manufacture in very large
quantities, thereby reducing the cost to
the lowest possible point. A fully illus-
trated catalogue (B) will be promptly
sent to the trade upon application.

Nonchalant by Best.

The favorite S.S. Melbourne of the
Merchandise Line will leave Toronto at
3 p.m. to-day on her regular weekly
trip to Montreal by way of the Thous-
and Islands and St. Lawrence River.

The very low rates in force for the bal-
ance of the season by these steamers
make it a favorite trip, and each sail-
ing carries a number of Torontonians.

The rates are \$6 one way and \$10
round trip, including meals and berth,
and tickets and berths may be procured
of A. F. Webster, N.E. corner King
and Yonge-streets.

Costly Household Furniture by Auction.

Messrs. C. M. Henderson & Co. are
advertising the sale by auction of the
costly furniture in the residence of Mr.
J. M. Eager, No. 98 St. George-street,
who is leaving for California. The sale
is fixed for Tuesday, the 28th inst. A
perusal of the advt. in another column
will give one an idea of the value of
the goods to be offered.

Stalland Landing Bridge.

The York County Commissioners met yester-
day and disposed of a number of ac-
count books which have been outstanding for
some time. The contract for repairing John-
ston Landing bridge was awarded to Joshua
Goodwin, at \$15.

The Royal Grenadiers.

The Royal Grenadiers will parade at
the Armouries in drill order on the
evening of Thursday next and each suc-
ceeding Thursday until further orders.

A THRESHER'S LIFE

One of Exposure to Inclement and
Changeable Weather.

He Easily Falls a Prey to Disease—Rheumatism One of the Natural Results—One Who Suffered for Years Gives His Experience.

From The Intelligence, Belleville, Ont.

It is doubtful if there is any other oc-
cupation more trying to the constitution
than that of the thresher. Exposed to
the rains and storms of the autumn ses-
son, and at the same time choked with
the dust consequent upon threshing, he
easily falls a prey to disease. Mr.
Jos. H. Davis, a resident of the Town-
ship of Wicklow, Hastings County, fol-
lows the threshing machine some
months every fall. For eight or nine
years he was subject to attacks of in-
flammatory rheumatism. The disease
usually made its appearance in the fall,
and continued throughout the winter,
causing not only much suffering, but
great inconvenience. Mr. Davis' most
serious attack occurred during the win-
ter of 1888. It first made itself man-
ifest by the swelling of the right hand,
and before twenty-four hours had passed
the disease appeared in the left hand,
through the whole system, and the legs
were swollen to an abnormal size, so
much so that the joints were not visible
through the swellings. For two months
the trouble continued, and during that
period Mr. Davis was unable to put on
his own clothes, and the pain he en-
dured almost passed comprehension. One
day after another was tried, but with
no success. "I felt hardly any relief,"
said Mr. Davis, "how much money I spent
on doctors and medicine, but it amount-
ed to a constant nuisance, and yet I
would most willingly have given my
farm to be rid of the terrible pain I was
forced to endure. But all my expendi-
tures seemed of no avail, and I began
to despair of a cure. At this juncture,
acting on the advice of a friend, I be-
gan using Dr. Williams' Pink Pills. The
first six boxes I used seemed from out-
ward appearances to have had no effect,
and I felt almost like giving up in de-
spair. I thought, however, that possibly
that was not a fair trial for one in my
condition and I procured a further sup-
ply. By the time I had used three boxes
more there was a considerable improve-
ment noticeable in each of my limbs.
I continued using Dr. Williams' Pink Pills
until I had taken eighteen boxes, by
which time every vestige of the pain had
left me, and I was feeling in every re-
spect a new man. I believe that the
cure is permanent for I have not
known what it is to suffer with rheu-
matism since."

It will thus be seen that Dr. Wil-
liams' Pink Pills released Mr. Davis
from the painful and distressing con-
dition of a comparatively small expen-
diture, and that he is now able to
measure of relief. It is obvious there-
fore that if Dr. Williams' Pink Pills has
been so successful in curing Mr. Davis,
it will be equally successful in curing
any other case of rheumatism. Every
box of the genuine Pink Pills has the
mark of the wrapper around the box,
and the purchaser can protect himself
from imposition by refusing all others
which do not bear this mark. Each
box contains ten boxes of pills, and
six boxes for \$2.50.

CAN THIS BE TRUE?

It is Claimed in France That the Count
of Turin Was a Coat of Mail
During the Duel.

The Marquis de Fontenay writes: The
Count of Turin, nephew of King Humbert
of Italy, and who has hitherto figured as
an honorable captain of the French army,
a member of the Chamber of Deputies,
and a member of the French Academy,
has just been promoted by Emperor William
to the rank of lieutenant-colonel of that corps.
The Emperor selected this promotion as a
measure of reward for his services in the
war of 1870-71, and as a mark of his
affection for the Count. It is obvious that
the Count is a man of great worth and
ability, and that he is a man of great
courage and bravery. The Count is a
man of great worth and ability, and that
he is a man of great courage and bravery.

A Fine to Crawl Into.

A Toronto despatch to The New York
Journal states that Postmaster-General
Atuloch is one of the many officers of
the new roller boat that was launched
at the Victoria shipyard. A. was
stated to The World last night that the
profrigate is to be named after the
Canadian evidently wanted something to
crawl into and hide when Tarté "busts"
the Government.

Dyspepsia or Indigestion is occasioned by
the want of action in the biliary ducts, loss
of vitality in the stomach to secrete the
acid which is necessary for the digestion
of food; also, by the principal cause
of indigestion is the use of indigestible
food, taken before going to bed for a while,
and by the use of indigestible food, taken
before going to bed for a while, and by the
use of indigestible food, taken before going
to bed for a while.

Baptist Mission.

At the meeting of the Baptist Foreign
Mission Board yesterday, Rev. A. B. Reekie,
B.A., was appointed missionary to
Bolivia, a new mission to be opened under
the Canadian Baptist Convention. Mr.
Reekie, having visited there last year, re-
ported strongly recommending the found-
ing of a mission in that country, and vol-
unteering to take charge of it. He will
probably leave for Bolivia about November.

Your American Visitors will want Amer-
ican lager; the only perfect American
lager is Pabst's, sold by all first-class
hotels and wine merchants.

Chapman Not a Dead Politician.

Quebec, Sept. 10.—Hon. J. A. Chap-
man, Lieutenant-Governor of this Pro-
vince, announced on his recent trip to
Salem, Mass., that he will re-enter polit-
ics after his term expires in December
next.
