

SNAP-SHOTS AT VARIOUS SPORTS

The Forest City bunch proved that they are game, at all events, and with proper coaching, can be turned into a winner. Dundas handled the ball cleaner than the local boys, and their trick plays were very clever.

The Y. M. C. A. runners proved to be good mud horses yesterday, when they outpointed the Seventh Regiment speedsters in the Canadian Club 5-mile cup race. However, a Seventh man finished first in the event, so the "sojer" boys have a little crow coming.

The turkey lost out yesterday, and, according to all accounts, he lost his head completely.

Even if Young Corbett is a "has-been," he proved that his former victories over McGovern were not of the fluke order, by getting a shade the better of him on Wednesday night. The first time the pair fought Corbett administered a sleeping potion in two rounds, and the second time in eleven rounds, at Trisco. McGovern's style of boxing is just to Corbett's liking. Terry bores in Corbett has whipped every boxer that "came to him" in a fight. How it came about that McGovern was a 10-to-8 favorite in the last meeting is beyond comprehension. Young Corbett never would train for 6-round affairs in the past, and the wisecracks might have figured that he would not be in condition for Wednesday's bout. When a man has once been knocked out by another, he is generally an easy mark in the next meeting. Bob Fitzsimmons nearly tore Peter Maher's head from his shoulders with a vicious uppercut in their first meeting, and in the next go, at Langtry, Texas, Bob had the big Irishman beaten before they stepped into the ring, and knocked him out in one round. Those who were at the ringside say that Maher looked like a scared dog when he and Fitz shook hands at the start of the last bout. Maher claimed that he got sand in his eyes and could not see very well at the time, but witnesses of the go say that if he had had a little of the aforesaid sand in his backbone he might have won.

Notwithstanding the fact that London was pretty badly battered up yesterday in the football game, the team is determined to give Hamilton a run for their money tomorrow.

Peterboro Seniors "got theirs" yesterday from the Tigers, 41 to 1. That's almost as bad as the Tigers gave London's seniors a year or two since. Those seniors in Hamilton always did know how to play football.

The Rough Riders, of Ottawa, landed on the St. Patricks to the tune of 10 to 1. Varsity annexed 11 points, and a game from Queen's yesterday, and they were mean enough to whitewash the latter.

Miss Jennie Fletcher, of the Leicester Ladies' Swimming Club, England, a 16-year-old girl, has just beaten the world's 100-yard record for women in the annual gala of the Ravensbourne Club at the Westminster Baths, London. Her time was 1 minute 20.5 seconds. She showed great speed throughout, and the English sporting papers describe her as the finest female swimmer England has ever produced. She swims on her side, using the overhand racing stroke, and has a powerful leg kick, an exact copy, it is said, of Jarvis, whose sister, Clara Jarvis, had a good deal to do with her development. Miss Fletcher won the English ladies' championship about three weeks ago in 1 minute 24 seconds, which was a world's record. The same evening, in the Leeds ladies' championship, she reduced the record to 1 minute 21 seconds, and her latest effort knocks four-fifths of a second off this mark. It is a unique position for a woman to hold in the swimming world—three world's records and a championship inside of a couple of weeks.

James Rice, coach of the Columbia College crew, expects to put in force a plan entirely new at Columbia when the men go to work on the rowing machines, as they will as soon as the weather drives them from the Harlem River. He intends to use the ordinary rowing machine, but in the end of the handle he will have fixed a short oar blade so that the man at the machine can at all times see the exact position of the oar. Besides this Rice expects to have mirrors put up alongside the machines in which the oarsman can watch his own work. Rice believes that the oar blade taken in connection with the mirror will be a great help in teaching the proper way to feather the oar. He finds a disposition on the part of the men to put the oar into the water just before it is fully turned, so that for the first foot the full force of the stroke is lost. He is teaching the men to do away with the quick turn of the wrist to which they have been accustomed, and to use in its place a gradual turn, beginning as the body swings forward.

Although Canadian Rugby is a more open game than the American gridiron game, it is far from being of the lawn tennis variety. What is the matter with having the players wear armor plate, like knights of old?

INDIAN WON ROAD
RACE AT HAMILTON

Tom Longboat, of Caledonia, Beat Off Big Field of Speedy Ones for Herald Cup.

