JUBILEES AND WATERLOOS.

Saturday evening between the Jubilee

Juniors and the Waterloos. The game

was fast. Clean play in the first half resulted in a score of 2 to 1 in favor of

the Jubilee team. In the second half

neither club could get the puck through the goal, but were it not for

the great work of the Jubilee defense

the Waterloo boys would surely have

won out, as time and again the visit-

ors' strenuous endeavors to score were

defeated only by the sharpest kind of

defense work, notably that of Fish, of

the Jubilee team, who is a host in him-self. The teams lined up as follows:

Those subject to recurring colds of this kind, will find relief and cure by using Dr. Wood's Norway Pine Syrup.

It is wonderful the way it checks the Cough and so heals and gives strength and vitality to the lungs that they are

able to resist an attack of cold. Mr. S. Smith, Sidney Mr. S. Smith, Sidney

had a very bad cold which
lasted nine weeks. I tried
various remedies but got no relief, I then bought six bottles of Dr. Wood's Norway Fine Syrup which made a complete cure."

Startling Fatality of Croup

The terror of childhood is croup. It is the most fatal of all diseases among babies and young children. It usually begins with all the appearance of a common cold. The child coughs, is restless, has more or less fever. As the disorder progresses, if relief is

manent, the pulse fails, the face becomes pale and is bathed in cold sweat and the end is not far off. Shiloh's Consumption Cure is a sure cure for croup, as half a century of successful experience clearly shows. Mrs. J. B. Martin, of Huntsville, Ala., writes to the S. C. Wells Co., of Le Roy, N. Y., as

not had, the fever increases and breathing becomes

very difficult. At last this difficulty becomes per-

"GENTLEMEN: I write this letter to tell you what a valuable medicine you have in your Shiloh's Cure. I think it is the greatest remedy ever discovered, and several of my friends to whom I have recommended it are as enthusiastic as I am. My baby, who is now nearly two years old, was brought up on Shiloh, and a fatter or more healthy baby cannot be found in this section. If he

were croupy of a night, had a cough or a cold, one or two doses invariably relieved him. I would not be with-out a bottle of it in the house for ten times the price of it. It has saved me many a dollar in doctor's bills. I will send you a picture of my Shiloh baby if it will be of any service to you."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be refunded in case the medicine does not do everything that is claimed for it. 25c., 50c. and \$1 a bottle in United States and Canada. In England 1s. 2d., 2s. 3d. and 4s. 6d.

TO OUR WOMEN.

Worthless Home Dyes That Cause Serious Losses in Many Homes.

Many of our Canadian women have been so grossly deceived in the year just closed by some worthless home dyes, that some have determined never again to try what is really a pleasant and profitable work when the Diamond Dyes are used.

While we sympathize with the many deceived women, we must say their de cision is not a wise one. Because we have in our midst a few unskilled dye manufacturers, and money-loving mer-chants who for the sake of long profits are ready to sell poor goods, it is not fair to assert that all merchants are actuated by the same unworthy mo-

Deceptive dyes have usually plenty of bulk to recommend them, but this bulk is composed of common, coarse ingredients. Some dyes just have coloring power sufficient to make them dangerous to any ordinary material; others have a small percentage of color virtue with an extra supply of soap grease power. Such are the dyestuffs have wrought ruin to good materials. dresses, skirts, blouses, ribbone, suits for men and boys, and brought consternation to many a trusting and worthy

While it cannot be denied that decep tion has a footing in our land, it is pleasing to know that the Diamond Dyes, representing perfect work, honesty and truth, have brought gladness and profit to thousands of homes. All classes and conditions women have used the Diamond Dves with unvarying success, and during the year 1898, not a failure was reported when the very simple directions were

Diamond Dyes are prepared according to epecial scientific principles, and no other dyes in the world have cost so much to bring to their present standard of excellence. They are the only kind that the wife, mother or daughter can use with confidence and profit.
