

ASSESSMENT SYSTEM

The Canadian Order of Chosen Friends.

This progressive fraternal insurance order had a most successful year during 1900, doing better than any previous year in the matter of approved applications. The month of November gave \$28,000,000 and the whole year the large number of \$227, which for a purely Canadian institution is remarkably good progress. The total membership is about 22,000. So far the large number of 2118 applications have been received during the year 1901, being \$35 more than at the same date last year. This society admits ladies on the same terms as gentlemen, finding them equally good risks. This special feature has assisted in making the order very popular, as it has many ladies in its ranks.

The rates of assessment are very moderate, and the following are a few samples of the same:

At the age of	On \$1000 of Insurance.
15 years	0.00
20 years	0.00
25 years	0.00
30 years	0.00
35 years	0.00
40 years	0.00
45 years	0.00
50 years	0.00

The rates in the hazardous class are \$3.00 per year greater than the above, or in other words an increase of 30c per month on each \$1000 of Insurance.

The sick and funeral benefit department of the order is also very popular, and both sides, as the ladies are also admitted to this department. The following gives a few samples of its rates:

At the age of	Male	Female
15 years	\$2.00	\$2.00
20 years	\$2.00	\$2.00
25 years	\$2.00	\$2.00
30 years	\$2.00	\$2.00
35 years	\$2.00	\$2.00
40 years	\$2.00	\$2.00
45 years	\$2.00	\$2.00
50 years	\$2.00	\$2.00

The rates for the hazardous class are slightly higher than those above quoted. The benefits given are very liberal and include a funeral benefit of \$250. The Canadian Order of Chosen Friends has always continued its operations in the Dominion of Canada. It is purely Canadian and has no connection with any society of a similar name. A few more good organizers are wanted. Liberal terms to the right men. Write to W. P. Campbell, Grand Organizer, or William B. Montague, Grand Secretary, Hamilton, Ont. SETTLEMENT YET AFAR OFF.

Said the Steel Combine Refuse to Discuss Any Proposal.

Pittsburgh, Pa., Sept. 12.—The air was again full of rumors to-day that the strike had been settled. The absence of President Shaffer from Amalgamated headquarters all day up to 4 p.m. lent color to the report. By many Mr. Shaffer was supposed to be in New York in conference with President Schwab, and others were convinced that he was in conference with the American Tin Plate officials discussing a proposal to settle the strike so far as that company was concerned. When President Shaffer finally appeared at headquarters he dispelled all hopes by saying there was no change in the situation. Immediately after arrival at the office, Mr. Shaffer called the National officers to his room for a conference which lasted about an hour. It was impossible to learn what the talk was about.

It was said at Amalgamated headquarters to-day that the steel combine had refused to entertain any further propositions of settlement from the Amalgamated Association.

CANADA FIRST.

Lord Roberts has announced the following Canadian officers as entitled to special mention of meritorious service in South Africa:

Borden, deceased; Lieut. (now Captain) P. W. B. Morrison, Second Field Battery; Lieut. (now Captain) Mason, 10th Bde., Toronto.

Lieut. Col. Cartwright served with one of the Imperial forces in South Africa; Major Williams, Major Forrester, and Major Saunders, with the Canadian Mounted Rifles; Capt. Stairs, with the first contingent; Lieut. Borden, with the C.M.R.; Capt. Morrison, with "D" Battery, and Capt. Mason with the first contingent.

A FAST TRIP.

Word has just been received that the "Lake Simcoe" of the Elder-Dempster Line of steamers, on her last trip outward, made the ocean passage in the remarkably fast time of six days, twenty-one hours and thirty-nine minutes. This vessel is the latest acquisition to the already large fleet belonging to the same company, and lying between Montreal and Liverpool.

Rugs and Carpets Away Down.

Mr. L. Babayan, who is now returning from Turkey and Persia with the largest consignment of Turkish and Persian rugs, carpets, palace strips, embroideries, etc., ever brought to Canada, has called to dispose of the balance rugs and carpets at a reduction of 25 per cent. of all his unmarked stock. Mr. J. H. Sien, the manager, will be pleased to treat liberally all of Mr. Babayan's customers and past patrons at 40 East King-street.

JOHANN MOST IN CUSTODY

Most Rabid of Anarchists Locked Up in New York as a "Suspicious Person."

HIS INCENDIARY EDITORIAL

Despots Are Outlaws and It is a Crime to Spare Them, He Says.

New York, Sept. 12.—Johann Most, the most widely known of New York Anarchists and editor of The Freiheit, organ of Anarchists, was arrested to-night by Central Office Detectives Krauch and Fernelson. The arrest was made in a saloon, over which are the offices of the newspaper. Herr Most objected violently to the arrest, but to no purpose, and he was locked up at police headquarters as a "suspicious person." Capt. Titus refused to allow Most to make a statement, the Captain declaring he would not allow the prisoner to pose as a martyr before the public.