Hamilton, Ont., Oct. 18.—The thirteenth Herald road race around the bay, which was run this morning, was won by Thos. Longboat, an Indian from Caledonia, John D. Marsh, of Winnipeg, was second, and William Lebarre, who won the race in 1901, finished third. The result was considerable of a surprise, as few figured that the Indian had a chance. The time was fast, being within a few seconds of the record for the course, which was made by Sammy Mueller, of Yonkers, in 1904. Longboat was fresh at the finish, and had been pressed mightily easily had beaten Mueller's time. Of the 22 who entered for the big event, sixteen faced the starter at 9 o'clock this morning, but only half that number finished. The race was practically between Longboat and Marsh. The Winnipegger set a fast pace from the start, and had not gone very far until he had all of the other contestants, with the exception of Longboat, beaten off. The Indian hung on determinedly, but was contented to allow Marsh to make the pace until he eventually raced him into submission. It was not until Aldershot was reached that Longboat went to the front. He gradually pulled away from Marsh, despite the determined effort made by the latter. After he had beaten Marsh off it was easy for the Indian, and he came home all alone, finishing nearly three minutes ahead of the second man. Marsh had no trouble in getting second place although Lebarre closed strong at the finish, and was only a minute behind him.

In the betting Longboat was quoted as high as 10 to 1, and there were several tickets issued on him. Marsh was backed down from 10 to 1 to 3 to 1, and Lebarre was heavily placed to show.

The order at the finish and time made was: Thomas Longboat, Caledonia, 1:45:25; John D. Marsh, Winnipeg, 1:52:05; William Lebarre, Hamilton, 1:53:39; Alfred Sellers, Toronto, 1:55:29; Wm. Wallace Matheson, Hamilton, 1:59:38; Norman Paxton, St. Catharines, 1:59:18; Irving Elliott, Hamilton, 1:59:35.

The contestants who did not finish were: James Murphy, Stratford; Joseph Connors, St. Catharines; Louis Marks, Chicago; W. R. Lewis, Hamilton; Edward Cotter, Burlington; Harry Hill and George Adams Hamilton, and A. Little, Winnipeg.

The record for the course which is 19 miles and 158 yards long, is 1:43:42.

"WELL, WE PUT UP A GAME FIGHT, ANYWAY." Expressions Caught by the Advertiser Cartoonist at Yesterday's London-Dundas Rugby Game at Tecumseh Park.

Dundas Boys Too Heavy
for London--Won by 15-2

Home Brews, However, Put Up Scrappy Game Against Big Fellows from Valley.

Greatly handicapped in the matter of weight, and also with some of its best players disabled, the London intermediates put up a real scrappy article of Rugby when they lined up at Tecumseh Park yesterday afternoon against that speedy aggregation from Dundas.

But the London boys' lost, nevertheless. With Bobby Hague off for nearly one-half the game, and whether off almost from the first sound of the whistle, the home-brews could not do a great deal with the big boys from Valley Town, and they went down to defeat by a score of 15 to 2. A good kicking saved them at every turn, and it did what it could to help the home team along.

Dundas Kicked With Wind. Dundas had the wind behind them in the first quarter, and accordingly started to play a kicking game. With a few well-placed kicks, and by dint of steady gains at every plunge through the London line, the visitors soon scored a point on the dead ball line. Whetter, London's great ground gainer, was hurt at this stage, and his place was taken by Complin. Whetter injured his ankle in last Saturday's game with Woodstock, but he nevertheless tried to play yesterday. Dundas showed up badly in passing the pigskin in this quarter, but they outclassed the local boys in tackling. London got the ball on a fumble, and Billy Rowlands went through the line for fifteen yards. Two offside plays put London back twenty yards, and the advantage was lost. Thomson had several good kicks and Bobby Hague made some splendid tackles. Dundas kept the ball in London territory the greater part of the time. A fine catch by Spary, a 25-yard run by Thomson, and a gain of five yards by Hague, carried the battle to the center of the gridiron. Hague was laid out at this stage of the struggle, and subsequently a man was stretched out in nearly every scrimmage, and after every tackle.

Saved by Kicking. In the second quarter London reversed the situation and kept the ball hovering around the Dundas goal, and several times it looked as though the former would score, but Dundas' great kicking saved them at every turn. Wilson and Nelson (captain of Dundas) are certainly wonders at ground gaining. Time after time one of the two would get the ball and dodge the whole London team long enough to advance the ball fifteen and twenty yards. Walker for Dundas made some great runs. Cameron finally got the ball, and it looked like a touchdown for Dundas, but Hague managed to tackle him within a few yards of the coveted line, and he went down with a thud. On the next line-up Martin went around the end and scored a touchdown on a fake tandem buck. Nelson converted.

Score at the end of the second quarter: Dundas 7, London 0.

In the third quarter, London fumbled the ball and Nelson ran around the end and booted it toward the London goal, and then, with the whole team chasing him, he kept dribbling the ball along with his foot until it had crossed the line, when he fell on it for another touchdown.

Thomson's Great Run. Shortly after the ball was put in play again, Thomson, of the London team, made a wonderful run through the opposing line for 35 yards, and the crowd went wild. Dundas soon secured the ball on a fumble, and after failing to make any gains on two downs, they kicked. Another kick, and the ball passed over the London line. Dundas scored another point on a rouse.