His Rabid Teachings.
The complaint against Most, which covers five and one-half typewritten pages, is based on and quotes in full an editorial which Most published in The Freiheit on Sept. 7. The editorial reads in part: "The greatest of all follies in the world is the belief that there can be a crime of any sort against despots and their accomplices. Such a belief is in itself a crime. Despots are outlaws; they are in human shape what the tiger is in the jungle. To spare them is a crime. As despots make use of everything, treachery, poison, murder, etc., so everything should be employed against them. Yes, the crime directed against them is not merely a crime; it is also the duty of everyone who has the opportunity to carry it out, and it will be his glory if it is successful."

Revolution is Defence.
"Revolution is nothing but defence. Murder as an instrument of defence is as allowable as the sword. It is a duty toward society when it is directed against a professional criminal. We know our enemies; we know them all and ourselves personally. There can be absolutely no excuse if they are again spared. Whatever stands on the other side of the line which divides the camp of ruling possessors of power from that of the people, has come under the ban. Let the people carry out the sentence."

We say murder and murderers. Save humanity by blood and steel, poison and dynamite.
After Herr Most was locked up, Capt. Titus displayed a copy of the paper containing the editorial and said: "There is a place on North Brother Island for those who suffer from smallpox and contagious diseases, and other places for those who are insane and those who are dangerous to the community. We can find a place for men who publish such articles as this."

Most's History.
Herr Most's residence is in Brooklyn. The police records show he was arrested in 1886 for making inflammatory speeches in this city. Recorder Smith sentenced him to one year's imprisonment and to pay a fine of \$500. He served his sentence at Blackwell's Island. In 1887 he was again arrested and charged with being the cause of an unlawful assembly and inciting to violence. He was found guilty by Judge Cowling and sentenced to one year's imprisonment. He appealed, but was unsuccessful and served his time. In 1891 Most was again arrested, but not convicted. Capt. Titus spent several hours at police headquarters to-night, which is contrary to his usual custom. When asked if he expected more searchlights to be brought in, he said he did not know.

Most will be arraigned to-morrow in the Central Police Court. Captain Titus refused to say what the technical charge against him would be. The Captain said that Most's arrest was not in connection with the conspiracy charges against Colgoz in Buffalo.

JULY AND AUGUST TRADE.

Ottawa, Ont., Sept. 13.—The Customs Department has today announced the trade figures for the two months ending Aug. 31 last.

The imports for two months increased from \$21,010,000 for the same period last year to \$23,100,470. About a million of this was cotton, and the balance increase is due to a reduction of 25 per cent. of all his unmarked stock. Mr. J. H. Sien, the manager, will be pleased to treat liberally all of Mr. Babayan's customers and past patrons at 40 East King-street.

THE GRATEFUL PEOPLE ARE SHOUTING ITS PRAISE:

I am perfectly satisfied with the Belt. It is helping me every day. It has taken away the pain from my back. W. M. KNIFPEN, Old Springs, Ont.

I can't say too much for your Belt. I feel very thankful to you, as I don't believe the price I paid for the Belt. W. J. FOSTER, Preston, Ont.

DR. McLAUGHLIN'S ELECTRIC BELT

Cures, to stay cured, Nervous Debility, Waste of Power, Vari-cocle, Weakness of Any Kind, whether in Nerves, Stomach, Heart, Liver or Kidneys. It cures Rheumatism, Pains in Back and Shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Prostatic Weakness, Constipation, Dyspepsia, and all troubles where new life can restore health.

There is one certain way to cure weakness—that is, to restore life; one certain way to cure pain—that is, to remove its cause.

How far drugs come from this and how directly the Dr. McLaughlin Electric Belt strikes the mark are shown by the thousands of cures performed in almost hopeless cases by my wonderful working electric treatment after the failure of all kinds of drug medication. The reason is that all pain and weakness result from a loss of organic and nerve vitality. That must be restored. Drugs cannot restore it. Electricity can and does when it is applied right. I apply it right.

CAUTION. Beware of concerns offering a thin piece of felt as a substitute for my cushion electrodes. They have to be soaked in water, which quickly dries and leaves them without current. My cushion electrodes are my exclusive invention and cannot be imitated.

If you have one of these old style, blistering belts I will take it in trade for one of mine. I do this not that the old belt is of any use, for it is not, but to establish the value of my goods with people who have been misled by the false claims of concerns selling a cheap, worthless article.

50,000 CURES It has cures in every town and hamlet in the country. Cures after everything else has failed. Send for book, with full information, FREE. Be cured now, while you can, without costing you a cent if it fails. Call and test it free if possible.