In a scrimmage Bobby Hague was knocked out. He was pretty badly shaken up, but refused to get out of the game until he became so weak that he staggered around the field. He was then persuaded to retire. Mason dropped out for Dundas to even up sides.

Dundas then scored on a rouse, making the total at the end of the third quarter, Dundas 15, London 0.

The grueling work began to show on the players in the last quarter, and somebody went down for the count at every move. The water boy at one stage of the game was just about all in himself. Sage showed in this quarter that he is there with the goods on the tackling part of the game. Canfield made several desperate tries for long runs. London managed to score two points—one on a rouse, the other by kicking the dead line.

Final score: Dundas 15, London 2.

Cy Eddy in Game Again

Taken all around, the London boys

are deserving of great credit for the game fight they put up against heavy odds. Both sides played well, and the struggle was interesting at all times. Big Cy Eddy was in the game once more for London, and did well at center. The London boys played a much better game yesterday than they did on Saturday against Woodstock. The superior weight of the Dundas team proved too much of a handicap for them, however, and they went down to defeat.

The line-ups: London—Back, Spary; halves, Whetter, Thomson, Canfield; quarter, Bobby Hague (captain); center, Eddy; wings, McCall, Sage, Carmichael, Smith, Rowlands, Gilmour.

Dundas—Back, Grafton; halves, C. Walker, Nelson and R. Walker; quarter, Quackenbush; snap, Smith; wings, Wilson, Mason, Cameron, Lee, Stitt, Martin; spares, Nelson and Lorimer.

Umpire—Dr. J. G. Kilt.

Referee—Wm. Morrison, Toronto.

TIGERS HAD ANOTHER PICNIC
WITH THE PETERBORO SENIORS

Piled Up Bigger Score in the Second Game Than in First—Varsity Defeats Queen's.

Hamilton, Oct. 18.—The senior O. R. F. U. match between Hamilton and Peterboro teams was played here yesterday afternoon before the largest crowd in the Tigers' history. The weather was very windy and cloudy. The Rooters' Club, with their songs, made it very interesting. The Tigers had some of the junior players on to take the place of the seniors, but the game more interesting to the spectators.

The Tigers were first to score. The first try was made after some scrambling in touch. Moore failed to convert on account of the strong wind. The first quarter stood 5 to 0. The second quarter the Tigers only scored two points, but the bulk of the play was most of the time in Peterboro's territory. Half-time score, 7 to 0. The Herald road race cups were presented to the winners at this juncture.

The third quarter started with the Tigers playing a strong game. A try was scored in a few minutes. Moore again failing to convert; score 12 to 0.

LONDON QUOTTERS
MADE A CLEAN-UP

Even Trimmed Chief of Police on Their Holiday Visit to Exeter.

Half a dozen members of the Forest City Quoit Club went to Exeter yesterday and showed the quoters of both Exeter and Seaforth how to throw the irons.

The Londoners covered themselves with glory, as they captured every game. Not one of them was in serious danger of defeat. Jim Bell, the champion, went along with the London contingent, just to show the natives of the north how to play quoits. In the game with Exeter he was pitted against Ed Treble, the best quoter of the town, whom he took under his wing to the tune of 21 to 15. In the game with Seaforth Jim walked away from McMurray 21 to 7. John Talbot, "the Baddy of them all," also had his eye on the paper, winning by a margin of 7 over Anderson, of Exeter, and 13 over Stuart, of Seaforth. Alex. Wanless rolled up the biggest lead of the day when he defeated Robinson, of Seaforth, by 16 shots.

The London quoters enjoyed the outing very much. When they arrived at Exeter in the morning, they were met by the home club, headed by the chief of police, Wes. Beatty, who assured them there was nothing in the town too good for them. Just to show appreciation of the chief's kindness, Scott trimmed him 21 to 8. The scores:

McIntosh, with 213, and Aylward, with 186-13, were high score and high average respectively, in the first series, and Sage, with 185, and Nichols, with 164-13, were on top of the heap in the second bunch of games. The scores:

Union today, the Rough Riders defeated the St. Patrick's by 10 to 1. It was a battle of the lines, the ball not crossing once. The battle was won and lost by the line divisions. The feature was the appearance of J. G. Kilt, a junior on the Rough Riders' half-back. He proved a wonder and put on a phenomenal game. His stock certainly soared to a sensational height as a result of today's struggle. Frank Woodworth, of Toronto, was referee, and a better one was never seen on the gridiron in Ottawa.

REYNOLDS FOR DETROIT. Detroit, Mich., Oct. 18.—Football and other forms of athletics are booming at the Detroit College. Plans have already been laid for a hockey court for the winter and basket ball players are turning up in a way that gives promise of a fast team this season. Coach Ryan feels sure of a good team. "Babe" Reynolds, members of the last year's championship Toronto University team, and acknowledged to be one of the best wings in Canada, will coach the boys on punting and passing the ball, two departments the Canadians stand away up in.
